Field Policy Manual

CHIEF'S PREFACE

The responsibilities conferred upon us by the California Penal Code and the Welfare and Institutions Code, as well as the obligations of our mission, require that we conduct the business of the Stanislaus County Probation Department in a manner that ensures effectiveness, consistency and professionalism. To that end, this manual contains policies and procedures designed to provide guidance and establish requirements for staff as we perform the business of the agency.

The policies included in this manual are based on applicable sections of law, best practices and sound judgment. Adherence to the policies serves not only to facilitate department operations, but also to protect individual members, the Department and the county from exposures to liability.

While policies contained in this manual are intended to cover all aspects of department operations, it is possible that staff may encounter some situations that may not be covered by a specific policy or procedure. On those occasions staff are expected to seek supervisory or management direction when practicable and exercise sound judgment that reflects compliance with all ethical, legal and mission obligations on the Department.

All staff have an affirmative responsibility to remain knowledgeable of and compliant with the contents of this manual, and to keep abreast of additions and revisions as they are completed and distributed.

Nothing in this manual supersedes the Stanislaus County personnel policies.

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels, and legal mandates. Whenever possible, the Department will use courses certified by the Standards and Training for Corrections (STC) and the California Commission on Peace Officer Standards and Training (POST), and will make every effort to secure special certification if appropriate.

203.3 STANDARDS FOR TRAINING IN CORRECTIONS (STC) ACT: ANNUAL AND CORE HOURS

In conjunction with the State of California Corrections Standards Authority, the Department requires the following mandatory training as approved and certified by the STC Act.

- (a) All department sworn personnel are required to have a current certification in First Aid/AED and CPR.
- (b) Safety Management personnel – Complete all managerial core courses the first year of promotion and 40 hours of elective courses each fiscal year thereafter.
- (c) Supervising Probation Officers and Supervising Probation Corrections Officers – Complete all supervisory core courses the first year of promotion and 40 hours of elective courses each fiscal year thereafter.

All training courses other than those specifically mentioned above are subject to the approval of the member's supervisor, the department training coordinator and department administration.

Clerical and other support staff not covered by the STC Act may request appropriate training through their supervisor, and may be required to attend training when deemed necessary by the Chief Probation Officer.

203.10 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Stanislaus County Probation Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Human Resources Manager or their designee.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Human Resources Manager or their designee. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, members should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Members who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Members should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, members shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use, retention and application of the Department's electronic mail (email) system by members of this department. Email for the purpose of this policy is considered to be all electronic messages, calendar items, tasks and other content in the Probation email system. This policy pertains to all devices used to access or store email content. Email is a communication tool available to members to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve county business activities or contain information essential to county members for the accomplishment of business-related tasks and/or communication directly related to county business, administration, or practices of the Department.

This policy does not supersede or override any regulations promulgated by state or federal agencies that are more stringent or impose additional requirements.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Members using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Members should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by department management. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Electronic Mail

204.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

Members have the same responsibility to retain email content as they would any other form of public record. It is the responsibility of the member to determine if email content is public record. Email content should be routinely deleted unless it would have retained if sent in any other form.

Email content determined to be of public record shall be converted to a PDF and saved to an appropriate file location. It is the responsibility of the end user to move their record email after receipt on department email systems. If the end user is not able to convert their email to PDF, record emails should be printed and retained as paper copy.

204.4.1 RETENTION

Upon migration to Office 365, the Probation email system retains all messages for 2 years. This includes all sent and received email messages regardless of the members actions to delete messages from within their individual email account. After 2 years all email messages are purged and may not be reclaimed.

Forwarding email for the specific purpose of extending the retention period is in violation of this policy. End users are responsible for ensuring that any county email that exists on their non-department email accounts are deleted in correspondence with the Department retention period.

Administrative Communications

205.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

205.2 MEMORANDUMS

Memorandums or emails may be issued periodically by the Chief Probation Officer to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

205.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief Probation Officer. Personnel should use Department letterhead only for official county business and with approval of their supervisor.

205.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief Probation Officer.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Use of Force

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.3 DUTY TO REPORT EXCESSIVE FORCE

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.4 FAILURE TO INTERCEDE

An officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the officer who used force beyond that which is necessary (Government Code § 7286(b)).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Use of Force

the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.

Field Policy Manual

Use of Force

- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Stanislaus County Probation Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.6 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.3.7 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence, or pre-existing medical conditions. While it is impractical to restrict an officer's use of reasonable control methods when attempting to restrain a combative individual, officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once controlled, the individual should be placed into a recovery position (e.g., supine or seated) and monitored for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Use of Force

techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Use of Force

- (b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

Officers shall document the circumstances that led to the use of force and any notable injuries to themselves or the offender(s) in the incident report including a detailed description of the incident, the subject's actions and the officer's response to those actions. When appropriate, statements from witnesses and involved parties will be included. The report shall also contain any medical treatment obtained for the offender and/or officer and any evidence relative to the use of force.

Any observable injury sustained by the officer, offender or other individual should be photographed, as well as any alleged injuries identified by the offender.

See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATION TO SUPERVISORS

Any use of force by an officer shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a Electro-Muscular Disruption Technology (EMDT) (TASER®) or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Clerical Division Policy.

300.6 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail or juvenile detention facility. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the lead officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Use of Force

- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in an incident or other report.
 - 3. The recording of the interview should be distinctly marked for retention and booked into evidence until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and notify the Chief, via chain of command, if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit, to include notifying management through the chain of command that a use of force incident occurred.

Supervisors shall review each use of force by any personnel within their supervision to ensure compliance with department procedures and guidelines and to address any training issues. If any training issues are discovered, it is the responsibility of the supervisor to ensure appropriate training is received and is appropriately documented in the officer's Supervisor Employee Site File.

300.8 ADMINISTRATIVE RESPONSIBILITIES

When the use of force results in serious physical injury or death of a subject in probation custody, department administration (i.e., Chief or Assistant Chief) will immediately initiate an administrative investigation into the circumstances of the serious physical injury or death and if applicable, request the appropriate law enforcement agency to conduct an immediate concurrent investigation.

300.9 TRAINING

Officers, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Subject to available resources, the Training Manager should ensure that officers receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with STC guidelines set forth in Penal Code § 6035, 6036.

See the Training Policy for restrictions relating to officers who are the subject of a sustained use of force complaint.

300.10 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.11 POLICY REVIEW

The Chief Probation Officer or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.12 POLICY AVAILABILITY

The Chief Probation Officer or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.13 PUBLIC RECORDS REQUESTS

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Handcuffing and Restraints

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions, arrests and transportation.

301.2 POLICY

The Stanislaus County Probation Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

301.3 USE OF RESTRAINTS

Only members who have successfully completed Stanislaus County Probation Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 TRANSPORTATION OF DETAINEES

All persons being transported in custody shall be handcuffed behind their back or with some form of department-approved restraint from the time they leave their place of arrest or detention until they arrive and are secure at their destination.

Exceptions to the necessity for handcuffs or other mechanical restraints are limited to the following:

- (a) Persons otherwise immobilized that their chances for escape are nonexistent.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Handcuffing and Restraints

- (b) Persons whose physical stature renders mechanical restraints useless.
- (c) Persons suffering from an injury or other physical/medical condition that the use of restraints is inhumane or potentially dangerous to their health.
- (d) Persons being taken into a public transportation terminal.
- (e) Cooperative persons being transported to or from a non-secure facility.
- (f) Pregnant persons as described in the Restraint of Pregnant Persons subsection of this policy.

Persons in custody shall not be allowed to communicate or come in direct contact with other persons not in custody outside the confines of a secure detention facility, except as required during the course of court proceedings.

To the extent practicable, male and female prisoners should be segregated.

If any person in custody is observed to be suffering from any emotional or behavioral problems, the officer should notify custodial staff as soon as reasonably possible.

Prior to transporting a person in custody and upon completion of the transportation, officers should carefully inspect the rear seat portion of the vehicle to ensure that there are no loose objects that could be used as weapons or other contraband in the vehicle.

Prior to being placed in a vehicle, any secured person shall be subject to a thorough pat-down search for weapons and illegal contraband.

When transporting persons of the opposite gender, arrangements should be made to provide for accompaniment by an additional individual, ideally of the same gender as the person being transported. If solo transportation becomes necessary, the officer shall:

- (a) Notify Stanislaus Regional 9-1-1 (Dispatch) and provide the beginning mileage, the location of where the person is being transported to; dispatch will note/state the time back to the officer. Upon arrival, notify dispatch that the transport is complete and the end mileage. Dispatch will then note/state back the time.
- (b) Travel nonstop to the selected destination.

During automotive travel, all occupants must wear seat belts at all times.

During transportation, the in-custody person shall at all times remain under the custody and control of the transporting officer(s).

301.3.3 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

301.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail, juvenile hall or other facility staff upon arrival at the jail, juvenile hall or other facility that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail, juvenile hall or other facility.

301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucus) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Handcuffing and Restraints

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, if possible, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 APPLICATION OF THE WRAP OR RIPP HOBBLE

The WRAP device is the designated full-body restraint device authorized for use by department personnel.

The RIPP Hobble device is a restraining device used primarily to secure the legs and ankles of a violent/combative individual, which is authorized for use by department personnel.

The WRAP or RIPP Hobble should only be utilized by those officers that have attended and successfully completed training in the appropriate use and application of the WRAP or RIPP Hobble; however, officers may assist other local law enforcement personnel in the application of these restraint devices while under their direction.

The WRAP or RIPP Hobble may be used in the following situations subsequent to an arrest:

- (a) To immobilize a violent/combative individual and limit them from causing injury to themselves or others.
- (b) To prevent a violent/combative individual from causing property damage (e.g., kicking, hitting their head within the vehicle).
- (c) Transportation of a violent/combative individual.

Candidates for the WRAP or RIPP Hobble would include those individuals that continue to attempt self-harm or are a physical threat to others after lesser forms of physical force has been utilized.

If practicable, officers should notify a supervisor of the intent to apply the WRAP or RIPP Hobble. In all cases, a supervisor shall be notified as soon as practicable after the application of the WRAP or RIPP Hobble.

When the WRAP or RIPP Hobble has been applied for a transport, Dispatch shall be notified.

Once the WRAP or RIPP Hobble has been applied, the individual shall never be left unattended. Monitoring of the individual in the WRAP or RIPP Hobble shall be continuous direct visual supervision. Continuous direct visual supervision is defined as an officer constantly in the presence

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Handcuffing and Restraints

of the individual and/or a passenger during a transport in which the WRAP or RIPP Hobble has been applied. The driver of the vehicle is not considered to have direct visual supervision.

- (a) Once applied, absent a medical or other emergency or the individual no longer reasonably appears to pose a threat, the WRAP or RIPP Hobble should remain in place until the officer arrives at the jail, juvenile hall or other facility.
- (b) Once secured and upon being placed in the vehicle, the individual should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the individual's ability to breathe.
- (c) Officers should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to these conditions which may include readjusting the WRAP or RIPP Hobble.
- (d) Individuals who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these individuals be restrained by the use of the WRAP or RIPP Hobble.
- (e) When transported by ambulance the restrained individual should be accompanied by an officer. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the individual.

An incident report is required for all incidents involving the use of the WRAP or RIPP Hobble and shall be completed prior to the end of the shift. The time of entry, the time of release, how the individual was transported and the position of the individual, any known or suspected drug use or other medical problems and the time medical staff assessed the individual upon delivery to the facility shall be included. Additional documentation of pertinent information may include the individual's behavior, attempts to use less restrictive means of control, and injuries sustained while in the WRAP or RIPP Hobble.

When the WRAP or RIPP Hobble is being utilized during a transport, upon arrival to the facility, the individual must be immediately assessed by the appropriate medical staff and cleared for continued retention. Both the facility staff and transport staff also need to conduct their own assessment to determine whether or not the individual can be safely removed from the restraint device.

The procedure for the use of the WRAP within the juvenile institutional facilities is specifically addressed in Juvenile Institutions Policy and Procedure Manual Section 7.15.

301.7 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Handcuffing and Restraints

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

301.8 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

301.8.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

301.9 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints when unusual circumstances occur (e.g. injury to person, allegations of misconduct, threats of a law suit).

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Handcuffing and Restraints

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) The types of restraint used.
- (c) The time the restraint was applied and the time the restraint was removed.
- (d) How the person was transported and the position of the person during transport.
- (e) Observations of the person's behavior and any signs of physiological problems.
- (f) Any known or suspected drug use or other medical problems.
- (g) The time medical staff assessed the individual upon delivery to the facility.
- (h) Attempts to use less restrictive means of control, and injuries sustained while restrained.

Control Devices and Techniques

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Stanislaus County Probation Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

302.3 DEFINITION

- (a) **Impact Weapon/Baton:** A Department approved Impact Weapon is defined as an expandable-type baton.
- (b) **Oleoresin Capsicum (OC Pepper Spray):** A highly concentrated form of red cayenne peppers or a similar substance that affects the mucous membranes of humans and animals, and is considered a "Tear Gas" as defined by Penal Code Section 12401. OC, when applied to the face, typically causes swelling of mucous membranes, involuntary closing of the eyes, gagging, coughing, shortness of breath, and an intense feeling of burning on the exposed skin areas.

302.4 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department and approved by the Chief Probation Officer or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

302.5 RESPONSIBILITIES

302.5.1 UNIT SUPERVISOR RESPONSIBILITIES

The Unit/Shift Supervisor may recommend the authorization of the use of a control device by selected officers of specialized units who have successfully completed the required training.

302.5.2 EQUIPMENT SUPERVISOR RESPONSIBILITIES

The designated Equipment Supervisor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Unit/Shift Supervisor or the designated instructor for a particular control device. The inspection shall be documented.

302.5.3 USER RESPONSIBILITIES

It is the officer's responsibility to conduct periodic inspections of all control devices to ensure they are functioning properly. All normal maintenance, charging or cleaning shall remain the responsibility of the officer using the various devices.

It is the officer's responsibility to immediately report any lost control device to their supervisor.

Control devices are not to leave the department unless being worn/utilized in the field/training or with the prior approval of a supervisor.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Equipment Supervisor for disposition. Incident reports shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

302.6 IMPACT WEAPON/BATON GUIDELINES

A Department approved Impact Weapon is defined as an expandable-type baton. The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, officers shall carry the baton in its authorized holder on the equipment belt or tactical vest. Plainclothes officers may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

- (a) Officers must complete a refresher course on Impact Weapon use at least once every other training year.
- (b) Officers requesting to make modifications to an impact weapon shall request approval from the impact weapon instructor(s) prior to making any modifications.

302.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray may be considered for use to bring under control an individual, groups of individuals, or aggressive animals who are engaging in, or are about to engage in violent behavior. OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

See Procedures Manual on Oleoresin Capsicum (OC) guidelines for further information.

Persons or animals who have been sprayed with or otherwise affected by the use of OC should be promptly decontaminated and provided with clean water to cleanse the affected areas.

Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

302.8 POST-APPLICATION NOTICE

Whenever OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Information regarding the method of notice and the individuals notified should be included in related reports.

302.9 TRAINING FOR CONTROL DEVICES

The Division Director of the Professional Standards unit or their designee shall ensure that all officers who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline and/or removal from their assignment.

303.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

303.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

303.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime.

303.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

303.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

303.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or action resulting in serious injury or death.

303.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or action resulting in serious injury or death, the first uninvolved SCPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

303.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved SCPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any SCPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - (a) Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 - (b) The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information. Public Safety information shall be recorded by the on-scene supervisor.

- (d) Take command of and secure the incident scene with additional SCPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - (a) Each involved SCPD officer should be given an administrative order not to discuss the incident with other involved officers or SCPD members pending further direction from a supervisor.
 - (b) When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers. Notwithstanding the appropriate actions of responding law enforcement officials, the involved officer may be relieved of possession of his/her weapon by the responding Supervisor or Administrative designee.

Stanislaus County Probation Department

Officer-Involved Shootings and Deaths

- (c) The department may request an inspection of the firearm by a person of competent authority to determine its mechanical and /or functional condition, in addition to any other physical examinations that may be necessary as part of the investigation.
- (d) During the period of time that an officer's firearm is being examined and/ or tested, the Chief Probation Officer or his/her designee may authorize the temporary use of another firearm.

303.5.3 SHIFT/UNIT RESPONSIBILITIES

Upon learning of an officer-involved shooting or an action resulting in serious injury or death, the Unit Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief Probation Officer or an Administrative designee.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved SCPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

303.5.6 NOTIFICATION TO DEPARTMENT OF JUSTICE

The California Department of Justice (DOJ) is required to investigate an officer-involved shooting resulting in the death of an unarmed civilian. The Chief Probation Officer or designee should promptly notify the DOJ in all incidents involving an officer-involved shooting resulting in the death of an unarmed civilian, including where it is undetermined if the civilian was unarmed.

For purposes of notification, "unarmed civilian" means anyone who is not in possession of a deadly weapon (Government Code § 12525.3).

The (witness) officer shall do the following:

- (a) Make a complete statement to a Supervisor/Division Director, and criminal and administrative investigators. The statement shall be recorded.

- (c) If a witness officer believes they are potentially subject to discipline and demand representation, they must clearly state this to a supervisor or investigator that attempts to question them.
 - 1. The witness officer shall be allowed to consult with a representative, prior to providing a statement or completing an incident report.
 - 2. If after consultation with a representative, the witness officer declines to provide a statement to the assigned law enforcement investigator, the witness officer shall be compelled to provide a statement to the Internal Affairs investigator.

303.7 PEER SUPPORT OFFICER RESPONSIBILITIES

The peer support officer responsibilities include the following:

- (a) Drive the involved officer to the responding law enforcement agency or Probation Department if requested.

- (b) Notification of the involved officer's family should be done as soon as possible and shall be arranged by a supervisor. The involved officer should make the notification if at all possible.
- (c) In the event of injury or death, the Chief Probation Officer or designee will determine the appropriate process for notifying the involved officer(s) emergency contact.

- (e) As the sole authority to authorize on-duty arming, the Chief Probation Officer may consider any and all factors in determining an officer's continued assignment to an armed position.

303.9 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Officer-Involved Shootings and Deaths

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) SCPD supervisors and Internal Affairs personnel should not participate directly in any voluntary interview of SCPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the officer's choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

303.9.1 REPORTS BY INVOLVED SCPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved SCPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved SCPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved SCPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

Field Policy Manual

Field Policy Manual

Officer-Involved Shootings and Deaths

303.9.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

303.10 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of SCPD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Internal Affairs and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Officer-Involved Shootings and Deaths

officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 5. The Internal Affairs Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

303.11 CIVIL LIABILITY RESPONSE

A member of this Department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

303.12 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Officer-Involved Shootings and Deaths

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators, a supervisor or administration.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Counsel's Office, as appropriate.

303.13 DEBRIEFING

Following an officer-involved shooting or death, the Stanislaus County Probation Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

303.13.1 CRITICAL INCIDENT/STRESS DEBRIEFING (NOT PRIVILEGED COMMUNICATION)

A critical incident/stress debriefing should occur as soon as practicable. The Chief Probation Officer or designee is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g. dispatchers, other non-sworn personnel). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Internal Affairs personnel.

