COUNTY OF STANISLAUS Management's Discussion and Analysis

As management of the County of Stanislaus (County), we offer this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2009. Please read it in conjunction with the County's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- The assets of the County exceeded liabilities at the close of the 2008-2009 fiscal year by \$720 million (*net assets*). Of this amount, \$442 million is invested in capital assets net of related debt and \$210 million is restricted for specific purpose (*restricted net assets*), leaving \$68 million in unrestricted net assets.
- The government's total net assets decreased by \$9 million.
- As of June 30, 2009, the County governmental funds reported combined fund balances of \$446 million, a decrease of \$7 million from the prior year. Approximately 81% of the combined fund balances, or \$360 million is available to meet the County's current and future needs (*unreserved fund balance*).
- At the end of the fiscal year, unreserved fund balance for the General Fund was \$81 million, or 31% of total General Fund expenditures and transfers.
- The County's total long-term liabilities changed by a net \$12 million in fiscal year 2008-2009. The decrease in long-term liabilities is mainly due to the annual debt service payments.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. There are three components to the County's basic financial statements 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to the basic financial statements. This report also contains other supplementary information.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all County assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

COUNTY OF STANISLAUS

Management's Discussion and Analysis (*Continued*)

OVERVIEW OF THE FINANCIAL STATEMENTS (Cont.)

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation and cultural services. The business-type activities of the County include the Fink and Geer Road Landfills, Health Clinics and Ancillary Services, Stanislaus Behavioral Health Center, Inmate Welfare/Commissary and Transit.

The government-wide financial statements include not only the County (known as the primary government), but also legally separate entities (component units) for which the County is financially accountable. There are five component units included in these financial statements. The Redevelopment Agency, Stanislaus County Capital Improvements Financing Authority, Stanislaus County Tobacco Funding Corporation, In-Home Supportive Services Public Authority and the Lighting Districts, although legally separate, function for all practical purposes as departments of the County and therefore, are included as an integral part of the primary government.

The government-wide financial statements can be found on pages 15-17 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

For the governmental funds, information is presented separately for the General Fund, Tobacco Settlement, Behavioral Health and Recovery Services, Community Services Agency, and Public Facility Fees, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

COUNTY OF STANISLAUS
Management's Discussion and Analysis (Continued)

OVERVIEW OF THE FINANCIAL STATEMENTS (Cont.)

The County adopts an annual appropriated budget for its General Fund and most of its Special Revenue Funds. Budgetary comparison statements have been provided in this report for the General Fund and the major Special Revenue Funds.

The governmental funds financial statements can be found on pages 18-31 of this report.

Proprietary funds are divided into two types. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the Fink and Geer Road Landfills, Health Clinics and Ancillary Services, Stanislaus Behavioral Health Center, Inmate Welfare/Commissary and Transit activities. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its self-insurance activities, Central Services, Fleet Services, Technology and Communication, and Morgan Shop Garage. All of these activities, except the Professional Liability Self-insurance Fund, predominantly benefit governmental functions and have been included within *governmental activities* in the government-wide financial statements. The Professional Liability Insurance Fund predominantly benefits business type functions and is included within the *business-type* activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Fink and Geer Road Landfills, and the Health Clinics and Ancillary Services Fund are considered to be major funds of the County. The County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The proprietary funds financial statements can be found on pages 32-35 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds except for agency funds.

The fiduciary fund financial statements can be found on pages 36-37 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 38-83 of this report.

The combining and individual fund statements referred to earlier provide information for non-major governmental funds, enterprise and internal service funds and are presented following the notes to the financial statements. Combining and individual fund statements can be found on pages 86-102 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$720 million at the close of the 2008-2009 fiscal year.

By far the largest portion of the County's net assets (61%) reflects its investment in capital assets (e.g., land, buildings, machinery, infrastructure, and equipment), less any outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another significant portion of the County's net assets, \$210 million, or 29% represents resources that are subject to external restrictions on how they may be used. The remaining \$68 million of the County's net assets are unrestricted. At the end of the current fiscal year, the County is able to report, in total, positive balances in all three categories of net assets.

The County's total net assets decreased by \$9 million during the current fiscal year as revenues exceeded expenses by that amount.

