Re: Permanent Plant Closing

Dear Mayor Ridenour, et al:

Please be advised that in accordance with the provisions of the Worker Adjustment and Retraining Notification Act (WARN), you are hereby notified that Owens Corning HOMEExperts, Inc. intends to permanently discontinue all operations at its Modesto Business facility located at 4459 Spyles Way, Suite D, Modesto, CA 95356, effective February 28, 2007. The first employees to be permanently laid off/terminated due to this closing will begin on February 28, 2007, and continue through March 30, 2007.

None of the affected employees have bumping or transfer rights. The job titles of the positions affected and the names of employees currently holding affected jobs can be found via the attached document.

Approximately 35 individuals will be affected by this facility closing, including employees who worked part-time or were on layoff/furlough status.

In the event that you have additional questions regarding the plant closing and/or the resulting terminations of employment, feel free to contact Arelyn Hernandez, Regional HR Leader, at (925) 525-5397.

Very truly yours,

John Dutra
Regional General Manager