303.13.2 TACTICAL DEBRIEFING (NOT PRIVILEGED COMMUNICATION)

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief Probation Officer or designee should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

303.14 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Supervisor, Division Director and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved SCPD officer to visits by the media (Government Code § 3303(e)). No involved SCPD officer shall make any comment to the media unless he/she is authorized by the Chief Probation Officer or a Division Director. Department members receiving

inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

303.15 REPORTING

If the death of an individual occurs in the Stanislaus County Probation Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Assistant Chief Probation Officer shall meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

Firearms

304.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those officers who are authorized to carry firearms while on-duty.

304.2 POLICY

The Stanislaus County Probation Department will equip its officers with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

See Procedures Manual on Firearms Authorization Qualifications and Assignments Procedures for further information.

304.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Officers shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by an officer who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by officers in the performance of their official duties without the express written authorization of the Chief Probation Officer, Assistant Chief Probation Officer or his/her designee. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

304.3.1 HANDGUNS

The authorized department-issued handgun will be determined by the Chief Probation Officer or his/her designee.

Additional handguns may be authorized by the Chief Probation Officer or his/her designee.

304.3.2 SHOTGUNS

304.3.3 RIFLES

The authorized department-issued rifle will be issued by the Rangemaster on a case by case basis for training purposes only.

304.3.4 AUTHORIZED SECONDARY HANDGUN

Officers desiring to carry department or personally owned secondary handguns are subject to the following restrictions upon written approval by the Chief Probation Officer:

- (a) The handgun shall be in good working order and on the department list of approved firearms.
- (b) Only one secondary handgun may be carried at a time.
- (c) The purchase of the handgun and ammunition shall be the responsibility of the officer unless the handgun and ammunition are provided by the Department.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief Probation Officer or the authorized designee shall approve the ammunition.
- (g) Prior to carrying the secondary handgun, officers shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Officers must demonstrate proficiency and safe handling, and that the handgun functions properly.
- (h) Officers shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

304.3.5 AUTHORIZED OFF-DUTY FIREARMS

The Attorney General of the State of California has rendered opinions that probation officers have the legal ability to carry concealed firearms without a permit while off-duty by virtue of their status of peace officers.

The Chief Probation Officer cannot prohibit an off-duty probation officer from carrying a concealed firearm (72 Ops. Cal.Atty.Gen. 167).

Probation officers have the status of peace officers at all times and therefore fall within Penal Code §25450(b) and can carry concealed weapons without a permit while off-duty (72 Ops. Cal.Atty. Gen. 167).

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Firearms

It is the position of Stanislaus County and the Chief Probation Officer that the decision to carry a concealed weapon off-duty is solely that of the officer and is done without authority or approval of the County. The County of Stanislaus will provide neither a legal defense nor indemnification for any claim arising from such off duty use. The County will not assume responsibility for training officers who wish to carry a concealed weapon off-duty, nor will it allow officers to use any departmental equipment, including firearms and ammunition, nor include said officers in department training or qualification shoots.

304.7.1 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

304.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

304.7.3 WARNING AND OTHER SHOTS

Warning shots or shots fired for the purpose of summoning aid are prohibited.

The Rangemaster shall ensure all officers sign a monthly training log as well as a quarterly qualification log. Training and qualification logs will be kept and maintained by the Rangemaster. The range shall remain operational and accessible to Department officers during hours established by the Department.

The Rangemaster and/or Armorer has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by officers of this department to verify proper operation. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

305.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing suspects to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against probation officer's duty to apprehend violators of the law.

305.1.1 VEHICLE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

305.2 PURSUITS

Use of Code-3 response in any type of vehicle pursuit of an actual or suspected violator of the law using a Probation Department vehicle is prohibited under Probation Department policy. A vehicle pursuit exposes the public, officers, and fleeing violators to the potential risk of death, serious injury, or damage to personal property. The only exception to this policy is if an officer is a passenger in another law enforcement vehicle, which becomes involved in a vehicle pursuit.

If requested by a partner law enforcement agency and/or Dispatch to assist with a vehicle pursuit, officers must respond via radio that they are prohibited from doing so.

- (b) The canine and handler train, work and live together. The canine's attitude may change if the handler is hurt or in danger.
- (c) Call to the handler. If he/she can, he/she will call the canine off.
- (d) If the handler does not respond, position the canine vehicle near the canine with all windows up and with an access door open. Using an authoritative voice, call the canine by name and command the canine to "kennel up"/"load." Secure the canine in the vehicle.
- (e) If the canine appears agitated or aggressive, the assisting officer/individual(s) should contact another handler if possible, or request assistance from another law enforcement agency.

306.14 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine supervisor shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

The handler shall complete all training required by the Probation Department or mandated by the State and maintain all required certifications, training requirements, and logs during the course of the assignment.

All training activities and hours will be documented in the canine's training file and the handler's Supervisor/Employee site file.

Canines

All canine training should be conducted while on-duty unless otherwise approved by the canine Unit Supervisor

306.14.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Stanislaus County Probation Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine supervisor.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

306.14.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular supervision and/or court duties.

306.14.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

306.14.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances weapons, or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Stanislaus County Probation Department may work with outside trainers with the applicable licenses or permits.

306.14.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief Probation Officer or the authorized designee may authorize an officer to seek a court order to allow controlled substances seized by the Stanislaus County Probation Department to be possessed by the officer or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief Probation Officer or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

306.14.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed and tested as requested by the DEA and/or the canine supervisor. The canine supervisor shall inventory/count all controlled substance samples quarterly.
- (e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine supervisor shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Only the handler and supervisor or designee will have access to the locked narcotics container.
- (h) In the event that training narcotics are accidentally spilled or lost, the handler will attempt to have the situation witnessed by another individual. In addition, the handler will attempt to photograph any evidence resulting from the incident. The handler will submit a written report to the supervisor.
- (i) Any unusable controlled substance training samples shall be returned to the Property and Evidence or to the dispensing agency.
- (j) All controlled substance training samples shall be returned to the dispensing agency upon demand by the dispensing agency.

306.15 CANINE RETIREMENT

The determination of suitability for service shall be made by the supervisor and the Chief Probation Officer, in conjunction with input from the handler, trainer and veterinarian. Some factors to be considered, but not limited to, will be:

- (a) The present performance and level of the canine.
- (b) The length of time that the canine can be expected to remain serviceable.
- (c) The canine's health.

If the determination has been made to retire a canine from service, the handler presently assigned to the canine may be given the opportunity to assume ownership and liability of the canine. If the present handler does not desire to assume ownership of the canine, and the canine has had a previous handler, that handler may be given the opportunity to assume ownership. The Chief Probation Officer or designee will determine the final ownership of the canine.

Domestic Violence

307.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through probation supervision and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, and to provide assistance to victims of domestic violence.

307.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

307.2 POLICY

The Stanislaus County Probation Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

307.3 OFFICER SAFETY

Domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

All victim issues or safety concerns shall be staffed with a supervisor or manager as soon as possible, but no later than the same day the information/call is received.

307.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. Responses may include the following:
 - (a) Contacting local law enforcement and requesting a safety check of the victim.
 - (b) Conducting a field visit to ensure the safety of the victim.
 - (c) Conducting follow-up contact with the victim by telephone.
 - (d) Contacting the offender if under the jurisdiction of the Probation Department.
 - (e) Arrest of the offender or return to court for a violation of court orders.

- (b) Upon receipt of information relating to the potential harm or threat to a victim, officers shall exercise due diligence to assess the situation and to take an appropriate course of action to protect victims from harm.
- (c) Officers shall take all appropriate steps to mitigate the threat or circumstances and shall consider the following in determining the best course of action to take:
 - (a) If there is imminent danger, direct the victim, or reporting party, to immediately call 911. Officers shall follow up with law enforcement and provide all pertinent information such as:
 - (a) Suspect information and relationship to potential victim(s).
 - (b) Living arrangements between the victim and the offender.
 - (c) Criminal history including history of violence and/or weapons related charges.
 - (d) Substance use by the offender.
 - (e) Others in the home including children.

 - (d) When in the field or office, and when practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
 - (e) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
 - (f) When practicable and legally permitted, video or audio record all significant statements and observations.
 - (g) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the agency who is investigating the incident in the event that the injuries later become visible. All photographs taken are to remain secured at all times.
 - (h) If the suspect is no longer at the scene, officers should follow up with law enforcement as indicated above and make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek a warrant if appropriate.
 - (i) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

- (j) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has violated their court ordered terms and conditions of probation.
- (k) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take action include:
 - (a) Whether the suspect lives on the premises with the victim.
 - (b) Claims by the suspect that the victim provoked or perpetuated the violence.
 - (c) The potential financial or child custody consequences of arrest.
 - (d) The physical or emotional state of either party.
 - (e) Use of drugs or alcohol by either party.
 - (f) Denial that the abuse occurred where evidence indicates otherwise.
 - (g) A request by the victim not to arrest the suspect.
 - (h) Location of the incident (public/private).
 - (i) Speculation that the complainant may not follow through with the prosecution.

 - (k) The social status, community status or professional position of the victim or suspect.

307.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

307.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution. All victim, suspect and collateral contacts shall be clearly documented in the ICJIS, case management system and/or in a department incident report, when applicable, by the end of the workday on the day the information is received.

307.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Refer the victim to the Court Clerk's Office to obtain information for an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

307.6 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

307.7 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Domestic Violence

the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

- (b) Check available records or databases that may show the status or conditions of the order.
 - 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

307.8 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

307.8.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (c) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Domestic Violence

make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
 2. The threats creating fear of physical injury.
 3. The history of domestic violence between the persons involved.
 4. Whether either person acted in self-defense.
- (d) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

307.8.2 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

307.8.3 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

Search and Seizure

308.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Stanislaus County Probation Department personnel to consider when dealing with search and seizure issues.

Officers assigned to specialized task forces function as members of the task force and shall adhere to policies and procedures of the task force as long as they are not in conflict with law and case law pertaining to searches of persons or property. If written policies and procedures for the task force agency are non-existent, the assigned officer shall adhere to the policies and procedures contained within this policy.

308.2 POLICY

It is the policy of the Stanislaus County Probation Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. Officers have limited peace officer powers (PC 830.5), and in the course of their assignment are expected to exercise search and arrest powers as authorized by law, court order and will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current STC certified training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

308.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of probation supervision activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest provided the search is limited to the person arrested and the area under that person's immediate control, usually defined as within arm's reach
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- In the following exigent circumstances the officer may, with or without a "knock and notice" warning, force entry:
 - When the officer has reason to believe a crime is in progress.
 - When the officer has reason to believe evidence is being destroyed.
 - When the officer is in pursuit of a fleeing felon.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Search and Seizure

- When the officer is rendering mutual aid to another law enforcement officer.
- Pursuant to a court ordered condition of probation or mandatory supervision, or conditions of release on Post Release Community Supervision (PRCS) under the limitations set forth in this policy
- Parole Authorization
- When rendering mutual aid to a law enforcement officer at the direction of the officer or when said officer is unable to assist in the search (i.e., officer is injured, or is occupied in searching/arresting another individual)

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate probation supervision activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

A search is defined as actively seeking out items of a person, property or building not in plain view, including areas and property within a probationer's dominion, access, or control.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

308.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Unless granted prior approval by a supervisor, officers who plan to conduct a search in the field shall carry probation officer identification, wear a tactical vest and body armor, and display their probation officer badge in plain view.
- (b) Officers of this department will strive to conduct searches with dignity and courtesy.
- (c) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (d) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (e) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (f) Officers shall conduct a pat-down search of any person upon arrest by the officer or upon transfer of said person for the purpose of custodial transfer. For safety, arrested persons shall be handcuffed prior to a search. Officers shall also search the vehicle

the arrested person will be transported in prior to transporting the arrested person to a custodial facility for purposes of booking.

- (g) The extent and scope of the search should be dictated by the circumstances. However, in all cases, the officer shall conduct a pat down of the person in custody for weapons, contraband and for the officer's safety.
- (h) Officers are permitted to conduct a pat-down search of individuals who they have reasonable suspicion may be armed and dangerous, when contacted in the presence of or during the course of conducting a probation search.
- (i) Under no circumstances will probation officers conduct or participate in strip searches in the field. Strip searches of arrested persons shall be conducted only by custodial personnel incidental to booking.
- (j) In the absence of the probationer, when conducting searches of a probationer's residence, officers should attempt to contact the probationer or a person who has the ability to maintain control over the home, before executing the search
- (k) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 - 1. Another officer or a supervisor should witness the search.
- (l) The only items which may seized pursuant to any search are:
 - 1. Items which are evidence of a violation of law, a violation a court ordered condition of probation or mandatory supervision, or a condition of release on PRCS.
 - 2. Weapons which are either illegal or which must be seized in order to ensure immediate officer safety.

308.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred. Injuries and/or damage to property should be photographed.
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Discriminatory Harassment

310.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

310.2 POLICY

The Stanislaus County Probation Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

All staff members are required to adhere to Stanislaus County Workplace Harassment, Discrimination and Retaliation Policy, Stanislaus County Personnel Manual- (Employee Conduct/Behavior Expectations Tab 16, pp. 16-19) <http://www.stancounty.com/personnel/pdf/personnelmanual.pdf>

310.3 DEFINITIONS

Definitions related to this policy include:

310.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or

310.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

310.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

310.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and California Civil Rights Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with county or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

310.4 RESPONSIBILITIES

This policy applies to all department members who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief Probation Officer, the Human Resources Manager, or the Chief Executive Officer.

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

311.2 POLICY

The Stanislaus County Probation Department will report all incidents or suspected alleged child abuse to CPS, the District Attorney's office, and the appropriate law enforcement agency as required by law. The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. 311.9 TRAINING

The Stanislaus County Community Services Agency/Child Protective Services division provides training on best practices in child abuse reporting and all members who are mandatory reporters are required to attend.

Victim Assistance/Notification

312.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that crime victims receive appropriate assistance and that they are provided with information from government and private resources.

312.2 POLICY

The Stanislaus County Probation Department is committed to providing guidance and assistance to the victims of crime. The members of the Stanislaus County Probation Department will show compassion and understanding for victims and will make reasonable efforts to provide the support and information identified in this policy.

312.3 CRIME VICTIMS

Officers should provide victims with the applicable victim information handouts.

Officers should never guarantee a victim's safety from future harm but may make practical safety suggestions to victims who express fear of future harm or retaliation. Officers should never guarantee that a person qualifies as a victim for the purpose of compensation or restitution but may direct him/her to the available victim resources.

312.4 VICTIM INFORMATION

The Adult Division Director or the Domestic Violence Unit Supervisor shall ensure that victim information handouts are available and current. These should include as appropriate:

- (a) Shelters and other community resources for victims of domestic violence.
- (b) Community resources for victims of sexual assault.
- (c) An advisement that a person who was arrested may be released on bond or some other form of release and that the victim should not rely upon an arrest as a guarantee of safety.
- (d) A clear explanation of relevant court orders and how they can be obtained.
- (e) Information regarding available compensation for qualifying victims of crime (Government Code § 13962).

Victim Assistance/Notification

- (j) Section 1203.097(b)(4) of the Penal Code requires the officer to attempt to notify the victim regarding the requirements of the offender's participation in a 52-week batterer's program, as well as any victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

312.5 DUTY TO WARN VICTIMS

Officers have a legal duty to warn potential victims, even in the absence of any prior actual relations between Department Officers and the victim(s) if:

- (a) A probationer and/or offender makes threats to injure or kill an identifiable person(s) and such threats are either discovered throughout the course of duties or communicated to the Department Officers.
- (b) The probationer and/or offender is in a situation where it is likely or probable that his/her previous criminal behavior will be repeated.

The duty to warn potential victims is a mandatory duty and, failure to perform this duty or performing it in a negligent manner exposes both the officer and the County to liability for any injuries or damages that occur.

- (a) Non-sworn personnel shall report any threats, made by a probationer and/or offender, to injure or kill an identifiable person to their supervisor immediately.

312.6 NOTIFICATION OF A POTENTIAL VICTIM

Immediately upon discovering that a situation exists in which it appears that a potential victim should be warned, the officer assigned the case will conference it with their supervisor or, if no supervisor is available, a member of Department Administration.

- (a) In a situation where time is of the essence and a delay caused by a case conference would enhance the danger to a potential victim, the officer should utilize his/her best judgment and proceed without a case conference. A decision as to whether to disclose should involve a careful review of the pertinent facts in a case to determine the strength of the need for disclosure.

If the decision to issue a warning to a potential victim has been made, the officer will proceed as follows:

- (a) If there is a direct threat to an individual, the individual threatened or a member of the potential victim's immediate family shall be contacted either by telephone or in person immediately. If such personal or telephone contact is impossible, a written communication will be delivered to the victim in the quickest manner possible.
- (b) If the situation involves a probationer and/or offender either residing or working or otherwise engaged in potentially violent or serious criminal behavior which may be repeated, the officer shall proceed as follows
 1. Instruct the probationer and/or offender to alter the circumstances so that potential danger no longer exists, or notify those in jeopardy of the danger. The probationer and/or offender should be given a very short, but reasonable period of time in which to accomplish this. A means of verifying compliance must be established

2. If the probationer and/or offender either refuses or fails to follow these directives, the officer will, by registered, return receipt mail, notify the parties endangered by the defendant's propensity to commit violent or serious criminal acts
3. Officers shall document all information received and any action taken related to their efforts of warning potential victims in ICJIS within one business day.

312.7 CONFIDENTIALITY OF CRIMINAL RECORDS

Nothing in this policy is intended to eliminate or supersede other areas of confidentiality concerning criminal record information and other sensitive material concerning criminal justice clientele. The duty to warn potential victims does, however, take precedence over the general issue of client confidentiality.

Standards of Conduct

313.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Stanislaus County Probation Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

313.2 POLICY

The continued employment or appointment of every member of the Stanislaus County Probation Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

313.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

313.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

313.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

All members of the department are required to adhere to Board Resolution Number 2005-675, [Stanislaus County Personnel Manual - Tab 16, p. 4 – Employee Conduct and Behavior Expectations – Code of Ethics](#).

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

313.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. The Chief Probation Officer may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command.

Report Preparation

316.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

316.1.1 REPORT PREPARATION

Officers should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned officer to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting officer will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Officers who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Officers shall not suppress, conceal or distort the facts of any reported incident, nor shall any officer make a false report orally or in writing. Generally, the reporting officer's opinions should not be included in reports unless specifically identified as such.

316.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

316.2.1 CRIMINAL ACTIVITY

When an officer responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime or a violation of probation has occurred, the officer shall document the incident regardless of whether a victim desires prosecution. Activity to be documented in an incident or arrest report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-Felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:
 - (a) Use of Force Policy
 - (b) Domestic Violence Policy
 - (c) Child Abuse Policy

- (e) All misdemeanor crimes where the victim desires a report

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved incident report.