For business-type activities, the County reported a negative balance of \$13 million in unrestricted net assets. The negative variance of \$7 million from the prior year's unrestricted net assets is partially due to the one-time sale proceeds of Stanislaus Behavioral Health Center in fiscal year 2008-2009.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are contained in the general, special revenue, debt service, and capital projects funds. Included in these funds are the special districts governed by the County Board of Supervisors. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2009, the County's governmental funds reported combined fund balances of \$446 million, a decrease of \$7 million in comparison with the prior year. The lower fund balance is a result of decreased revenues in taxes, public facility fees, and charges for services.

Approximately 81% (\$359 million) of the combined fund balances constitutes *unreserved fund balance*, which is available for spending by the government. The remainder of fund balance is *reserved* to indicate that it is *not* available for new spending because it has been committed:

- 1) to pay debt service \$15.1 million
- 2) to capital projects \$1.7 million
- 3) to liquidate contracts and purchase orders of the prior period \$28.0 million
- 4) to reflect amount due from other funds that are long-term in nature and thus do not represent available spendable resources \$0.5 million
- 5) to reflect long term receivables for delinquent taxes due from taxpayers \$29.0 million
- 6) to reflect amounts loaned to other governments that are long-term and do not represent available resources \$4 million
- 7) to a variety of other restricted purposes \$7.8 million.

The General Fund is the chief operating fund of the County. At June 30, 2009, unreserved fund balance of the General Fund was \$81 million while total fund balance was \$123 million. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 31% of total fund expenditures and transfers, while total fund balance represents 48% of that same amount.

The County's management also designates (earmarks) unreserved fund balance to a particular function, project, activity or for purposes beyond the current year. However, designated fund balance is available for appropriation at any time. Of the \$81 million General Fund unreserved fund balance, 59% is designated. Unreserved, undesignated fund balance at year-end was \$33 million compared to \$8 million at June 30, 2008. Variance is partially due to decreased designation related to Teeter receivable. A change in the methodology related to the tax loss reserve is another factor in the favorable variance.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS (Cont.)

The total fund balance of the County's General Fund was consistent with the prior year.

The debt service funds have a total fund balance of \$15 million. Most of the debt service fund balance is reserved for debt service payment, consistent with prior years.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The following table shows actual revenues, expenses and results of operations for the current fiscal year:

GENERAL FUND BUDGETARY HIGHLIGHTS

The County appropriated \$5.7 million in a contingency budget for emergencies and other unanticipated expenses as part of administrative policy. At year-end, revenues were less than budgetary estimates in the General Fund by \$3.0 million and expenditures were less than budgetary estimates.

During the year, appropriations were increased by a net \$2.3 million resulting in a difference between the original budget and the final amended budget. The significant increase in appropriations was related to the Sheriff's Office, Elections Division and the District Attorney's Office.

The original budget for General Fund Match (transfers out) was increased by \$2.3 million. The match was increased for the operational activities of the Community Services Agency and to fund the Juvenile Hall Fire Alarm System.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2009, amounted to \$535 million (net of accumulated depreciation). This investment in capital assets includes land and easements, roads, highways, bridges, park facilities, structures and improvements, and equipment. The County's total investment in capital assets for the current period decreased from the prior year due to depreciation.

Major capital asset events during the 2008-2009 fiscal year included the following:

- The Regional Water Safety Training Center-Empire Pool was opened for public use on June 13, 2009. Gallo Center for the Arts fiscal year expenses were \$2.3 million.
- Acknowledge award of \$18 million from the State of California Corrections Standards Authority for the construction of 60-bed Juvenile Youth Treatment Facility.
- Closing costs for the Gallo Center for the Arts for fiscal year 2008-2009 were \$1.2 million.
- Emergency power and fire suppression costs for the Sheriff's Office were \$915 thousand for the fiscal year 2008-2009.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

County of Stanislaus
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Assets
June 30, 2009

Total fund balances for governmental funds (page 18) \$ 445,994,086

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land	\$ 40,271,818	
Infrastructure	274,972,149	
Structures and improvements	146,028,442	
Equipment	36,102,577	
Construction in progress	4,057,865	
Total capital assets		501,432,851

Investments - joint ventures 16,089,078

Internal service funds are used by the County to charge the cost of general liability, unemployment, worker's compensation, dental, vision, & purchased insurance plus central services, fleet services, technology & communication and Morgan garage to individual funds. The assets and liabilities of these internal service funds are included in governmental activities in the statement of net assets. 24,027,602

Some of the County's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are not recognized as revenue in the funds. 887,250

Costs of issuance that benefit future periods are recognized as expenditures in the funds. 2,959,415

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities--both current and long-term--are reported in the statement of net assets.