316.2.2 NON-CRIMINAL ACTIVITY

The following incidents shall be documented using the appropriate approved report:

- (a) Anytime an officer points a firearm at any person, this action shall be documented in written form. For officers this can be accomplished using one of the two methods:
 1. For those subjects who have an existing Probation-ICJIS page, a contact note shall be prepared.
 2. For those subjects who are not actively open in Probation-ICJIS, an incident report shall be prepared and forwarded to the supervisor for review.
 3. Documentation should include, but is not limited to the following: date and time of incident; subject name(s) and other identifying information (DOB, physical characteristics, etc.); officers present during the incident; and the circumstances for which an officer's firearm was pointed at a particular subject.
- (b) Any use of force against any person by an officer of this department (see the Use of Force Policy)
- (c) Any firearm discharge (see the Firearms Policy)
- (d) Any found property or found evidence

- (h) Whenever the officer believes the circumstances should be documented or at the direction of a supervisor
- (i) When a person in an officer's custody or care requires medical attention or treatment

316.2.3 INJURY OR DAMAGE BY COUNTY PERSONNEL

An incident report shall be completed if an injury occurs that is a result of an act of a County employee. Additionally, an incident report shall be taken involving damage to County property or County equipment.

316.2.4 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require an incident report when:

- (a) The injury is a result of drug overdose
- (b) Attempted suicide
- (c) The injury is major/serious, whereas death could result
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct a member to document any incident he/she deems necessary.

316.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

316.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

316.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

316.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should provide feedback to the officer submitting the report. The original report and the corrections should be returned to the reporting officer for correction as soon as practicable. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

316.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Clerical Division for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Clerical Division may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

- (e) Media inquiries regarding release of juvenile offender information pursuant to Welfare and Institutions Code § 676 shall be referred to the Juvenile Division of the Superior Court.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through the Chief Probation Officer or the Public Information Officer.

317.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by probation department personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present.

317.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

Department members using their title or affiliation with the department shall receive approval of the Chief Probation Officer prior to initiating contact with the media to express opinions or provide information in any form. Nothing in the foregoing is intended to prohibit personnel from exercising their free speech rights as private citizens.

317.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the Chief Probation Officer or authorized member dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.

Subpoenas and Court Appearances

318.1 PURPOSE AND SCOPE

This policy has been established to provide guidelines for the acceptance of subpoenas and to ensure that members appear when subpoenaed, or are available to appear in court when requested and present a professional appearance.

318.2 POLICY

Stanislaus County Probation Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

318.3 COURT SUBPOENAS

Members who receive subpoenas related to their employment with this agency are subject to the provisions of this policy. Members are expected to cooperate with the prosecution to ensure the successful conclusion of a case.

318.4 SERVICE OF SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the member or by delivery of two copies of the subpoena to the member's supervisor or other authorized departmental member (Government Code § 68097.1; Penal Code § 1328(c)).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

Outside Agency Assistance

319.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

319.2 POLICY

It is the policy of the Stanislaus County Probation Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

319.3 ASSISTING OUTSIDE AGENCIES

When another law enforcement agency requests assistance from this department, the Shift Supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling officer unless otherwise directed by a supervisor.

319.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Stanislaus County Probation Department shall notify his/her supervisor or the Shift Supervisor and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

319.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the officer requesting assistance should, if practicable, first notify a supervisor. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

319.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift/Unit Supervisor.

319.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Director or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.

Registered Offender Information

320.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Stanislaus County Probation Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will refer offenders for registration to the appropriate law enforcement agency for registration as sex, arson, gang and drug offenders.

320.2 POLICY

It is the policy of the Stanislaus County Probation Department to formally notify and refer those offenders on a supervised caseload to the appropriate law enforcement agency for registration as directed by the Court.

320.3 MONITORING OF REGISTERED OFFENDERS

The Unit Supervisor should establish a system to periodically, and at least once annually, verify that a registrant on a supervised caseload remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Contact with the offender to show proof of registration.
- (b) Contact the law enforcement agency within the jurisdiction that the offender resides.

Any discrepancies should be reported to the court via a violation of probation report.

320.4 DISSEMINATION OF PUBLIC INFORMATION

Officers will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Officers who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief Probation Officer or Assistant Chief Probation Officer, or their designee if warranted. A determination will be made by the Chief Probation Officer, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website.

321.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

321.2 POLICY

The Stanislaus County Probation Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

321.3 MINIMUM CRITERIA FOR NOTIFICATION

The Chief Probation Officer or their designee shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Chief Probation Officer or their designee will determine if the member has completed and submitted an Emergency Notification & Personal Request Packet. If an Emergency Notification & Personal Request Packet has been completed, the Chief Probation Officer or their designee will follow the request of the member as indicated within the document. If the member has not completed and submitted an Emergency Notification & Personal Request, the Chief Probation Officer or their designee will make the notification. Communications with Persons with Disabilities

322.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

322.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Disability – The Fair Employment and Housing Act defines two categories of disability: physical and mental. A physical disability is defined as one having any physiological disease, disorder, condition, cosmetic disfigurement, or anatomical loss that (1) affects one or more of several body systems and (2) limits a major life activity. A mental disability is defined as one having any mental or psychological disorder or condition, such as intellectual or cognitive disability, organic brain syndrome, emotional or mental illness, or specific learning disabilities, that limits a major life activity, or having any other mental or psychological disorder or condition that requires special education or related services (2 CCR § 11065).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

322.2 POLICY

It is the policy of the Stanislaus County Probation Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to probation services, programs and activities in accordance with Section 504 of the Rehabilitation Act of 1973 as amended (29 U.S.C. 797), the Americans with Disabilities Act (ADA) of 1990, and Title VII of the Civil Rights Act of 1964 (P.L. 88-352). Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

322.3 DEPARTMENT EQUAL RIGHTS OFFICER (EEO OFFICER)

The Chief Probation Officer shall delegate certain responsibilities to an EEO Officer (28 CFR 35.107). The EEO Officer shall be appointed by, and directly responsible, to the Chief Probation Officer or the authorized designee.

The responsibilities of the EEO Officer shall include, but not be limited to:

 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

322.4 FACTORS TO CONSIDER

Because the nature of any probation contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the probation contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Communications with Persons with Disabilities

- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

322.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various probation encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Stanislaus County Probation Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

322.6 TYPES OF ASSISTANCE AVAILABLE

Stanislaus County Probation Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Communications with Persons with Disabilities

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

322.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

322.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

322.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Communications with Persons with Disabilities

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

322.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

322.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

322.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Communications with Persons with Disabilities

322.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as home or school visits, street contacts and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

322.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

322.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interview, this department will provide interpreter services before beginning an interview, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without

an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

322.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

322.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

322.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

322.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Communications with Persons with Disabilities

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

Limited English Proficiency Services

323.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

323.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Stanislaus County Probation Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

323.2 POLICY

It is the policy of the Stanislaus County Probation Department to reasonably ensure that LEP individuals have meaningful access to probation services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

323.3 LEP COORDINATOR

The Chief Probation Officer shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Chief Probation Officer or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Stanislaus County Probation Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each member of the Department. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

323.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that probation contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

323.5 TYPES OF LEP ASSISTANCE AVAILABLE

Stanislaus County Probation Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

323.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

323.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

323.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established County and department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical probation and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interviews, taking statements, collecting evidence or conveying rights or responsibilities.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other County departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

323.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the County which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

323.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other County departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Limited English Proficiency Services

323.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

323.10 CONTACT AND REPORTING

While all probation contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

323.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Stanislaus County Probation Department will take reasonable steps and will work with the Human Resources Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

323.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as home or school visits, and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Limited English Proficiency Services

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

323.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or a violation of probation of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

323.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interviews may have a substantial impact on the evidence presented in a criminal case. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interviews. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

323.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

323.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Limited English Proficiency Services

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

323.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Biological Samples

324.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

324.2 POLICY

The Stanislaus County Probation Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

324.3 PERSONS SUBJECT TO DNA COLLECTION

Those who must submit a biological sample include (Penal Code § 296):

- (a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
- (b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
- (c) An adult arrested or charged with any felony.

324.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

324.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the individual's criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
- (d) In addition to the buccal swab sample, the required print impressions shall be taken.
- (e) All specimens, samples and print impression shall be forwarded immediately to the Department of Justice in compliance with department-approved procedures.

324.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

324.5.1 VIDEO RECORDING

A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule (15 CCR 1059).

324.5.2 CELL EXTRACTIONS

If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

324.6 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

324.6.1 DOCUMENTATION RELATED TO FORCE

The Shift Supervisor shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.

324.6.2 BLOOD SAMPLES

A blood sample should only be obtained under this policy when:

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Biological Samples

- (a) The California DOJ requests a blood sample and the subject consents, or
- (b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

324.6.3 LITIGATION

The Chief Probation Officer or authorized designee should notify the California DOJ's DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state's DNA Data Bank Program.

Chaplains

325.1 PURPOSE AND SCOPE

This policy establishes the guidelines for Stanislaus County Probation Department chaplains to provide counseling or emotional support to members of the Department, their families and members of the public.

325.2 POLICY

The Stanislaus County Probation Department shall ensure that department chaplains are properly appointed, trained and supervised to carry out their responsibilities without financial compensation.

325.3 ELIGIBILITY

Requirements for participation as a chaplain for the Department may include, but are not limited to:

- (a) Being above reproach, temperate, prudent, respectable, hospitable, able to teach, be free from addiction to alcohol or other drugs, and excessive debt.
- (b) Managing their households, families and personal affairs well.
- (c) Having a good reputation in the community.
- (d) Successful completion of an appropriate-level background investigation.
- (e) A minimum of five years of successful counseling experience.

The Chief Probation Officer may apply exceptions for eligibility based on organizational needs and the qualifications of the individual.

325.4 RECRUITMENT, SELECTION AND APPOINTMENT

The Stanislaus County Probation Department shall endeavor to recruit and appoint only those applicants who meet the high ethical, moral and professional standards set forth by this department.

All applicants shall be required to meet and pass the same pre-employment procedures as department personnel before appointment.

325.4.1 SELECTION AND APPOINTMENT

Chaplain candidates shall successfully complete the following process prior to appointment as a chaplain:

- (a) Submit the appropriate written application.

Chaplains

- (e) Complete an appropriate probationary period as designated by the Chief Probation Officer.

Chaplains are volunteers and serve at the discretion of the Chief Probation Officer. Chaplains shall have no property interest in continued appointment. However, if a chaplain is removed for alleged misconduct, the chaplain will be afforded an opportunity solely to clear his/her name through a liberty interest hearing, which shall be limited to a single appearance before the Chief Probation Officer or the authorized designee.

325.5 IDENTIFICATION AND UNIFORMS

As representatives of the Department, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by officers through the inclusion of "Chaplain" on the uniform and not reflect any religious affiliation.

Chaplains will be issued Stanislaus County Probation Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Stanislaus County Probation Department identification cards, with the exception that "Chaplain" will be indicated on the cards. Chaplains shall be required to return any issued uniforms or department property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this department.

325.6 CHAPLAIN COORDINATOR

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Stanislaus County Probation Department.

325.8 PRIVILEGED COMMUNICATIONS

No person who provides chaplain services to members of the Department may work or volunteer for the Stanislaus County Probation Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Stanislaus County Probation Department member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

Child and Dependent Adult Safety

326.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

326.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Stanislaus County Probation Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

326.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Field Policy Manual

Child and Dependent Adult Safety

326.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in an incident report.

326.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

326.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the officer will document in a contact note and may include the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting officer will document in a contact note and may include the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

326.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

326.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the local law enforcement facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

326.5 TRAINING

The Professional Standards Unit is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Service Animals

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

327.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

327.2 POLICY

It is the policy of the Stanislaus County Probation Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

327.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

Field Policy Manual

Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

327.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Stanislaus County Probation Department affords to all members of the public (28 CFR 35.136).

327.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

327.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

327.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

Field Policy Manual

Field Policy Manual

Service Animals

327.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Volunteer Program

328.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

328.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains and interns among others.

328.2 VOLUNTEER MANAGEMENT

328.2.1 VOLUNTEER COORDINATOR

The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. - (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.
- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

Volunteer Program

328.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

328.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
- (b) Employment
- (c) References

328.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

328.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Volunteer Program

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

328.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

328.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

328.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to members on all levels.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Volunteer Program

- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

328.4 CONFIDENTIALITY

With appropriate security clearance (as outlined in the Protected Information policy) , volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

328.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

328.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief Probation Officer or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief Probation Officer or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

328.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

328.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. 329.8 SAFETY AND OTHER CONSIDERATIONS

Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Community members are subject to a criminal history check before approval for participation in certain activities, such as student internships.

329.9 TRANSPARENCY

Probation members inside and outside of secure facilities shall communicate information within the agency about a probationer's sexual orientation or gender identity only if relevant to treatment, case planning, finding effective services for probationers, or to ensure the safety of the probationer. Any disclosure shall be limited to information necessary to achieve the specific beneficial purpose.

331.6 SCREENING AND INTAKE OF JUVENILE PROBATIONERS

Members should be aware that LGBTQI youth are in various stages of awareness and comfort with their sexual orientation and gender identity. Members shall sensitively inquire about fears the youth may have of being harassed in the facility. Booking and Intake Officers will ask youth their sexual orientation and gender identity. Some youth will disclose that they are LGBTQI. However, no youth shall be compelled to disclose. If a youth discloses his/her sexual orientation or gender identity, the Booking or Intake Officer should talk with the youth about it in an open and non-judgmental fashion and determine if the youth has particular concerns or needs related to being LGBTQI.

In particular, members of the Stanislaus County Probation Department shall not imply to or tell LGBTQI probationers that they are abnormal, deviant, or sinful, or that they can or should change their sexual orientation or gender identity.
- (d) Members should use the words gay, lesbian, bisexual, and transgender in an appropriate context when talking with probationers about diversity, and members should not use the value-laden, more antiquated terms, "homosexual", "transvestite" or "hermaphrodite."

331.8 SEARCHES

Probationers shall not be physically searched in a manner that is humiliating or degrading or for the purpose of determining the probationer's physical anatomy.

- (a) If a search is necessary, a transgender or intersex probationer may request that either a male or female staff member conduct the search. Staff shall accommodate this request when possible and consistent with maintaining safety and security. If the probationer has no preference, he or she will be searched by a staff member of the same biological sex.

Restitution

332.1 PURPOSE AND SCOPE

To establish policies for the determination, management, enforcement and aggressive collection of victim restitution orders.

332.2 GUIDING PRINCIPALS

The purpose of restitution is to require both adult and youthful offenders under the jurisdiction of the department to accept responsibility for their conduct and actions by compensating victims for economic losses.

- (a) Victims will be provided with the opportunity to receive reimbursement from offenders for losses incurred as a result of the crime.
- (b) As a general principle, payment of restitution is to be a necessity, not a surplus priority, in the offender's budget.
- (c) It is important for victims to understand that we will make every reasonable effort to aggressively collect restitution in compliance with the Court's order.
 - 1. In juvenile matters, parents and guardians are jointly and severally liable. Victims in whose favor the restitution order has been made shall be notified within 60 days after restitution has been ordered of the following:
 - (a) The name and address of the youth ordered to make restitution.
 - (b) The amount and any terms of conditions of restitution.
 - (c) The offense or offenses that were sustained.
 - (d) The name and address of the parent/guardian of the youth.
 - (e) The presumption that the parent/guardian is jointly and severally liable with the youth for the amount of restitution ordered.
 - 2. In adult matters, victims have the right to receive, upon request, access to all resources available under the law to enforce the restitution order, including, but not limited to, access to the offender's financial records.

See Procedures Manual on the General Provisions Statement for Restitution Determination for further information.

Removable Media

334.1 PURPOSE AND SCOPE

Provide guidelines and standards for the use of removable media with Stanislaus County Probation Department computers.

334.1.1 DEFINITION

Removable media for the purpose of this policy is considered to be any device or media that is readable and/or writeable by the end user and is capable of being moved from computer to computer without modification to the computer. This includes flash memory devices such as USB thumb drives, digital cameras, MP3 players, mobile phones, and PDAs; removable hard drives (including hard drive-based MP3 players); optical disks such as CD and DVD disks; wearable technology devices, and any commercial music and software.

334.2 POLICY

Members may only use removable media provided by the Stanislaus County Probation Department in their work computers. Media not provided by the Probation Department must be approved by Probation IT prior to use in Probation computers. Media provided by the Probation Department may not be connected to or used in devices that are not owned or leased by the Department without explicit permission of the Chief Probation Officer. Sensitive information should be stored on removable media only when required in the performance of your assigned duties.

This policy does not supersede or override any regulations promulgated by state or federal agencies that are more stringent or impose additional requirements.

Records Retention Schedule

335.1 PURPOSE AND SCOPE

Provide guidelines and standards for members of the Stanislaus County Probation Department, specific to probation department records.

335.2 POLICY

See attachment: [Records Retention Schedule draft updated 03-11-2022.pdf](#) for further information.

Conducted Energy Device

336.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the Conducted Electrical Weapon (CEW) TASER®.

336.2 POLICY

The TASER® is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

336.3 ISSUANCE AND CARRYING CEW DEVICE

Only officers who have been authorized by the Chief Probation Officer or their designee to carry a firearm and who have successfully completed department-approved training may be issued and carry the TASER®.

Officers shall only use the TASER® and cartridges that have been issued by the Stanislaus County Probation Department. Officers who have been issued the TASER® shall carry the device in an approved manner.

Members carrying the TASER® shall perform a spark test on the unit prior to carrying the device.

Officers shall carry the TASER® in a holster on the side opposite the duty weapon. Only department provided holsters are allowed. Alternative platforms must be approved by a department TASER® instructor.

- (a) All TASER®s shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two cartridges in the TASER®.
- (c) Officers shall be responsible for ensuring that their issued TASER® is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER® at the same time.
- (e) Officers shall not cross draw the TASER®.
- (f) The TASER® should be utilized with the off-hand and shall not be transitioned to the dominant hand unless exigent circumstances exist.

336.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER® should precede its application unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER® may be deployed.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc, or the laser in a further attempt to gain compliance prior to the application of the TASER®. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER® in the related report.

336.5 USE OF THE CEW DEVICE

The TASER® has limitations and restrictions requiring consideration before its use. The TASER® should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER® is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

336.5.1 APPLICATION OF THE CEW DEVICE

The TASER® may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER® to apprehend an individual.

336.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER® on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Conducted Energy Device

Because the application of the TASER® in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER® shall not be used to psychologically torment, elicit statements or to punish any individual.

336.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER® probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

336.5.4 MULTIPLE DEPLOYMENTS OF THE CEW DEVICE

Officers should apply the TASER® for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER® against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER® appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER®, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.
- (d) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

Officers should generally not intentionally apply more than one TASER® at a time against a single subject.

336.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify dispatch and a supervisor of all TASER® discharges. Expended cartridges, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Conducted Energy Device

336.5.6 DANGEROUS ANIMALS

The TASER® may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

336.5.6 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry Stanislaus County Probation department TASER®s while off-duty.

Officers shall ensure that TASER®s are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

336.6 DOCUMENTATION

Officers shall document all TASER® deployments in an incident report and an arrest/crime report if an arrest was made. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. in sensitive areas (groin, female breast, head, face, neck). TASER® probes lodged in sensitive areas should only be removed by qualified medical personnel. Used TASER® probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

Supervisors shall confirm that photographs of probe sites are taken.

336.9 TRAINING

Personnel who are authorized to carry the TASER® shall be permitted to do so only after completing the initial Stanislaus County Probation department-approved training as verified by an instructor. Any personnel who have not carried the TASER® as a part of their assignment for a period of six months or more shall be re-certified by a department-approved TASER® instructor prior to again carrying or using the device.

Certification training for personnel who have been issued TASER®s shall occur every year.

The Chief Probation Officer, Assistant Chief Probation Officer, Division Managers, supervisors and investigators should receive TASER® training appropriate for the investigations they conduct and review.

The Training Manager is responsible for ensuring that all officers who carry TASER®s receive initial certification and annual recertification. Periodic audits should be used for verification. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER®s will be documented in the officer's training file.

Application of TASER®s during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing off-hand draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.

Chapter 4 - Field Operations

Bias-Based Policing

400.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Stanislaus County Probation Department's commitment to probation services that are fair and objective.

Nothing in this policy prohibits the use of specified characteristics probation activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

400.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

400.2 POLICY

The Stanislaus County Probation Department is committed to providing probation services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide probation services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

400.3 BIAS-BASED PROFILING PROHIBITED

Bias-based profiling is strictly prohibited.

400.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

- (a) In compiling personal information about a person's religious belief, practice, affiliation, national origin or ethnicity.
- (b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

400.4 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Chief Probation Officer or his/her designee shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020).

Hazardous Material Response

401.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to members resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

401.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

401.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or during probation supervision field activity. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

401.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member by completing and submitting the Stanislaus County's On the Job Injury (OJI) and corresponding paperwork which shall be forwarded via chain of command to the Unit Supervisor and Division Director. If the exposure occurs as a result of a probationers' actions and a new law violation will be submitted, a department incident report is also required. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the

Stanislaus County Probation Department

Field Policy Manual

notified supervisor to complete the OJI paperwork. All documents are to be forwarded to Human Resources.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

401.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of members, safety equipment is available through supervisory personnel.

Hostage and Barricade Incidents

402.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

402.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- (b) Unlawfully held against his/her will under threat or actual use of force.

402.2 POLICY

It is the policy of the Stanislaus County Probation Department to jointly address with responding law enforcement hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

402.3 COMMUNICATION

The incident command structure shall be deferred to the responding law enforcement agency. Armed probation officers will assist as directed by the officer in charge.

402.4 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Hostage and Barricade Incidents

- (c) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (d) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (e) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (f) Determine the need for and notify the appropriate persons within and outside the Department, such as a supervisor and administration.

402.5 REPORTING

Officers directly involved in any hostage or barricade situation as defined in this policy will prepare appropriate department incident reports as directed by their supervisor or administrator. Upon request, these incident reports or additional supplemental reports may be prepared and provided to the investigating law enforcement agency.

Response to Bomb Calls

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Stanislaus County Probation Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

403.2 POLICY

It is the policy of the Stanislaus County Probation Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual Bomb Threat Policy; Tab 18-Safety Policies](#).

Crisis Intervention Incidents

404.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

404.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

404.2 POLICY

The Stanislaus County Probation Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its officers' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

404.3 SIGNS

Officers should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Officers should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Crisis Intervention Incidents

404.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief Probation Officer should designate an appropriate Division Director to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

404.5 FIELD CONTACTS

Safety is a priority. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer arriving to a field contact involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) Attempt to determine if weapons are present or available.
- (d) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (e) Secure the scene and clear the immediate area as necessary.
- (f) Employ tactics to preserve the safety of all participants.
- (g) Determine the nature of any crime.
- (h) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (i) If circumstances reasonably permit, consider and employ alternatives to force.

404.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding officers should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Crisis Intervention Incidents

- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

404.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous probation or law enforcement response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

404.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Crisis Intervention Incidents

- (e) Conduct an after-action tactical and operational debriefing, and prepare an incident report to be forwarded to the Division Director.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

404.9 INCIDENT REPORTING

Officers engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Officers having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

404.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

404.11 EVALUATION

The Division Director designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief Probation Officer through the chain of command.

404.12 TRAINING

Behavioral Health and Recovery Services provides Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities. Supervision officers will be provided an opportunity to attend upon availability, if applicable.

Mental Illness Commitments

405.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

405.2 POLICY

It is the policy of the Stanislaus County Probation Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

405.2.1 DEFINITION

- (a) "Probationer" means any offender under the supervision of the Probation Department including those under Post Release Community Supervision and Mandatory Supervision.
- (b) "Gravely Disabled" means a condition in which a person, as a result of a mental disorder, is unable to provide for his or her basic personal needs for food, clothing and shelter.
- (c) "Gravely Disabled minor" means a minor who, as a result of a mental disorder, is unable to use the elements of life which are essential to health, safety, and development. This includes food, clothing and shelter, even though provided to the minor by others. Intellectual disability, epilepsy, or other developmental disabilities, alcoholism, other drug abuse, or repeated antisocial behavior do not, by themselves, constitute a mental disorder.
- (d) "Mental Health Facility" means a facility designated by the county and approved by the State Department of Mental Health as a facility for 72-hour treatment and evaluation.

405.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Mental Illness Commitments

405.3.1 VOLUNTARY EVALUATION

If an officer encounters a person who may qualify for a 5150 commitment, they may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes their mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the person's desire to pursue voluntary evaluation and/or admission.

405.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving a person who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

405.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's property, the officer shall take reasonable precautions to safeguard the person's personal property in their possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

405.5 TRANSPORTATION

When transporting any person for a 5150 commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the person and whether any special medical care is needed.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Mental Illness Commitments

Officers may transport persons in a probation-caged vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Supervisor approval is required before transport commences.

405.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the person into a treatment area designated by a facility staff member. If the person is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the person. However, if the person is transported and delivered while restrained, the officer may assist with transferring the person to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

405.7 DOCUMENTATION

The officer shall complete an application for a 72-hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case file/notes report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

405.7.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise them of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at their residence, they should also be advised that they may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where they are being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Mental Illness Commitments

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

405.8 CRIMINAL OFFENSES

Officers investigating a person who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning, a violation of probation or submitting a report to the District Attorney's Office for consideration in the issuance of a complaint.

When a person who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the person when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the person's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the person may qualify for a 5150 commitment.

In the supervisor's judgment, the person may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the person, department resources (e.g., posting a guard) and other relevant factors in making this decision.

405.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent, the person has search terms). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

Immigration Violations

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Stanislaus County Probation Department relating to immigration and interacting with federal immigration officials.

406.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

406.2 POLICY

It is the policy of the Stanislaus County Probation Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public regardless of immigration status. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

406.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

406.4 IMMIGRATION INQUIRIES PROHIBITED

Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

406.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Immigration Violations

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

406.5 DETENTIONS AND ARRESTS

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

406.5.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Transfer the person to jail.

406.6 FEDERAL REQUESTS FOR ASSISTANCE

Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department should be directed to the Chief Probation Officer. The Chief Probation Officer, or his/her designee, is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

406.7 INFORMATION SHARING

Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for information from this department should be directed to the Chief Probation Officer. The Chief Probation Officer, or his/her designee, is responsible for determining whether

the requested information would be permitted under the California Values Act, including but not limited to:

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

406.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

- (a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).
- (b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.
- (c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
- (d) The individual is a current registrant on the California Sex and Arson Registry.
- (e) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

406.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Stanislaus County Probation Department intends to comply with the request (Government Code § 7283.1).

If the Stanislaus County Probation Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

406.7.3 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Stanislaus County Probation Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview

is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

406.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

- (a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
- (b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
- (c) The individual is a current registrant on the California Sex and Arson Registry.
- (d) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

406.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Division Director or designee for required reporting to the DOJ (Government Code § 7284.6(c)(2)).

406.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

If applicable, any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the supervisor assigned to oversee the handling of any related case. The supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
 - 2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement

B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.
- (e) Inform the victim liaison of any requests and their status.

406.8.1 TIME FRAMES FOR COMPLETION

Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim's family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

406.8.2 REPORTING TO LEGISLATURE

The supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

406.8.3 POLICE REPORTS

Upon request, an officer or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration violation has been committed.
- (c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).

Contacts and Temporary Detentions

408.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

408.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

408.2 POLICY

The Stanislaus County Probation Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Contacts and Temporary Detentions

408.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion, and in no situation should an officer conduct a vehicle stop in order to perform an FI.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Stanislaus County Probation Department to strengthen community involvement, community awareness, and problem identification.

408.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the officer

408.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Contacts and Temporary Detentions

- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

408.5 FIELD PHOTOGRAPHS

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

408.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

408.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

408.5.3 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

408.5.4 DISPOSITION OF PHOTOGRAPHS

If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

Mobile Data Terminal Use

409.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

409.2 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift/Unit Supervisors.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

409.2.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

409.2 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Mobile Data Terminal Use

409.2 POLICY

Stanislaus County Probation Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

409.3 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift/Unit Supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated electronically via the MDT or by voice over the probation radio unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

409.3.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the probation radio or through the MDT system.

Officers responding to calls should advise changes in status over the radio to assist other officers responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

409.3.2 EMERGENCY ACTIVATION

If there is an emergency activation and the officer does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the officer. If the location is known, the nearest available officer should respond.

Officers should ensure a field supervisor and the Shift/Unit Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the probation radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

409.4 EQUIPMENT CONSIDERATIONS

409.4.1 MALFUNCTIONING MDT

Whenever possible, officers will not use vehicles with malfunctioning MDTs. Whenever officers must drive a vehicle in which the MDT is not working or not present, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the probation radio.

409.4.2 BOMB CALLS

When law enforcement is investigating reports of possible bombs, officers should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Public Recording of Official Probation Activity

410.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record official probation actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

410.2 POLICY

The Stanislaus County Probation Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully by local law enforcement having jurisdiction..

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

410.3 RECORDING OFFICAL PROBATION ACTIVITY

Members of the public who wish to record official probation activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the official probation activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

410.4 OFFICER RESPONSE

Officers should promptly request that additional law enforcement respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation.

Whenever practicable, officers should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Public Recording of Official Probation Activity

directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with official probation activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

410.5 SUPERVISOR RESPONSIBILITIES

A supervisor or their designee should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

410.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person. In this instance, local law enforcement having jurisdiction should seize the recording devices or media.

Medical Marijuana

411.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

411.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

Medical Marijuana

411.2 POLICY

It is the policy of the Stanislaus County Probation Department to prioritize resources to forgo making arrests related to marijuana that the probation department reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Stanislaus County Probation Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

411.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

411.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

411.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.
- (e) The person is otherwise in violation of their terms and conditions of probation.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

411.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

411.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at a later time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulzer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

411.3.5 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (b) Smoking marijuana (Health and Safety Code § 11362.79):
 1. In any place where smoking is prohibited by law.
 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 3. On a school bus.
 4. While in a motor vehicle that is being operated.
 5. While operating a boat.
- (c) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

411.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

411.5 PROPERTY AND EVIDENCE SUPERVISOR RESPONSIBILITIES

The Property and Evidence supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order.

Foot Pursuits

412.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of supervised persons and/or suspects on foot.

412.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the supervised person and/or suspect with the risk and potential for injury to department personnel, the public or the supervised person and/or suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

412.2.1 DEFINITIONS

Supervised person - To include adults and juveniles subjected to the supervision of the probation officer, including juveniles in detention status.

412.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of supervised persons and/or suspects is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, or is engaging in felonious criminal activity, or is known to be on felony warrant status. Before initiating a foot pursuit, officers should give consideration to the imminent harm to the public or individual being pursued. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of felonious criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place officers and the public at significant risk. Therefore, no officer or supervisor shall be subjected to discipline for terminating or deciding not to engage in a foot pursuit when the perceived risks are based on reasonable assumptions.

If circumstances permit, surveillance and establishing a perimeter are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as the following:

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Foot Pursuits

- (a) Establishing a perimeter of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the supervised person and/or suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

412.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by an administrator and/or supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the supervised person and/or suspect in sight from a safe distance and coordinate the perimeter effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with Dispatch or with backup officers.
- (h) The supervised person and/or suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating a perimeter pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Foot Pursuits

- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The supervised person's and/or suspect's location is no longer definitely known.
- (n) The identity of the supervised person and/or suspect is established or other information exists that will allow for the supervised person and/or suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to officers, the probationer or the public if the supervised person and/or suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

412.5 RESPONSIBILITIES IN FOOT PURSUITS

412.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the supervised person and/or suspect but should attempt to keep the supervised person and/or suspect in sight until sufficient officers are present to safely apprehend the supervised person and/or suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Call sign identifier
- (b) Location and direction of travel
- (c) Reason for the foot pursuit
- (d) Number of suspects and description, to include name if known
- (e) Whether the supervised person and/or suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts to establish a perimeter should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Dispatch of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

Field Policy Manual

Field Policy Manual

Foot Pursuits

412.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

412.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate arrest reports, to include an incident report documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a supervised person and/or suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.

Assisting officers taking an active role in the apprehension of the supervised person and/or suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Homeless Persons

413.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Stanislaus County Probation Department recognizes that members of the homeless community are often in need of special protection and services. The Stanislaus County Probation Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

413.1.1 POLICY

It is the policy of the Stanislaus County Probation Department to provide probation services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or probation related contact.

413.2 FIELD CONTACTS

Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of non-compliant behavior or criminal activity. However, when encountering a homeless person who has committed a minor technical violation or non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

413.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or local law

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Homeless Persons

enforcement. When practicable, requests by the public for clean-up of a homeless encampment should be referred to local law enforcement.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform local law enforcement if such property appears to involve a trespass, blight to the community or is the subject of a complaint.

413.4 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate.

413.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur.

Suspicious Activity Reporting

414.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

414.2 POLICY

The Stanislaus County Probation Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

414.3 REPORTING AND INVESTIGATION

Any officer receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including notifying local law enforcement, a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Suspicious Activity Reporting

If the suspicious activity is not directly related to a reportable crime, the member should prepare an incident report and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in an incident report and not included in the original incident report. The report number of the original incident should be included in the incident report as a cross reference.

Medical Aid and Response

415.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a response to such situations.

415.2 POLICY

It is the policy of the Stanislaus County Probation Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

415.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so. For those officers assigned to the Juvenile Institutions, officers shall take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex and age, if known.
 4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Medical Aid and Response

Members should not direct EMS personnel whether to transport the person for treatment.

415.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Officers shall not provide emergency escort for medical transport or civilian vehicles.

415.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

415.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints and Control Devices and Techniques policies.

415.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

415.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

415.8.1 AED USER RESPONSIBILITY

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

415.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

415.8.3 AED TRAINING AND MAINTENANCE

The Division Director of the Professional Standards Unit should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Human Resources Manager is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

415.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

415.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Division Director of the Professional Standards Unit.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

415.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate incident report.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Medical Aid and Response

The Division Director of the Professional Standards Unit will ensure that clerical is provided enough information to meet applicable state reporting requirements.

415.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Division Director of the Professional Standards Unit should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

415.9.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION

The Human Resources Manager shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

415.9.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT

Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

415.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

415.11 FIRST AID TRAINING

The Training Manager should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

Portable Audio/Video Recorders

416.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by officers of the Stanislaus County Probation department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Stanislaus County Probation Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

416.2 POLICY

The Stanislaus County Probation Department may provide officers with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Stanislaus County Probation Department by accurately capturing contacts between officers of the Stanislaus County Probation Department and the public.

416.3 OFFICER PRIVACY EXPECTATION

All recordings made by officers on any Stanislaus County Probation department-issued device at any time, and any recording made while acting in an official capacity for the Stanislaus County Probation department, regardless of ownership of the device it was made on, shall remain the property of the Department. Officers shall have no expectation of privacy or ownership interest in the content of these recordings.

416.4 OFFICER RESPONSIBILITIES

Prior to conducting field activities, each officer will be responsible for making sure that he/ she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the officer becomes aware of a malfunction at any time, the officer shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Officers should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned officer shall record his/her name, Stanislaus County Probation Department identification number (PR#) and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Officers should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the officer deactivated the recording. Officers should include the reason for deactivation.

Portable Audio/Video Recorders

416.4.1 SUPERVISOR RESPONSIBILITIES

If the storage system does not have downloading capability, the officer's Supervisors should take custody of the portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident. (Penal Code § 832.18(b)(1)).

416.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Officers should activate the recorder any time the officer believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All field supervision and investigative contacts including stops and field interview (FI) situations
- (b) Self-initiated activity in which a officer would normally notify dispatch.
- (c) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Officers should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the officer that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer an issue unless the circumstances no longer fit the criteria for recording.

At no time is a officer expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

416.5.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the officer reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Officers shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

416.5.2 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Officers of the Stanislaus County Probation Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Officers shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief Probation Officer or the authorized designee.

416.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

416.6 PROHIBITED USE OF PORTABLE RECORDERS

Officers are prohibited from using Stanislaus County Probation department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Officers are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with Stanislaus County Probation department-issued or personally owned recorders. Officers shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Officers are prohibited from using personally owned recording devices while on-duty without the express consent of the Chief Probation Officer or the designee. Any officer who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any officer for the purpose of embarrassment, harassment or ridicule.

416.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, officers should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A officer should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a officer reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the officer should promptly notify a supervisor of the existence of the recording.

416.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, officers should review their recordings as a resource. However, officers shall not retain personal copies of recordings. Officers should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the officer's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any officer of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief Probation Officer or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release. Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

416.9 COORDINATOR

The Chief Probation Officer or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

- (b) Designating persons responsible for downloading recorded data.
- (c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
- (d) Establishing a system for tagging and categorizing data according to the type of incident captured.

Chapter 5 - Investigation Operations

Brady Material Disclosure

500.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

500.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the Stanislaus County Probation Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

Material information - Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

500.2 POLICY

The Stanislaus County Probation Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Stanislaus County Probation Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

500.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant, protected personnel files, attorney-client information, or attorney work product), the officer should discuss the matter with a supervisor and/or the Division Director who will consult with County Counsel to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the investigative reports.

500.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall notify County Counsel upon a *Pitchess* motion being filed. The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

500.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

500.6 TRAINING

Department members should receive periodic training on the requirements of this policy.

Chapter 6 - Equipment

Department Owned and Personal Property

600.1 PURPOSE AND SCOPE

Department members are expected to properly care for department property assigned or entrusted to them. Members may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

600.2 CARE OF DEPARTMENTAL PROPERTY

Members shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. A member's intentional or negligent abuse or misuse of department property, to include department-issued firearms, may lead to discipline including, but not limited to the cost of repair or replacement.

- (a) Members shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

- (d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.
- (e) In the event that any Department property becomes damaged or unserviceable, no member shall attempt to repair the property without prior approval of a supervisor.

600.3 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the member's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Division Director, which shall include the results of his/her investigation and whether the member followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief Probation Officer who will then forward the claim to the Finance Department.

The member shall submit an incident report before going off duty or as otherwise directed by the supervisor.

These incident reports, accompanied by the supervisor's incident report, shall promptly be forwarded to the appropriate Division Director.

Personal Communication Devices

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones, electronic recording devices and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, electronic recording devices, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, using audio or video recordings, playing games and accessing sites or services on the Internet.

601.2 POLICY

The Stanislaus County Probation Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

All members are required to adhere to the guidelines of the [Stanislaus County Personnel Manual, Employee Conduct/Behavior Expectations, Tab 16 - Telecommunications Policy](#).

601.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department/Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance). Devices such as smart phones and other PCDs with GPS location are tracked and may be located by Probation monitoring systems.

601.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for department purposes.

Field Policy Manual

Personal Communication Devices

Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

601.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content and GPS location) at any time without notice and without cause. The member shall treat the department issued PCD as a controlled device and protect it as they would a personal credit card or an issued firearm to ensure only they will be in possession of the device.

The PCD is provided for official and authorized use exclusively. Only authorized information may be stored on or transmitted by this device. Misuse of this device may be subject to appropriate disciplinary actions. The member issued a PCD is responsible for physical damage to the device and the confidentiality and integrity of data on the PCD. Any damage caused will be immediately reported to the member's supervisor. The member will not connect this device to non-department approved computing equipment, including wireless connections to personal PCDs. The member will not configure a PCD to download, install, or use unauthorized applications, or personal accounts.

Unless a member is expressly authorized by the Chief Probation Officer or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

601.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - (a) Members may use personally owned PCDs on-duty for routine administrative work as authorized in writing by the Chief Probation Officer.

Personal Communication Devices

- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video, audio or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express written authorization of the Chief Probation Officer or the authorized designee.
- (f) Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) The member should not create or store work related documents, emails, photographs, audio/video recordings or other public records on their personally owned PCD. Members should not transfer these work related files to other members personally owned PCD. If such files are received on a member's personally owned PCD, the member should notify their supervisor and contact Probation IT regarding transferring and removing the files from their personally owned PCD.

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

601.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (b) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications. Members may use a PCD to record all aspects of the interrogation during Internal Affairs Investigations pursuant to Section 3303(g) of the CA Public Safety Officers Bill Of Rights Act.
- (c) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief Probation Officer or the authorized designee.

601.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

601.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information

Vehicle Use

603.3.1 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., field activity, transportation to training, community event) shall first notify their supervisor.

This subsection does not apply to those who are assigned to vehicle transportation duties to and from the maintenance yard or carwash.

All department vehicles shall be returned to their usual storage place at the end of the workday, unless prior approval is obtained.

603.3.2 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting officer shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

603.3.3 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., canine safety). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Officers shall ensure all weapons are secured while the vehicle is unattended.

603.3.4 MDT

Officers assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the officer shall notify Dispatch if conducting field activity. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

603.3.5 VEHICLE LOCATION SYSTEM

Probation Department vehicles, at the discretion of the Chief Probation Officer, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle

location and other information, officers are not relieved of their responsibility to use required communication practices to report their location and status.

Officers shall not make any unauthorized modifications to the system. At the start of each shift, officers shall verify that the system is on and report any malfunctions to their supervisor. If the officer finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Director approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

603.3.6 KEYS

Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command in the form of an incident report.

603.3.7 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than County personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle.

603.3.8 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle. Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

603.3.9 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, officers driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. County vehicles assigned to each separate office location of the Department will be pooled for use and parked in designated locations only.

603.3.10 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program supervisor.

603.3.11 NON-SWORN MEMBER USE

Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of

service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

603.4 INDIVIDUAL OFFICER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual officers at the discretion of the Chief Probation Officer. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the officer is unable to perform his/her regular assignment.

603.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief Probation Officer or the authorized designee.

603.4.2 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by officers to commute to and from a work assignment. Officers may take home department vehicles only with prior approval of the Chief Probation Officer and shall meet the following criteria:

- (e) Vehicles will be locked when not attended.
- (f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

603.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the officer's residence, the nature of the officer's duties, job description and essential functions, and employment or appointment status. Residence in the County of Stanislaus is a prime consideration for assignment of a take-home vehicle. Officers who reside outside the County of Stanislaus may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief Probation Officer.

Officers are cautioned that under federal and local tax rules, personal use of a County vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the officer's tax adviser.

Personal Protective Equipment

605.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

605.1.1 DEFINITIONS

Definitions related to this policy include:

N95 facepiece - These are filtering facepiece half-mask respirators, sometimes referred to as N95s. A filtering facepiece respirator covers the nose and mouth, and is a tight-fitting, air-purifying respirator in which the whole facepiece functions as the filter. Filtering facepieces may or may not have an exhalation valve to help exhaled breath exit the facepiece. They need to be fit tested, unless you are wearing them under voluntary use conditions. Filtering facepiece respirators filter out particles and do not protect against non-particulate hazards such as gases or vapors.

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

605.2 POLICY

The Stanislaus County Probation Department endeavors to protect officers by supplying certain PPE to officers as provided in this policy or as otherwise authorized by the Chief Probation Officer or designee.

All members are to follow the guidelines as outlined in the Stanislaus County Safety Manual-Tab 11 - Respiratory Protection Policy.

605.3 OFFICER RESPONSIBILITIES

Officers are required to use PPE as provided in this policy and pursuant to their training.

Officers are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

605.4 HEARING PROTECTION

Approved hearing protection shall be used by officers during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

Officers shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

605.6 RESPIRATORY PROTECTION

The Department Safety Analyst is responsible for ensuring a respiratory protection plan is developed as it pertains to the use of N95 face pieces.

605.7 RECORDS

The Department Safety Analyst is responsible for maintaining records of all PPE training.

605.8 TRAINING

Officers should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All officers shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (8 CCR 3380).

Officers issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (8 CCR 5144).

606.2 POLICY

The Chief Probation Officer or designee may authorize driving privileges and issue a County driving permit to a member or volunteer who must drive a County-owned, a County-leased and/ or a privately owned motor vehicle to perform assigned functions, provided the member meets the following requirements:

- (a) Presents to the Department a valid California driver's license appropriate for the motor vehicle the member will be authorized to drive.
- (b) Has no physical impairment which precludes driving.
- (c) Maintains a valid California driver's license.
- (d) If requesting authorization to drive a private car, the member must certify minimum liability insurance coverage as required by the Financial Responsibility Law of California.
- (e) Private vehicle use will not be reimbursed without the prior approval of the Chief Probation Officer or designee.

All members are required to adhere to the [Stanislaus County Safety Manual, Tab 8- Driver Authorization and Performance Policy](#).

606.3 MOTOR VEHICLE RECORD CHECKS

Motor vehicle record checks shall be made by the Risk Manager's Office with the cooperation of the Department of Motor Vehicles in the following instances:

- (a) New driver authorizations.
- (b) Renewals of driver authorizations.

Radio Policy

607.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure direct communication with the Stanislaus Regional 911 (SR 911) dispatch during field supervision, transportation of subjects/youth in-custody and special assignments. Maintaining radio communication will also increase officer safety in providing dispatch with your location during field supervision and other assignments.

607.2 DEPARTMENT POLICY

Radio equipment is assigned to Probation Officers to facilitate the Department's mission and to enhance officer and public safety. Officers assigned radios with the capability to communicate directly with outside law enforcement agencies must ensure that all communication is consistent with the guidelines specified below. The probation department utilizes the SR 911 "10- and 11-series codes," in common use by law enforcement agencies within Stanislaus County.

Individual officers shall use handheld/vehicle radios for legitimate law enforcement purposes only. Failure to use the radio according to this policy may be subject to discipline, including, and up to termination.

607.3 AGENCY CALL SIGNS

Individual officers with permanently assigned radios will have an assigned "PR #." Each radio, hand held or vehicle mounted, possesses an individual identification number that is displayed on a dispatcher's radio console. It is imperative that radios are not loaned or exchanged arbitrarily between officers. In the event of a critical incident, this electronic identification information will assist SR 911 staff in recognizing, assessing and properly employing an emergency response. For this reason, radio assignment information must be kept current at all times.

For the Professional Standards unit that utilize "pool" radios, the Field Training Officer (FTO) Program Coordinator will maintain a list which will be logged with SR 911 so that it is known that these radios are shared. In these instances, officers will be tracked with their PR #.

Users of radios within the Probation allocated talk groups (Channel 16) are not required to preface their call sign with the word "8 Paul." The "8 Paul" prefix is required whenever the user is operating on a non-probation talk group, such as one assigned to the Stanislaus County Sheriff's Department or other law enforcement agencies utilizing SR 911. This will ensure that other agencies know they are communicating with a member of the Probation Department.

607.3.1 PORTABLE RADIO USE

Portable radios shall be used during probation searches, field contacts, warrant arrests and when working with partner law enforcement agencies in the field.

607.3.2 CALL SIGN DESIGNATORS

8P- "Paul" – Probation Field units

8R- "Robert" – Juvenile Hall transport and Electronic Monitoring units

607.5 EMERGENCY BUTTON ACTIVATION

The handheld radio is equipped with an orange emergency button located on the radio. The purpose of the emergency button is to summon assistance during a life-threatening emergency. Once an emergency button is activated, the dispatcher will check the PR # and call out the officer's name on SO Channel 1 to confirm an emergency. The expectation is the officer responds to confirm they are okay or respond that they are Code 4 if the orange emergency button was activated in error. The system does not notify the dispatcher of the location of the emergency. Officers must be aware of their exact address and location in the field at all times so they can report their whereabouts to dispatch in the event of an emergency. Officers' address and location should be entered into CAD. If possible, they must also state clearly the nature of their emergency and what assistance they need.

The Administrative Services Manager will provide the electronic approval in the Oracle Financial Management System (FMS).

608.5 ACCOUNTS PAYABLE MANAGEMENT

- (a) All invoices received in the department will be distributed to the appropriate Manager or Division Director for final review and approval after Administrative Services members have reviewed the invoice to determine that sufficient fiscal documentation is provided to support the claim. If the appropriate Manager or Division Director responsible for the particular order/invoice cannot be determined, the invoice will be sent to the Administrative Services Manager for appropriate action.
- (b) The appropriate Manager or Division Director shall review each invoice and, after confirming that the supplies, services or equipment have been received and payment of the invoice should be made, the Manager or Division Director will annotate an approval to pay note on the invoice to include his/her signature/initial and date.

In all instances, the services of the Purchasing Division will be required when leasing real property as required by County ordinance. Contractors should not be allowed to perform work without a written contract or Purchase Order being approved. (Contracts and Purchase Orders provide liability protection for the County). Emergency situations may arise requiring immediate outside vendor services.
- (b) A copy of all departmental contracts, agreements and Memorandums of Understanding (MOUs) will be maintained in the office of the Administrative Services Accountant III. The Administrative Services Accountant III will also maintain a list of all current contracts, agreements and MOUs to include the expiration date and responsible member.
- (c) It is the responsibility of the appropriate Administrator to ensure that contracts, agreements and MOUs in his/her area of control are renewed in a timely manner and processed in accordance with County policy. To assist in this effort, the Administrative Services Manager will advise the responsible parties three months before these items are due to expire.

608.7 FIXED ASSET INVENTORY

- (a) County policy requires that all individual items exceeding \$1,000 initial cost (including tax and shipping) will be reflected on the department's fixed asset inventory. Administrative Services is responsible for ensuring that all fixed assets are labeled, for maintaining a current departmental fixed asset inventory list and for responding to requests for inventory reports.

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Stanislaus County Probation Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

703.4.2 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

703.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

- (a) **Right to know** - The right to obtain Criminal Record Information pursuant to court order, statute or decision law.
- (b) **Need to know** - The necessity to obtain Criminal Record Information in order to execute official responsibilities.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Division Director for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Clerical Division to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

All documents containing juvenile offender information and/or criminal offender record information as defined by California Penal Code § 11075 that are authorized to be released shall be stamped

as "controlled documents" and shall have release information entered into "Controlled Documents" log prior to release.

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

Release of all offender information and records shall be controlled by current laws and standards provided by:

- (a) Applicable Penal Code and Welfare and Institutions Code Sections.
- (b) California Department of Justice Regulations.

703.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

703.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other department members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDT or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

Computers and Digital Evidence

704.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

704.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with a case number and evidence item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Evidence Room.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors,

mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

704.2.1 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

704.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (c) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (d) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

704.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, reasonable attempts should be made to seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

704.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence room as soon as possible for submission into evidence.
- (b) Officers are not authorized to review or copy memory cards. The IT staff are the only members authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier.
- (d) IT staff will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the IT staff will erase the memory card for re-use. The storage media will be marked as the original.

704.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

704.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only IT staff are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

Chapter 8 - Custody

Custodial Searches

800.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Stanislaus County Probation Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

800.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

800.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

800.3 FIELD AND TRANSPORTATION SEARCHES

An officer shall conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer shall be present during the search.

If a search is necessary for a Lesbian, Gay, Bisexual, Transgender, Questioning and Intersex (LGBTQI) individual, the transgender or intersex individual may request that either a male or female staff member conduct the search. Staff shall accommodate this request when possible and

consistent with maintaining safety and security. If the individual has no preference, he or she will be searched by a staff member of the same biological sex.

800.4 SEARCHES AT PROBATION FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Stanislaus County Probation Department facilities. Except in exigent circumstances, the search should be conducted by an officer of the same sex as the individual being searched. If an officer of the same sex is not available, an on-duty Supervising Probation Corrections Officer (SPCO) must approve the pat down search in advance and a witnessing officer must be present during the search. A transgender or intersex individual may request that either a male or female staff member conduct the search. Staff shall accommodate this request when possible and consistent with maintaining safety and security. If the individual has no preference, he or she will be searched by a staff member of the same biological sex.

The SPCO must document the unusual circumstances necessitating this action in an incident report and submit it to the Superintendent. Whenever pat down searches are conducted, officers shall wear gloves.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

800.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy and the Juvenile Institutions Admittance Procedures, Section 4.3.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member.

800.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it.

Custodial Searches

The amount of money in the envelope should always be totaled and written on the outside of the envelope. Any currency of \$1.00 and over is to be placed in the safe.

800.5 STRIP SEARCHES

No individual in temporary custody at any Stanislaus County Probation Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
 - 1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.
- (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.
- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

800.5.1 STRIP SEARCH PROCEDURES

Evaluation of Employees

902.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

902.2 POLICY

The Stanislaus County Probation Department utilizes an Employee Performance Appraisal report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

902.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by the supervisor who supervised the member for the longest period of time during the rating period. Other supervisors directly familiar with the member's performance during the rating period should be consulted by the supervisor writing the evaluation for their input. Thereafter, the supervisor should meet at least quarterly with each member to review and document their performance. When performance deficiencies exist, the supervisor shall advise the member of:

- (a) Any work related deficiency in a timely manner
- (b) Remedies, if available, to correct such deficiency
- (c) Provide reasonable assistance and training as practical to help the member overcome such deficiency

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each member upon change of a new assignment.

The supervisor shall rate the member on each performance factor provided in the Employee Performance Appraisal form by comparing the member's performance to the standards described in the corresponding Performance Action Planning form.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Evaluation of Employees

Assessment of a member's job performance is an ongoing process. Continued coaching and feedback provides supervisors and members with opportunities to correct performance issues as they arise.

Non-probationary members demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Members who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Performance evaluations may be considered in approving transfers, promotions, salary increases, demotions, discharges and other personnel actions.

902.4 FULL TIME PROBATIONARY PERSONNEL

Personnel will serve a probationary period before being eligible for certification as permanent employees. During the probationary period, both non-sworn and sworn staff will receive a performance evaluation at the mid-point (six months).

Upon recommendation for permanent appointment or extension of probationary period, a performance evaluation must be completed.

902.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent members are subject to the following types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the member's immediate supervisor on the anniversary of the member's date of hire except for members who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the member's date of last promotion.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.).

Additionally, appropriate documentation may be required upon promotion, demotion, resignation or dismissal of permanent employees, or a recommendation to withhold step increase.

902.5.1 RATINGS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the member's performance. The definition of each rating category is as follows:

Exceeds Expectations - Represents performance that is better than expected of a fully competent member. Member's performance is characterized by high quality and quantity of work in the accomplishment of position duties and goals. Member contributed innovative and workable

Field Policy Manual

Field Policy Manual

Evaluation of Employees

solutions in meeting performance objectives and maintaining a high level of service to department customers. Member requires less supervision than required by acceptably performing members in the same position.

Meets Expectations - Is the performance of a fully competent member. It means satisfactory performance that meets the standards required of the position.

Does Not Meet Expectations - Is a level of performance less than that expected of a fully competent member and less than standards required of the position. Documentation of unacceptable performance is required, along with specific recommendations for improvement. A specific plan to correct the deficiencies may be included, along with a caution to the member that if the recommended improvements do not occur, the member may be reevaluated, which may result in disciplinary action, including demotion, suspension, or discharge. A definitive time frame within which the suggested improvements must be achieved must be included, with a statement that the member will be reevaluated at the conclusion of the time frame indicated. A does not meet expectations rating must be thoroughly discussed with the member.

A Performance Improvement Plan may be implemented and included in the performance evaluation for any ratings of "does not meet expectations."

902.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the member in a timely manner. The supervisor should discuss the results of the just completed rating period and clarify any questions the member may have. If the member has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and member should sign and date the evaluation. No performance evaluation shall be placed in the member's personnel file if the member has not been given the opportunity to discuss the evaluation with the rater or to respond in writing. Members that disagree with their evaluation may submit an attachment to the evaluation depicting their position or may follow standard department complaint procedures.

902.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the member, the signed performance evaluation is forwarded to the rater's supervisor (Division Director). The Division Director shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Director shall evaluate the supervisor on the quality of ratings given.

902.8 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the member's personnel file in the office of the Human Resources Manager for the tenure of the member's employment. A copy will be given to the member and a copy will be forwarded to County Human Resources Department.

Eligibility for volunteer transfers is as follows:

- (a) Members must complete a minimum of 12 months of active service in their current work assignment to be eligible to request a transfer to another work assignment. Grievance Procedure

904.1 PURPOSE AND SCOPE

- The collective bargaining agreement or memorandum of understanding
- This Policy Manual
- Department rules and regulations governing personnel practices or working conditions
- Workplace issues that do not amount to misconduct under the Personnel Complaints Policy

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. 904.2 POLICY

It is the policy of this department to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint, or retaliation against any employee who submits or is otherwise involved in a grievance.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Procedures for Settling Grievances and Procedures for Settling Grievances Including Binding Arbitration \(MOU\); Tab 27- General Complaint and Grievance Procedures](#).

Members should consult applicable bargaining unit agreement or Memoranda of Understanding (MOU) for more detailed guidelines.

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

905.2 POLICY

The Stanislaus County Probation Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.

905.4 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Human Resources Manager for investigation pursuant to the Personnel Complaints Policy.

905.4.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

905.6 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Employee Convictions

906.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit a member's ability to properly perform official duties. Therefore, all members shall be required to promptly notify the Chief Probation Officer of any past and current criminal convictions, to include their arrest.

906.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

906.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

906.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief Probation Officer in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief Probation Officer in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

906.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

906.5.1 NOTIFICATION REQUIREMENTS

The Human Resource Manager or designee shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Human Resource Manager or designee shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

Drug- and Alcohol-Free Workplace

907.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

907.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Drug Free Workplace Policy, Tab-8 Drug Free Workplace Policy](#).

907.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

907.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

907.3.2 USE OF MARIJUANA

Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

907.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Drug- and Alcohol-Free Workplace

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

907.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

907.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall immediately notify a Manager, Division Director, the Assistant Chief Probation Officer or the Chief Probation Officer.

907.7 REQUESTING SCREENING TESTS

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual Drug Free Workplace Policy, Tab-8](#).

907.7.1 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

907.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

907.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

908.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible members are detailed in the County personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, members may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

908.2 POLICY

It is the policy of the Stanislaus County Probation Department to provide eligible members with a sick leave benefit.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Tab 11- Leave Time Benefits](#).

Communicable Diseases

909.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

909.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Stanislaus County Probation Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

For purposes of this policy, the department's Safety Analyst will be designated as the Exposure Control Officer (ECO), the officer liaison, and the designated officer.

909.2 POLICY

The Stanislaus County Probation Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

All members are to follow the guidelines as outlined in the Stanislaus County Safety Manual, Tab 12- Infection Control Policy; Bloodborne Pathogens Policy; Aerosol Transmissible Disease Protection Policy.

909.3 EXPOSURE CONTROL OFFICER

The Chief Probation Officer will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

 - 6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).
- (f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

909.4 EXPOSURE PREVENTION AND MITIGATION

909.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

 - (a) Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately/taken to a commercial laundry or dry cleaners for cleaning.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

909.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

909.5 POST EXPOSURE

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

Field Policy Manual

Field Policy Manual

Communicable Diseases

909.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the On Duty Injuries Policy).

909.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

909.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

909.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Communicable Diseases

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult County Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

909.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

909.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

910.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Stanislaus County Probation Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

910.2 POLICY

The Stanislaus County Probation Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use can present an unprofessional image for the Department. Therefore smoking and tobacco use is prohibited by members and visitors in all county facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Smoking, Tab 16- Employee Conduct/Behavior Expectations](#).

910.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Stanislaus County Probation Department.

910.4 ADDITIONAL PROHIBITIONS

No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

910.4.1 NOTICE

The Chief Probation Officer or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).

Personnel Complaints

911.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Stanislaus County Probation Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

911.2 POLICY

The Stanislaus County Probation Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

911.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

911.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

911.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

911.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the probation facility and be accessible through the department website. Forms may also be available at other County facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

911.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a fact finding summary report.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs, or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of the complaining party's statement at the time it is filed with the Department (Penal Code § 832.7).

911.4.3 AVAILABILITY OF WRITTEN PROCEDURES

The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

911.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form or a fact finding summary report. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief Probation Officer or the authorized designee.

911.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

911.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief Probation Officer or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - (a) The original complaint form will be directed to the Division Director of the accused member, who will take appropriate action to include bringing the formal complaint to the attention of the executive team.
 - (b) In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Director or the Chief Probation Officer, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - (a) Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - (b) If the matter is resolved and no further action is required, the supervisor will note the resolution on a fact finding summary report and forward the report to the Division Director.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Division Director, Assistant Chief Probation Officer and the Chief Probation Officer are notified via the chain of command as soon as practicable.

- (i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

911.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Internal Affairs, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.
- (b) Unless waived by the member, interviews of an accused member shall be at the Stanislaus County Probation Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused member.
- (d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.
- (e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.
- (f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after

the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
 - (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
 - (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (j) All members shall provide complete and truthful responses to questions posed during interviews.
 - (k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor's *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

911.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

This should generally include recordings of interviews, signed witness/subject notifications, incident reports, etc. All of the physical items should be submitted at the same time as the investigative report.

911.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

Personnel Complaints

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

911.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

911.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

911.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

911.7.1 DISCLOSURE OF FINANCIAL INFORMATION

A member may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

- (a) Pursuant to a state law or proper legal process
- (b) Information exists that tends to indicate a conflict of interest with official duties
- (c) If the member is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

911.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief Probation Officer or the authorized designee may temporarily assign an accused member to administrative leave. Any member placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.

- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The member may be required to remain available for contact at all times during such shift, and will report as ordered.

911.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief Probation Officer shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief Probation Officer may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Stanislaus County Probation Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

911.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigative report should be forwarded to the Human Resources Manager. Copies of the investigative report will be prepared and distributed to department managers for the purpose of convening an Administrative Board of Review. The purpose of the Administrative Board of Review is to review the completed investigation, relevant documents, and evidence to recommend findings and, if applicable, recommend discipline to the Assistant Chief Probation Officer. The Assistant Chief Probation Officer will select a department manager to chair the board. The Assistant Chief Probation Officer shall select a department manager who does not directly oversee the same division as the subject to chair the board. The remainder of the board will consist of an odd number of department managers as assigned by the Assistant Chief Probation Officer. The Administrative Board of Review may return the investigative file to the Human Resources Manager for further investigation or action.

The Chair of the Administrative Board of Review will prepare a report reflecting the recommendations of the board and forward the report to the Assistant Chief Probation Officer.

911.10.1 ASSISTANT CHIEF PROBATION OFFICER RESPONSIBILITIES

The Assistant Chief Probation Officer shall review the recommendation(s) from the Administrative Board of Review and all accompanying investigative materials. The Assistant Chief Probation Officer may follow, modify, or reject any of the recommendations made by the Administrative Board of Review. The Assistant Chief Probation Officer may modify any recommendation and/

or may return the file to the Human Resources Manager for further investigation or action. The Assistant Chief may close an investigation without imposing discipline.

Once the Assistant Chief Probation Officer is satisfied that no further investigation or action is required by staff, the Assistant Chief Probation Officer shall determine the amount of discipline, if any, that should be recommended. The Assistant Chief Probation Officer shall submit the written recommendation for formal discipline to the Chief Probation Officer. In the event formal disciplinary action is proposed, the Chief Probation Officer shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief Probation Officer shall also provide the member with:

- (a) Access to all of the materials considered by the Assistant Chief Probation Officer in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief Probation Officer within seven days of receiving the notice.
 - (a) Upon a showing of good cause by the member, the Chief Probation Officer may grant a reasonable extension of time for the member to respond.
 - (b) If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief Probation Officer shall consider all information received in regard to the recommended discipline. The Chief Probation Officer shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief Probation Officer has issued a written decision, the discipline shall become effective.

911.10.2 CHIEF PROBATION OFFICER RESPONSIBILITIES

If discipline is proposed, the Chief Probation Officer shall provide the member with the opportunity for a pre-disciplinary procedural due process hearing (*Skelly*).

The Chief Probation Officer shall provide the member with an opportunity to respond orally or in writing within seven days of receiving the proposed notice of discipline. Upon a showing of good cause by the member, the Chief Probation Officer may grant a reasonable extension of time for the member to respond.

911.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

If the discipline being proposed is anything other than a termination, once the member has completed their response or if the member has elected to waive any such response, the Assistant Chief Probation Officer shall consider all information received in regard to discipline. The Assistant Chief Probation Officer shall render a timely written decision to the member and specify the

grounds and reasons for discipline and the effective date of the discipline. Once the Assistant Chief Probation Officer has issued a written decision, the discipline shall become effective.

If the discipline being proposed is termination, once the member has completed their response or if the member has elected to waive any such response, the Chief Probation Officer shall consider all information received in regard to discipline. The Chief Probation Officer shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief Probation Officer has issued a written decision, the discipline shall become effective.

The Chief Probation Officer or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

911.10.4 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

911.11 PRE-DISCIPLINE MEMBER RESPONSE

The pre-discipline process is intended to provide the accused member with an opportunity to present a written or oral response to the Chief Probation Officer after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The member shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the member may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The member may suggest that further investigation could be conducted or the member may offer any additional information or mitigating factors for the Chief Probation Officer to consider.
- (d) In the event that the Chief Probation Officer elects to cause further investigation to be conducted, the member shall be provided with the results prior to the imposition of any discipline.
- (e) The member may thereafter have the opportunity to further respond orally or in writing to the Chief Probation Officer on the limited issues of information raised in any subsequent materials.

911.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline (Penal Code § 13510.8).

911.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary members have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The member has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against a member covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

911.14 PROBATIONARY MEMBERS AND OTHER MEMBERS

At-will and probationary members and those members other than non-probationary members may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary members and those other than non-probationary members subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief Probation Officer or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief Probation Officer shall be final.

911.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

Seat Belts

912.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

912.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

912.2 POLICY

It is the policy of the Stanislaus County Probation Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

912.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

912.4 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

912.5 TRANSPORTING SUSPECTS, PROBATIONERS OR ARRESTEES

Suspects, probationers and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a restraint system or, when a restraint system is not available,

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

by seat belts provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Probationers in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

912.6 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief Probation Officer.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

912.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

912.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

913.1 PURPOSE AND SCOPE

The purpose of this policy is to provide probation officers with guidelines for the proper use of body armor.

913.2 POLICY

It is the policy of the Stanislaus County Probation Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

913.3 ISSUANCE OF BODY ARMOR

The Department Equipment supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Stanislaus County Probation Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Department Equipment supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

913.3.1 USE OF BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Armed officers are not required to wear body armor in the office.
- (d) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (e) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (f) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.
- (g) Officers who are not armed and who will be conducting routine field activities may choose to wear department owned body armor.
- (h) All officers who are not armed and who will be conducting searches in the field, participating in multi-agency operations or sweeps, or anticipate making an arrest, shall wear a probation tactical vest and body armor. The officer shall also carry

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

probation officer identification and shall display their probation officer badge in plain view.

- (i) Officers electing to wear a probation tactical vest shall also wear body armor.

913.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by the officer for fit, cleanliness, and signs of damage, abuse and wear.

913.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the body armor cannot be located, the Department Equipment Supervisor shall contact the manufacturer to request care instructions.

Body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

914.1 PURPOSE AND SCOPE

914.11 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief Probation Officer.

914.12 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS

Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief Probation Officer or the Internal Affairs supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(3)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, whether the officer's action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(8) or other law, the following records (hereinafter qualifying records) shall be made available for public inspection no later than 45 days from the date of a request (Penal Code § 832.7(b)(1)):

- (a) Records relating to the report, investigation, or findings of:
 1. The discharge of a firearm at another person by an officer.
 2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.
 3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
 4. A sustained finding that an officer failed to intervene against another officer using force that is clearly unreasonable or excessive.
- (b) Records relating to an incident where a sustained finding was made by the Department or oversight agency regarding:

Personnel Records

1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.
3. An officer engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
4. An officer made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the officer resigns before the Department or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(5)).

914.12.1 REDACTION

The Custodian of Records, in consultation with the Chief Probation Officer or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers
- (b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

914.12.2 DELAY OF RELEASE

Unless otherwise directed by the Chief Probation Officer, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who engaged in misconduct or used the force.
- (b) Filed criminal charges
 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
 1. Disclosure may be delayed until:
 - (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

914.12.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or

Stanislaus County Probation Department

Field Policy Manual

Personnel Records

no later than 18 months after the date of the incident, whichever occurs sooner, unless:

- (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

Fitness for Duty

915.1 PURPOSE AND SCOPE

All officers are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers. The purpose of this policy is to ensure that all officers of this department remain fit for duty and able to perform their job functions (Government Code § 1031).

915.2 MEMBER RESPONSIBILITIES

- (a) It shall be the responsibility of each member of this department to maintain good physical condition sufficient to safely and properly perform essential duties of their position.
- (b) Each member of this department shall perform his/her respective duties without physical, emotional, and/or mental constraints.
- (c) During working hours, all members are required to be alert, attentive, and capable of performing his/her assigned responsibilities.
- (d) Any member who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that a member believes that another member is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

915.3 SUPERVISOR RESPONSIBILITIES

- (a) A supervisor observing a member, or receiving a report of a member who is perceived to be, unable to safely perform his/her duties due to a physical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.
- (b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the member to perform his/her duties.
- (c) In the event the member appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
- (d) In conjunction with the Supervisor or member's available Division Director and the Assistant Chief Probation Officer, a determination should be made whether or not the member should be temporarily relieved from his/her duties.
- (e) The Chief Probation Officer shall be promptly notified in the event that any member is relieved from duty.

915.4 NON-WORK RELATED CONDITIONS

Any member suffering from a non-work related condition which warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.

915.5 WORK RELATED CONDITIONS

Any member suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Supervisor and concurrence of a Division Director, Assistant Chief Probation Officer, and the Chief Probation Officer, any member whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the member and until such time as the following may be completed:

- (a) A preliminary determination that the member's conduct appears to be in compliance with policy and, if appropriate.
- (b) The member has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

An officer reassigned or placed on administrative leave following a shooting incident in which a person was injured or killed may undergo a psychological assessment on county time and at county expense prior to returning to an armed assignment or prior to field duty if reassigned. The purpose of the assessment shall be to provide information to the Chief Probation Officer regarding the officer's ability to undertake the responsibilities and duties associated with on-duty armed assignments. The assessment shall be a privileged communication from the psychologist to the Chief Probation Officer. After review of the assessment, the report shall be placed in a confidential medical file.

915.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (a) Whenever circumstances reasonably indicate that a member is unfit for duty, the Chief Probation Officer may serve that member with a written order to undergo a physical and/or psychological examination in cooperation with Human Resources Department to determine the level of the member's fitness for duty. The order shall indicate the date, time and place for the examination.
- (b) The examining physician or therapist will provide the Department with a report indicating that the member is either fit for duty or, if not, listing any functional limitations which limit the member's ability to perform job duties. If the member places his/her condition at issue in any subsequent or related administrative action/grievance, the examining physician or therapist may be required to disclose any and all information which is relevant to such proceeding (Civil Code § 56.10(c)(8)).
- (c) In order to facilitate the examination of any member, the Department will provide all appropriate documents and available information to assist in the evaluation and/or treatment.
- (d) All reports and evaluations submitted by the treating physician or therapist shall be part of the member's confidential personnel file.

915.7 APPEALS

A member who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

Meal Periods and Breaks

916.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all County employees that has been established by the Chief Executive Officer.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Time, Tab 10- Rest Periods/Breaks/Lunch, 3.32.090](#).

916.2 POLICY

It is the policy of the Stanislaus County Probation Department to provide meal periods and breaks to members of this department in accordance with the applicable collective bargaining agreement or memorandum of understanding and the county personnel manual.

916.3 MEAL PERIODS

Institution staff assigned to the custodial facilities shall remain on duty subject to call during meal breaks. All other members are not on call during meal breaks unless directed otherwise by a supervisor.

An unpaid lunch period of at least one-half hour must be taken during each workday of six hours or more. A lunch break need not be taken for a workday of only six hours, upon mutual agreement of the member and supervisor. The usual one-hour lunch break may be shortened to one-half hour if approved by the member's supervisor.

916.4 15 MINUTE BREAKS

Each member is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of a member's shift unless approved by a supervisor.

Officers normally assigned to the custodial facilities shall remain on the custodial facility grounds for their breaks.

Lactation Break Policy

917.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child (Labor Code 1034).

917.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for their nursing infant child (29 USC § 207; Labor Code § 1030).

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Tab 10 – Time, Lactating/Breastfeeding Breaks](#).

917.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207; Labor Code 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify a supervisor prior to taking such a break if the break would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

917.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

917.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member ends their shift.

917.5.1 STATE REQUIREMENTS

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Payroll Records

918.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

918.2 POLICY

The Stanislaus County Probation Department maintains timely and accurate payroll records.

918.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

918.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the County payroll procedures.

918.5 RECORDS

The Human Resources Manager or designee, shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

919.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried members who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the member must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

919.1.1 DEPARTMENT POLICY

Because of the nature of probation operations, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt members are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor and either the Chief Probation Officer or designee prior to working the overtime. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Time, Tab 10-Overtime Policy](#).

919.2 REQUEST FOR OVERTIME COMPENSATION

Members shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

919.2.1 MEMBERS RESPONSIBILITY

Members shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor. Members submitting overtime cards for on-call pay when off duty shall submit cards to their supervisor the first day after returning for work.

919.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the member's time card, the overtime payment request form is forwarded to the member's Division Director for final approval.

919.2.3 DIVISION DIRECTOR'S RESPONSIBILITY

Division Directors, after approving payment, will then forward the form to the Chief Probation Officer for review.

Members are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid. The member will enter the actual time worked.

Outside Employment

920.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental members engaging in outside employment, all members shall obtain written approval from the Chief Probation Officer prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief Probation Officer in accordance with the provisions of this policy.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Employee Conduct/Behavior Expectations, Tab 16 – Conflict of Interest Policy, Code of Ethics and Outside County Employment \(Moonlighting\)](#).

920.1.1 DEFINITIONS

For purposes of this section, the definition of outside employment includes those members who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

920.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief Probation Officer. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the member must complete the Request for Authorization of Outside Business or Employment form which shall be submitted to the member's immediate supervisor. The Request for Authorization of Outside Business or Employment form will then be forwarded through channels to the Chief Probation Officer for consideration.

If approved, the member will be provided with a copy of the approved Request for Authorization of Outside Business or Employment form. Unless otherwise indicated in writing on the approved form, the approval form will be valid through the end of the calendar year in which the request is approved. Any member seeking to renew their authorization shall submit a new Request for Authorization of Outside Business or Employment form in a timely manner.

Any member seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the request at the time of the denial ([Penal Code § 70\(e\)\(3\)](#)).

920.2.1 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT MEMORANDUM

Any outside employment memorandum may be revoked or suspended under the following circumstances:

- (a) Should a member's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief Probation Officer may, at his or her discretion, revoke any previously approved outside employment memorandum(s). That revocation will stand until the member's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment memorandum.
- (b) Suspension or revocation of a previously approved outside employment memorandum may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment memorandum, a member's conduct or outside employment conflicts with the provisions of department policy, the memorandum may be suspended or revoked.
- (d) When a member is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment memorandum may be subject to similar restrictions as those applicable to the member's full time duties until the member has returned to a full duty status.

920.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment request submitted by a member seeking to engage in any activity which:

- (a) Involves the member's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the member's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the member, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the member's duties as a member of this department.
- (c) Involves the performance of an act in other than the member's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other member of this department.
- (d) Involves time demands that would render performance of the member's duties for this department less efficient.
- (e) The member's County duties could be affected or influenced by the outside activity.
- (f) The members County duties could create or enhance the income or other interest of the outside organization or entity.
- (g) The outside activity is of such a nature that it does not reflect positively on the public image and best interests of the Department and/or County.

Outside Employment

- (h) The outside activity constitutes behavior unbecoming a County member.
- (i) In the case of sworn members, the outside activity creates a potential conflict with the peace officer status of their County employment.

920.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief Probation Officer in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all members requested for such outside security services.
- (c) Should such a request be approved, any member working outside overtime shall be subject to the following conditions:

 2. The officer(s) shall be subject to the rules and regulations of this department.
 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 5. Outside security services shall not be subject to the collective bargaining process.
 6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief Probation Officer.

920.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

920.4 DEPARTMENT RESOURCES

Members are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the member's position with this department.

920.4.1 REVIEW OF FINANCIAL RECORDS

Members approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that a member provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the member to provide the requested personal financial records could result in denial of the off-duty work request. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the member provide his/her personal financial records for review/audit. If the member elects not to provide the requested records, his/her off-duty work request may be revoked pursuant to the Revocation/Suspension of Outside Employment Memorandum section of this policy.

920.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If a member terminates his or her outside employment during the period of a valid memorandum, the member shall promptly submit written notification of such termination to the Chief Probation Officer through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Members shall also promptly submit in writing to the Chief Probation Officer any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Members who are uncertain whether a change in outside employment is material are advised to report the change.

920.6 COMMUNITY ORGANIZATIONS/VOLUNTEER WORK

The Stanislaus County Probation Department encourages its members to engage in and support volunteerism in the community. Members are encouraged to serve community-based organizations and non-profits on boards, committees, work groups. Members shall not provide any law enforcement sensitive information, (written, electronic, and/or verbal) or law enforcement consultation services. Any member wanting to serve and at the same time, represent themselves as a member of the Stanislaus County Probation Department, shall complete the Outside Employment memorandum and process for review and approval to ensure there is no conflict of interest.

Occupational Disease and Work-Related Injury Reporting

921.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

The Stanislaus County Probation Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

921.3 RESPONSIBILITIES

921.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

921.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Countywide disease- or injury-reporting protocol shall also be followed.

Supervisors are to inform the Safety Analyst and their Division Director whenever any occupational disease or work-related injury occurs immediately. Supervisors are required to investigate all occupational diseases or work-related injuries reported to them by their subordinates.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

921.3.3 DIVISION DIRECTOR RESPONSIBILITIES

The Division Director who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief Probation Officer, the County's risk management entity, and the Human Resources Division Manager to ensure any required Division of Occupational

In no case shall the member accept a settlement without first providing written notice to the Chief Probation Officer. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Temporary Modified-Duty Assignments

926.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of members under federal or state law, County rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

926.2 POLICY

Subject to operational considerations, the Stanislaus County Probation Department may identify temporary modified-duty assignments for members who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the member to work, while providing the Department with a productive member during the temporary period.

All members may refer to the [Stanislaus County Interactive Process](#).

926.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to members with work-related injuries or illnesses that are temporary in nature. No position in the Stanislaus County Probation Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not a member right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. The Department may require a fitness-for-duty examination prior to returning a member to full-duty status, in accordance with the Fitness for Duty Policy.

926.7 PREGNANCY

If a member is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the member will be treated the same as any other temporarily disabled member (42 USC § 2000e(k)). A pregnant member shall not be involuntarily transferred to a temporary modified-duty assignment. Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under Government Code § 12945.

926.7.1 NOTIFICATION

Pregnant members should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. Members who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Member Speech, Expression and Social Networking

927.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with member use of social networking sites and to provide guidelines for the regulation and balancing of member speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

927.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

927.2 POLICY

Public members occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Stanislaus County Probation Department will carefully balance the individual member's rights against the Department's needs and interests when exercising a reasonable degree of control over its members' speech and expression.

927.3 SAFETY

Members should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Stanislaus County Probation Department members, such as posting personal information in a public forum, can result in compromising an member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address or contact information of a fellow member.
- Otherwise disclosing where another member can be located off-duty.

927.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, a member speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Stanislaus County Probation Department or its members.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Stanislaus County Probation Department and tends to compromise or damage the mission, function, reputation or professionalism of the Stanislaus County Probation Department or its members. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing members by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Stanislaus County Probation Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief Probation Officer or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Stanislaus County Probation Department on any personal or social networking or other website or web page, without the express authorization of the Chief Probation Officer.

 - 1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
 - 2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the member (e.g., social or personal website).

927.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While members are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, members may not represent the Stanislaus County Probation Department or identify themselves in any way that could be reasonably perceived as representing the Stanislaus County Probation Department in order to do any of the following, unless specifically authorized by the Chief Probation Officer (Government Code § 3206; Government Code § 3302):

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that a member, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Stanislaus County Probation Department.

Members retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, members may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command or advise another member to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

927.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require a member to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

927.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief Probation Officer or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

927.7 TRAINING

Subject to available resources, the Department should provide training regarding member speech and the use of social networking to all members of the Department.

928.5 SUPERVISOR RESPONSIBILITIES

Supervisor responsibilities include, but are not limited to:

- (a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.
- (b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.
- (c) Establishing and maintaining communication with members on health and safety issues. This is essential for an injury-free, productive workplace.
- (d) Supervisors are required to complete the Supervisor's Accident Investigation Report in the event that a member or volunteer suffers an accident, injury or illness on-duty. The report should be submitted to the Division Director for review and signature. Once all forms have been reviewed and signed, they should be forwarded to the Department Safety Analyst who will in turn forward the form(s) to the Stanislaus County Risk Management Division.
- (e) Notifying the Human Resources Manager when:

928.6 HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or

remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazards and Correction Record form. This form should be forwarded to the Human Resources Manager via the chain of command.

The Human Resources Manager will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

928.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Human Resources Manager shall ensure that the appropriate documentation is completed for each inspection.

928.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field.

In accordance with Stanislaus County Safety Manual, Wildfire Smoke Protection Program, when the current AQI for PM2.5 is equal to or greater than 151, but does not exceed 500, the department shall provide N95 particulate respirators to all affected employees for voluntary use in accordance with Title 8 CCR, §5144 and encourage employees to use respirators. For voluntary use of filtering face pieces, such as N95 particulate respirators, fit testing and medical evaluations will not be required. <http://intranet.co.stanislaus.ca.us/resources/safety-manual/safety-manual-files/tab-26-wildfire-smoke.pdf>

928.8 INVESTIGATIONS

Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- (a) A visit to the accident scene as soon as possible.
- (b) An interview of the injured member and witnesses.
- (c) An examination of the workplace for factors associated with the accident/exposure.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the On Duty Injury Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.

928.9 TRAINING

The Human Resources Manager shall provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

Line-of-Duty Deaths

929.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Stanislaus County Probation Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief Probation Officer may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

929.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

929.2 POLICY

It is the policy of the Stanislaus County Probation Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

929.3 EMERGENCY NOTIFICATION INFORMATION

Every member may complete an "Emergency Notification & Personal Request Packet", which will be used by the Department in the event that family notifications are necessary. Every member has the responsibility to keep this notification packet current.

Members who choose not to participate must keep their emergency contact information updated on the Employee Personal Information Change Form.

All reasonable efforts will be made to notify the member's designated notification representative.

929.4 INITIAL ACTIONS BY SUPERVISORS

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Chief Probation Officer or the authorized designee.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Line-of-Duty Deaths

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
 - (b) The Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
 - (c) If the member has been transported to the hospital, the Supervisor or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
 - (d) The Chief Probation Officer or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

929.5 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief Probation Officer or the authorized designee should review the deceased member's employee site file to obtain emergency contact information and/or the Emergency Notification & Personal Request Packet in an effort to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief Probation Officer, Supervisor or the authorized designee should select at least two members (see the Notification Team section of this policy) to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed. Inform family members slowly and clearly of the information available and be sure to use the member's name during the notification.
- (b) Make the notification while inside the family residence and never on the doorstep. In the event of a life-threatening injury, if there is an opportunity to get to the hospital prior to the demise of the member, make every effort to allow the family this opportunity.
- (c) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (d) Plan for concerns such as known health concerns of survivors or language barriers. If there is knowledge of a medical problem with an immediate survivor, medical personnel should be available at the residence to coincide with the notification.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Line-of-Duty Deaths

- (e) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. It is highly recommended that the family not drive themselves to the hospital. If the family insists on driving, an officer should accompany them in the family car. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (f) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (g) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (h) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification. Notify any additional family members as requested by the family.
- (i) Assist the survivors with meeting childcare or other immediate needs.
- (j) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (k) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (l) Provide their contact information to the survivors before departing.
- (m) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (n) Inform the Chief Probation Officer or the authorized designee once survivor notifications have been made so that other Stanislaus County Probation Department members may be apprised that survivor notifications are complete.

929.5.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Line-of-Duty Deaths

- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief Probation Officer.

929.6 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief Probation Officer are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

929.7 LIAISONS AND COORDINATORS

The Chief Probation Officer or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

- (a) Department Liaison.
- (b) Notification Team Liaison.
- (c) Hospital Liaison.
- (d) Survivor Support Liaison.
- (e) Critical Incident Stress Management (CISM) coordinator.
- (f) Funeral Liaison.
- (g) Mutual aid coordinator.
- (h) Benefits Liaison.
- (i) Finance coordinator.
- (j) Peer Support Liaison.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Line-of-Duty Deaths

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

929.7.1 DEPARTMENT LIAISON

The Department Liaison should be a Division Director or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief Probation Officer. The Department Liaison's responsibilities include, but are not limited to:

- (a) Directing the other liaisons and coordinators in fulfilling survivors' needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
- (b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
- (c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
- (d) Identifying locations that will accommodate a law enforcement funeral, if applicable and presenting the options to the appropriate survivors, who will select the location.
- (e) Coordinating all official law enforcement notifications and arrangements, if applicable.
- (f) Making necessary contacts for authorization to display flags at half-mast, if applicable.
- (g) Ensuring that department members are reminded of appropriate information-sharing restrictions regarding the release of information that could undermine future legal proceedings.
- (h) Coordinating security checks of the member's residence as necessary and reasonable.
- (i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

929.7.2 NOTIFICATION TEAM LIAISON

The Chief Probation Officer, Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain and/or members of the Peer Support Team. The Chief Probation Officer or authorized designee representing the department should be a member of the Notification Team.

Recognizing that this is the most critical area in helping mitigate, rather than escalate, the trauma for the family, the Division Director will provide as much information as is available to the Chief Probation Officer so that the Notification Team may be assembled (See the Notifying Survivors & Department Members sections of this policy).

929.7.3 HOSPITAL LIAISON

The Hospital Liaison should work with hospital personnel to:

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Line-of-Duty Deaths

- (a) Arrange for appropriate and separate waiting areas for:
 1. The survivors and others whose presence is requested by the survivors.
 2. Department members and friends of the deceased member.
 3. Media personnel.
- (b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member's survivors or Stanislaus County Probation Department members (except for members who may be guarding the suspect).
- (c) Coordinate security or armed officer(s) outside the hospital room during hospitalization of injured member, if applicable.
- (d) Ensure that survivors receive timely updates regarding the member before information is released to others.
- (e) Arrange for survivors to have private time with the member, if requested.
 1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
 2. The Hospital Liaison should accompany the survivors into the room, if requested.
- (f) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.
- (g) If applicable, explain to the survivors why an autopsy may be needed.
- (h) Ensure hospital bills are directed to the Stanislaus County Risk Management Office, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork. This may require the Hospital Liaison to re-contact the hospital during normal business hours to ensure proper billing takes place.
- (i) Ensure that Human Resources notify Risk Management of the incident.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member's equipment and other items that may be of evidentiary value.
- Establishing a press staging area. Immediately notify the on-duty Public Information Officer (PIO) to respond. All news releases must be approved by the Chief Probation Officer or the authorized designee.
- Documenting his/her actions at the conclusion of his/her duties.

929.7.4 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Line-of-Duty Deaths

The Survivor Support Liaison should be selected by the deceased member's Division Director. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
- (b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.
- (c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.
- (d) Providing assistance with travel and lodging arrangements for out-of-town survivors.
- (e) Returning the deceased member's personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:

Employee Organization

931.1 PURPOSE AND SCOPE

The purpose of this policy is to provide procedures for meeting and conferring in good faith with recognized member organizations regarding matters that directly affect and primarily involve the wages, hours and other terms and conditions of employment of members in appropriate recognized bargaining units and that are not preempted by federal or state statute or county ordinance. This policy is intended to strengthen merit and other methods of administering employer-member relations through the establishment of uniform and orderly methods of communication between members, member organizations and the county. ([Stanislaus County Personnel Ordinance; Chapter 3.68, Employer/Employee Relations; Code 3.68.020 -Purpose](#)).

931.2 POLICY

- (a) In the granting of such requests, the primary concern will be the efficient running of the department.

Use of Adoption Information

933.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure the confidentiality of adoption information. This policy will be interpreted and applied to protect the privacy of individuals involved in adoption proceedings. This right to privacy will take precedence over other considerations.

933.2 POLICY

The adoption of an individual changes the adoptee's personal history. An adopted person's family relationships are those created by the adoption. All former "biological" relationships to parents, siblings, etc., cease to legally exist following the adoption (there may be some exceptions concerning specific inheritance rights under unusual circumstances).

Adoption proceedings are confidential, and adoption files are not to be researched for information to be used in other court proceedings. Therefore, with only specific exceptions listed in the Procedural Implementation section of this policy, adoption information shall not be retained in any probation department criminal or juvenile file, nor shall it be used in Court reports or other written documents prepared by the probation department for criminal or juvenile proceedings.

933.3 PROCEDURAL IMPLEMENTATION

When researching an individual's background, no attempt will be made to gain access to adoption file information, and information which is accidentally discovered will be disregarded.

- (a) Do not make inquiries or record checks with the Community Services Agency Adoption Unit or the Superior Court Investigators who conduct child custody investigations.
- (b) If checking a Juvenile Court or CSA dependency file, do not extract any information relating to adoption proceedings.
- (c) If reviewing a probation department file, either juvenile or adult, and adoption reports or other documented information is discovered, it should be purged unless it was voluntarily provided by the adopted individual or the adopted individual's parents, if that individual is still a juvenile.

Defendants, youths, parents, and other involved parties will not be asked questions concerning adoption. If the defendant or youth, or the youth's parent, voluntarily states that the subject of the report has been adopted, that information may be included if the following conditions are met:

- (a) The individual volunteering the statement must be informed of the right to absolute confidentiality, must agree to waive that right, with the waiver documented in the court report.
- (b) The information included in the report is limited to the subject of the report, and no other individuals who previously were relatives of the adopted individual are identified by name.
- (c) The information appears only in the section of the court report reserved for the statements of the individual who voluntarily disclosed the information.

Stanislaus County Probation Department

Field Policy Manual

Field Policy Manual

Use of Adoption Information

It is sometimes impossible to separate adoption history from the current proceedings, as in the case of emotionally disturbed adopted youth who become dependents of the court. In such cases, specific adoption information may be included in a court report if a Judge or Commissioner of the Superior Court makes a specific order which directs the release of the information to use for a specific purpose. Even in such cases, the following conditions must be met:

- (a) The former parents, siblings, and other individuals who were previously relatives of the adopted youth will not be identified, unless they are volunteering information and/or are waiving confidentiality, or the court orders such information be included.
- (b) The information has an important bearing on the present criminal or juvenile proceedings.

The parents, siblings or other relatives of an adopted youth will be identified as the youth's relatives. Specifically, such titles as "Adoptive Mother," etc. will not be used.

The former relatives of an adopted youth will not be identified in any manner. Specifically, such titles as "Biological Father," will not be used.

Under no circumstances will the unavailability of individuals within the department hierarchy delay the timely passing of information to those persons responsible for action.

940.1.1 DEFINITION

Threat - A threat is defined as any communication, either orally or in writing, which is made by any individual, which either explicitly or implicitly states an intention to cause harm to the person or property of any department member or immediate family of any department member.

940.2 NOTIFICATION OF THREATS

Immediately upon the receipt of any threat against a department member, the person receiving the threat shall, without any delay, notify the supervisor of the member threatened. Upon receipt of such notification, the supervisor shall immediately take the following steps:

- (a) If the threat appears to be serious and if, in the opinion of the department, the threat constitutes a violation of Section 71 of the Penal Code or some other statute, the matter will be referred to the appropriate law enforcement agency for a criminal investigation.
- (b) If the threat appears serious and, while a law enforcement investigation is pending, or if a law enforcement investigation has been completed and the suspect has not been arrested, the department will, in concert with the threatened member, make a determination on a course of action that will insure the safety of the member.

943.2 POLICY

Members with permanent or probationary status may be granted an unpaid leave of absence for a period not to exceed one year for illness or disability, pregnancy, educational pursuits which would benefit the department, or other personal reasons approved by the Chief Probation Officer.

- (a) Requests for leaves of absence must be made in writing to the Chief Probation Officer and must contain the date the leave is to start, the date the member expects to return and the specific reason for requesting the leave.
- (b) The Chief Probation Officer and Chief Executive Officer may approve the request only if, in their opinion, the reason for the leave is acceptable.
- (c) A request for an unpaid leave of thirty days or less shall not require the Chief Executive Officer approval.
- (d) Unpaid leave time will not be approved for the purpose of routinely taking time off in excess or in lieu of accrued vacation hours.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Tab 11 – Leave Time Benefits; Leaves of Absence](#).

During an unpaid leave of absence, the member retains the right to return to County service, but does not receive service credits towards retirement and does not receive paid benefits, except as indicated in Section: Family & Medical Leave Act and California Family Rights Act of this policy.

943.3 FAMILY AND MEDICAL LEAVE ACT (FMLA) AND CALIFORNIA RIGHTS ACT

The following summary is excerpted from the [Stanislaus County Family Medical Leave of Absence \(FMLA\) Policy](#). Members contemplating using unpaid family medical leave should consult the current County policy in its entirety.

An eligible member is one who has worked for the County for a minimum of 12 months (does not have to be consecutive) and who has worked a minimum of 1250 hours during the 12 months prior to the requested leave effective date.

The Family and Medical Leave Act (FMLA) of 1993 allows an eligible members up to a total of 12 work weeks of unpaid protected leave of absence during a 12-month period for one or more of the following:

In addition eligible members may take job protected leave up to a total of 26 work weeks in a "single 12-month period" to care for a covered service member with a serious injury or illness if the member is the spouse, child, parent or next of kin of the service member.

Approved Time Off/Dock Time

944.1 PURPOSE AND SCOPE

This policy provides guidelines for establishing the use of approved time off/ dock time by members.

944.2 PURPOSE

When circumstances necessitate and with the approval of the Chief Probation Officer, a member can take time off without compensation when he/she has run out of vacation and/or sick time. A leave of absence without pay must be approved in advance, except in the case of illness or disability when advance notice is impossible.

If a member has either vacation, sick, or comp time left on the books, the member cannot use Approved Time off (ATO).

Dock time occurs when a member takes time off from work without compensation for an unspecified reason. Dock (DOC) time can be:

- (a) Used when the member has run out of vacation and/or sick time;
- (b) Used when the member takes time off without the approval of the Chief Probation Officer.

DOC may be used even if the member has time on the books. For example, the member may have a leave restriction that does not allow the use of sick or vacation time in which case DOC time is used.

All members are to follow the guidelines as outlined in the [Stanislaus County Personnel Manual, Tab 10 – Time; Approved Time Off/ Dock Time](#).

Attendance Requirements

945.1 PURPOSE AND SCOPE

This policy provides standard and expectations for member attendance.

945.2 POLICY

All members are required to report prepared to work each day they are scheduled to work, unless they have received approval to take time off in accordance with other departmental policies.

Regular attendance is essential to efficient departmental operations and is a necessary condition of employment. Excessive tardiness and/or poor attendance impact the overall job performance and productivity of members, and as such is an issue that may be addressed in performance evaluations and ratings.

All members are expected to remain on the job during their assigned hours of employment except:

- (a) During authorized meal periods.
- (b) During authorized breaks, not to exceed two 15-minute breaks per eight-hour work day. Breaks may not be taken at the beginning or end of the work day and may not be accrued.
- (c) All Institutions staff assigned to an eight-hour shift, inclusive of the meal period, shall remain on the premises and be on-duty during their meal period.

Any member who is absent without authorization and without contacting his or her supervisor for three consecutive working shifts, or longer, will be presumed to have voluntarily resigned from County service, effective on the date at which the unauthorized absence began.

All members are to follow the guidelines as outline in the [Stanislaus County Personnel Manual, Tab 10 – Time; Work Week / Breaks](#).

945.3 CALL-IN PROCEDURES

All members should notify the Shift/Unit Supervisor or appropriate supervisor, by telephone, as soon as they are aware that they will not be able to report to work and no less than two (2) hours before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246). If the member cannot reach his/her direct supervisor, a message must be left for that supervisor with a contact number where he/she may be reached. In the event that a member is unable to make direct contact with their supervisor a subsequent call shall be made during regular business hours in order to make direct contact with a department supervisor.

- (a) All institutions staff assigned to shift schedules are expected to call the on-duty supervisor at least two (2) hours prior to their regularly scheduled start time so that replacement staff can be contacted.

FOREWORD

Hate Crimes (i.e. crimes motivated by bias) convey a message of terror and exclusion, not just to the immediate victims but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement.

The 2018 California State Auditor's Report, titled "Hate Crimes in California," found that California law enforcement has not taken adequate action to identify, report, and respond to hate crimes. The report found that agencies did not properly identify some hate crimes, and underreported or misreported hate crimes as well. The report also noted that hate crimes are on the rise in California, increasing in both 2015 and 2016.

California Penal Code (CPC) 422.87 added new language and requirements to any newly created or updated agency hate crimes policy. Effective January 1, 2019, any local law enforcement agency that updates an existing hate crimes policy, or adopts a new one, shall include the content of the model policy framework provided in this document as well as any revisions or additions to the model policy in the future.

These guidelines are the primary elements that law enforcement executives are now required to incorporate into their hate crimes policy if an agency creates a new hate crimes policy or updates an existing one. The guidelines are designed for department-wide application and are intended to reflect a values-driven "top-down" process. They are intended to assist with the development and delivery of training and ensure proper identification, investigation, and reporting of hate crimes within each agency's jurisdiction.

POLICY GUIDELINES

GUIDELINE #1

Develop the foundation for the agency's hate crimes policy.

The law enforcement executive is responsible for providing leadership, communicating organizational values to the department and the community, paying attention to hate crime trends and current events that could trigger hate incidents and/or hate crimes in the community, and providing education and training to establish the foundation for the agency's hate crimes policy. Employees' ability to respond appropriately to hate crimes and hate incidents is maximized when the executive effectively establishes and communicates the foundational values of the organization.

GUIDELINE #2

Develop a hate crimes policy for the agency.

- I. An agency's hate crimes policy shall include the statutory definition of a hate crime, and its policy and programs should minimally include the following:
 - A. Response
 - B. Training
 - C. Planning and Prevention
 - D. Reporting

The law enforcement executive is responsible for the initial development of the policy and should be actively involved in its implementation. See the appendix for the exemplar "Message from the Agency Chief Executive".

GUIDELINE #3

Develop expertise to identify and investigate hate crimes.

The law enforcement executive is responsible for ensuring that the agency possesses expertise to identify and investigate hate crimes, as well as ensuring compliance with state and federal

reporting and public information requirements. Agencies should assign identified personnel to appropriate training to develop expertise and knowledge to investigate hate crimes.

Hate crimes are low-frequency events with high-risk consequences for the agency and community. Agencies shall provide a checklist to first responders to provide direction for the investigation of all hate crimes as mandated by CPC 422.87.

GUIDELINE #4

Develop and implement cooperative hate crimes plans with other law enforcement agencies.

- I. Coordinate cooperative efforts among regional, state, federal, and tribal law enforcement agencies to share information and training, and develop strategies to prevent hate crime activity.
- II. Develop and/or participate in law enforcement intelligence networks to enhance the agency's ability to anticipate potential hate crime targets. This interaction should include sharing intelligence information with other jurisdictions and cooperative investigations, arrests, and prosecutions if appropriate.

GUIDELINE #5

Develop and implement cooperative hate crime plans with the community and related governmental and non-governmental organizations, as appropriate.

- I. Collaborate with the community, including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools and colleges, to do the following:
 - Develop a network to build rapport with community groups

-
- Develop a protocol for response to hate crimes
 - Obtain witness and victim cooperation
 - Provide support services to victims
 - Collect demographic information about specific communities
 - Identify hate crime trends based upon current events and activity (hate crimes and/or hate incidents)
 - Identify periods of increased vulnerability based on significant dates and events for affected communities
- II. Law enforcement should identify and seek out cultural diversity training and information from/about specific communities within its jurisdiction (immigrant, Muslim, Arab, LGBTQ, Black or African American, Jewish, Sikh, disability, etc.) to strengthen agency awareness.

GUIDELINE #6

Conduct an annual assessment of the agency's hate crimes policy and its ongoing implementation.

The assessment should include:

- I. A review to ensure compliance with the POST Hate Crimes Model Policy and California law.
- II. A review and analysis of the agency's data collection, policy, and annual mandated reporting of hate crimes.
- III. A review and updating of the agency's hate crimes brochure to ensure compliance with CPC 422.92.
- IV. A review of any existing or available data or reports, including the annual California Attorney General's report on hate crimes, in preparation for, and response to, future hate crime trends.

MINIMUM LEGAL REQUIREMENTS FOR AN AGENCY'S HATE CRIMES POLICY

CPC 13519.6, effective January 1, 2005, minimally requires:

1. A message from the law enforcement agency's chief executive officer to the agency's officers and staff concerning the importance of hate crime laws and the agency's commitment to enforcement.
2. The definition of "hate crime" in Penal Code section 422.55.
3. References to hate crime statutes including Penal Code section 422.6.
4. A title-by-title specific protocol that agency personnel are required to follow, including, but not limited to, the following:
 - a. Preventing and preparing for likely hate crimes by, among other things, establishing contact with persons and communities who are likely targets, and forming and cooperating with community hate crime prevention and response networks.
 - b. Responding to reports of hate crimes, including reports of hate crimes committed under the color of authority.
 - c. Accessing assistance, by, among other things, activating the Department of Justice hate crimes rapid response protocol when necessary.
 - d. Providing victim assistance and follow-up, including community follow-up.
 - e. Reporting

CPC 422.87, effective January 1, 2019, states and minimally requires:

Each local law enforcement agency may adopt a hate crimes policy. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new one shall include, but not limited to, the following:

1. The definitions in Penal Code sections 422.55 and 422.56.
2. The content of the model policy framework that the Commission on Peace Officer Standards and Training developed pursuant to Section 13519.6 (above) and any content that the commission may revise or add in the future, including any policy, definitions, response and reporting responsibilities, training resources, and planning and prevention methods.
3. Information regarding bias motivation
 - a. For the purposes of this paragraph, "bias motivation" is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.
 - i. In recognizing suspected disability-bias hate crimes, the policy shall advise officers to consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse

fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

- ii. In recognizing suspected disability-bias hate crimes, the policy also shall advise officers to consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.
- b. Information regarding the general underreporting of hate crimes and the more extreme underreporting of anti-disability and anti-gender hate crimes *and a plan for the agency to remedy this underreporting (emphasis added)*.
- c. A protocol for reporting suspected hate crimes to the Department of Justice pursuant to Penal Code section 13023.
- d. A checklist of first responder responsibilities, including, but not limited to, being sensitive to effects of the crime on the victim, determining whether any additional resources are needed on the scene to assist the victim or whether to refer the victim to appropriate community and legal services, and giving the victims and any interested persons the agency’s hate crimes brochure, as required by Section 422.92.
- e. A specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.
- f. The title or titles of the officer or officers responsible for assuring that the department has a hate crime brochure as required by Section 422.92 and ensuring that all officers are trained to distribute the brochure to all suspected hate crime victims and all other interested persons.
- g. A requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.
- h. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new hate crimes policy may include any of the provisions of a model hate crime policy and other relevant documents developed by the International Association of Chiefs of Police that are relevant to California and consistent with this chapter.

MODEL POLICY FRAMEWORK

Purpose

This model policy framework is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how law enforcement agencies may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy.

Policy

It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ necessary resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should attend to the security and related concerns of the immediate victims and their families as feasible.

The agency policy shall include a requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

The agency policy shall provide a specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

 12. Coordinate the investigation with the crime scene investigation unit (if applicable) or other units of the agency.
 13. Determine if the incident should be classified as a hate crime.
 14. Take steps to ensure appropriate assistance is provided to hate crime victim(s), including the following measures:
 - a. Contact the victim periodically to determine whether he/she is receiving adequate and appropriate assistance.
 - b. Provide ongoing information to the victim about the status of the criminal investigation.
 - c. Provide the victim and any other interested person the brochure on hate crimes per CPC 422.92 and information on any local advocacy groups (if asked).
 15. Report any suspected multi-mission extremist crimes to the agency TLO, or assigned designee, and direct the TLO or designee to send the data to the Joint Regional Information Exchange System.
 16. Coordinate with other law enforcement agencies in the area to assess patterns of hate crimes and/or hate incidents (if directed by policy), and determine if organized hate groups are involved.

Supervision

The supervisor shall confer with the initial responding officer(s) and ensure that necessary preliminary actions have been taken. The supervisor shall request any appropriate personnel necessary to accomplish the following:

1. Provide immediate assistance to the crime victim by:
 - a. Expressing the law enforcement agency's official position on the importance of these cases and the measures that will be taken to apprehend the perpetrators.
 - b. Expressing the department's interest in protecting victims' anonymity (confidentiality forms GC 6254) to the extent possible. Allow the victim to convey his/her immediate concerns and feelings.
 - c. Identifying individuals or agencies that may provide victim assistance and support. Local victim assistance resources may include family members or close acquaintances, clergy or departmental chaplain, as well as community service agencies that provide shelter, food, clothing, child care, or other related services (per CPC 422.92).
2. Ensure that all relevant facts are documented on an incident and/ or arrest report and make an initial determination as to whether the incident should be classified as a hate crime for federal and state bias-crimes reporting purposes.
3. Notify other appropriate personnel in the chain of command, depending on the nature and seriousness of the offense and its potential inflammatory and related impact on the community.
4. In cases of large-scale hate crime waves, or in circumstances where the potential exists for subsequent hate crimes or incidents, consider directing resources to protect vulnerable sites (such as assigning an officer at specific locations that could become targets).
5. Ensure hate crimes are properly reported, including reporting to the Department of Justice, pursuant to CPC 13023.
6. Ensure adherence to CPC 422.93, which protects hate crime victims and witnesses from being reported to federal immigration authorities if they have not committed any crime under state law. Supervisors should also be aware of the immigration remedies available to victims of crime. (U-Visa, T-Visa, S-Visa, etc.)
7. Respond to and investigate any reports of hate crimes committed under the color of authority.
8. Provide appropriate assistance, including activating the California Department of Justice hate crime rapid response protocol if necessary. For information see the California Department of Justice webpage or use following link: <https://oag.ca.gov/sites/all/files/agweb/pdfs/civilrights/AG-Rapid-Response-Team-Protocol-2.pdf>
9. Report or ensure any suspected multi-mission extremists crimes are reported to the agency TLO, or assigned designee, and direct the TLO/ designee to send the data to the Joint Regional Information Exchange System.
10. Make a final determination as to whether the incident should be classified as a hate crime.

Training

All staff, including dispatch, desk personnel, volunteers, records, support staff, officers, supervisors, and managers shall be properly trained on the department's hate crimes policy. The agency will follow all legislatively mandated training requirements.

POST offers training and video courses to assist law enforcement in the identification, investigation, documentation and reporting of hate crimes. These courses provide officers with information and skills necessary to effectively identify, investigate, document and report hate crimes. Various training programs include the history and definitions of hate crimes, recognition of hate groups, international terrorism, legal considerations, victims' considerations, initial response duties, victim interviewing and care, suspect identification and interrogation, evidence identification, report writing, the role of law enforcement, investigative strategies, intelligence collection, supervisory roles, community relations, media relations and local program training development, and other topics such as proper use of computer systems and methods for reporting. POST also maintains an extensive array of training videos on applicable topics such as working with those with mental illness and intellectual disabilities, hate crimes, and working with minority communities.

For more information on POST training opportunities and available videos, visit the POST website at www.post.ca.gov. In conjunction with POST training opportunities, trainers may utilize other state and federal agencies that offer training courses, such as the U.S. Department of Justice.

Planning and Prevention

The general underreporting of hate crimes is an identified issue in California. Underreporting is caused by victims not reporting hate crimes or hate incidents due to a number of factors, including fear of reprisal and the belief that law enforcement will not properly investigate them. A report by the State Auditor in 2018 determined that California law enforcement has not taken adequate action to identify, report and respond to hate crimes. There is also an extreme underreporting of anti-disability and anti-gender hate crimes. The agency's plan to remedy this underreporting *shall be inserted into the policy* (emphasis added).

In order to facilitate the recommendations contained within this policy, it is strongly recommended that agencies build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes. Assigned personnel should perform the following:

1. Meet with residents in target communities to allay fears; emphasize the agency's concern over this and related incidents; reduce the potential for counter-violence; and provide safety, security, and crime prevention information. Cultural diversity education and immersion programs (if available) could facilitate this process.
2. Provide direct and referral assistance to the victim and his/her family.
3. Conduct public meetings on hate crime threats and violence in general.
4. Establish relationships with formal community-based organizations and leaders.
5. Expand, where appropriate, preventive programs such as hate, bias, and crime reduction seminars for school children.

-
6. Review the Attorney General's latest opinion on hate crime statistics and targets in order to prepare and plan for future crimes, specifically for Arab/Middle Eastern and Islamic communities.²
 7. Provide orientation of and with communities of specific targeted victims such as immigrants, Muslims, Arabs, LGBTQ, Black or African-American, Jewish, Sikh, disabled persons, etc.

Hate crimes are not only a crime against the targeted victim(s) but also have impacts on the victim's family and community. Working constructively with segments of this larger community after such crimes is essential to help reduce fears, stem possible retaliation, prevent additional hate crimes, and encourage any other previously victimized individuals to step forward and report such crimes. This is particularly important if an upward trend has been identified in these crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Most California law enforcement agencies do not track hate incidents. It is recommended that hate incidents be investigated and documented, if directed by policy, as part of the overall planning to prevent hate crime.

Tracking social media is also another identified area to find indicators of, or precursors to, hate crimes. It is recommended that agencies assign personnel to find, evaluate and monitor public social media sources to identify possible suspects in reported hate crimes, or to determine suspects or suspect groups in future hate crimes or hate incidents affecting the identified individuals, groups or communities that may be victimized, and planned hate-based events.

Release of Information

Agencies should have procedure and/or policy on public disclosure of hate crimes. Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure would assist greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

1. Dissemination of correct information.
2. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
3. The ability to request information regarding the commission of the crime(s) from the victimized community.

Agencies should provide the supervisor, public information officer, or designee with information that can be responsibly reported to the media. When appropriate, the law enforcement media spokesperson should reiterate that the hate crimes will not be tolerated, will be taken seriously, and will be prosecuted to the full extent of the law.

Agencies are encouraged to consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

²As described in CPC 13519.6(b)(3)

-
1. Informing community organizations in a timely manner when a community group has been the target of a hate crime.
 2. Informing the community of the impact of these crimes on the victim, the victim's family, and the community, and the assistance and compensation available to victims.
 3. Informing the community regarding hate crime law and the legal rights of, and the remedies available to, victims of hate crimes.
 4. Providing the community with on-going information regarding hate crime and/or hate incidents (if policy requires it).

Reporting

The agency policy shall require development of a procedure for data collection, documentation, and mandated reporting requirements. The agency shall:

1. Ensure that hate crimes are properly investigated, documented and reported.
2. During documentation, ensure hate crimes are flagged properly to allow for required reporting to the California Department of Justice. This is typically indicated by the title/penal code section identifying the report as a hate crime. Some agencies have added a check box specifically indicating a hate crime that could, if required by the agency policy, require a secondary review by an investigator/detective, supervisor or other identified party. It is the agency executive's responsibility to determine the form of documentation and type of indicators on crime reports.
3. The agency head or their designee (identified in the agency policy) should make a final determination as to whether the incident should be classified as a hate crime by the agency.
4. Agencies shall develop procedures to comply with legally mandated reporting, including the California Department of Justice, pursuant to CPC 13023.

APPENDIX

Definitions and Laws

In accordance with CPC sections 422.55, 422.56, 422.6, and 422.87, for purposes of all other state law unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Hate crime

"Hate crime" means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (1) Disability.
- (2) Gender.
- (3) Nationality.
- (4) Race or ethnicity.
- (5) Religion.
- (6) Sexual orientation.
- (7) Association with a person or group with one or more of these actual or perceived characteristics.

- (b) "Hate crime" includes, but is not limited to, a violation of Section 422.6.

"Association with a person or group with these actual or perceived characteristics" Includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of CPC 422.55 subdivision (a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate Speech

The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected: fighting words, true threats, perjury, blackmail, incitement to lawless action, conspiracy and solicitation to commit any crime.

Hate incident

A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property

Bias Motivation

Bias motivation is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.

Disability Bias

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Disability

Disability includes mental disability and physical disability as defined in GC 12926, regardless of whether those disabilities are temporary, permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Gender

Gender means sex and includes a person gender identity and gender expression. Gender expression means a person's gender-related appearance and behavior, whether or not stereotypically associated with the persons assigned sex at birth. A person's gender identity and gender related appearance and behavior, whether or not stereotypically associated with the person's assigned sex at birth.

In Whole or In Part

"In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that crime would not have been committed but for the actual or perceived characteristic.

Nationality

Nationality includes citizenship, country of origin, and national origin.

Race or Ethnicity

Race or ethnicity includes ancestry, color, and ethnic background.

Religion

Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Sexual orientation

Sexual orientation means heterosexuality, homosexuality, or bisexuality.