Balances at June 30, 2009 are:

Certificates of participation	(91,210,875)	
Bonds payable	(67,891,965)	
Tobacco securitization notes	(109,784,850)	
Capital leases	(1,116,702)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2009

Net change in fund balances - total governmental funds (page 20) \$ (7,121,185)

The change in net assets reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets and infrastructure	\$ 15,554,298	
Less current year depreciation	(35,446,263)	(19,891,965)

The net effect of miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets (1,587,949)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds (73,274)

Issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net assets (1,005,917)

Repayments of debt principal and issuance premiums are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and premiums are amortized in the statement of activities.

Repayments:

Certificate of participation	7,181,920	
Other long-term debt	10,660,330	
Capital lease	283,260	
Amortization of issuance premium	144,340	18,269,850

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Other post-employment benefits (OPEB)	(69,756)	
Change in investment in joint ventures	447,592	
Change in accrued interest payable	281,630	
Change in tobacco accreted interest payable	(3,036,378)	
Change in compensated absences	(1,699,286)	
Change in deferred charges	(163,424)	(4,239,622)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net expense of certain activities of the internal service funds is reported with governmental activities. 3,072,413

Change in net assets of governmental activities (page 17) \$ (12,577,649)

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 1: **Summary of Significant Accounting Policies**

This summary of significant accounting policies of the County of Stanislaus (the County) is presented to assist in understanding the County's financial statements. These accounting policies conform to Generally Accepted Accounting Principles (GAAP) and have been consistently applied in the preparation of the financial statements.

A. **Reporting Entity**

The accounting methods and procedures adopted by the County conform to GAAP as applied to governmental entities. These financial statements present the government and its component units, legally separate entities for which the government is considered to be financially accountable under the criteria set by Governmental Accounting Standards Board (GASB) Statement No. 14.

Reported component units on the County's financial statements can be blended or discretely presented. Blended component units, although legally separate entities, are in substance, part of the government's operations. Blended component units are an extension of the County and so data from these units are combined with the data of the primary government. Each component unit has a June 30th year-end.

Blended Component Units

1. **Redevelopment Agency of the County of Stanislaus ("Agency"):** The Agency was established by the County as a separate legal entity in accordance with state law. It is governed by the five members of the County Board of Supervisors. The purpose of the Agency is to acquire, rehabilitate, and revitalize property within legally designated redevelopment areas. The Agency provides service solely to the County and is reported as a capital projects fund.
2. **Stanislaus County Capital Improvements Financing Authority ("Authority"):** The Authority was established on September 1, 1989, as a separate legal entity whose sole purpose is to provide financing for various County capital projects. It is governed by the five members of the County Board of Supervisors. The activity for the Authority is reported as a debt service fund.
3. **Lighting Districts:** The County has 27 different, legally separate lighting districts whose boards are the same as the County Board of Supervisors. The County's approval is needed to set the districts' budget and to set assessment rates. The activity for the lighting districts is reported in a special revenue fund.
4. **Stanislaus County Tobacco Funding Corporation ("Stanislaus Corporation"):** The Stanislaus Corporation was established per Board resolution on November 7, 2000 as a separate legal entity pursuant to California Corporations Code. Three directors, two from the County and one independent, govern it. Its purpose is to acquire from the County all of the rights of the County future tobacco settlement payments and to borrow money secured by the County tobacco assets on behalf of the California County Tobacco Securitization Agency (See Note 16). The Corporation provides service solely to the County and is reported as a debt service fund.

5. In-Home Supportive Services Public Authority of Stanislaus County ("Public Authority"): The Public Authority was established on December 9, 2004 as a separate legal entity pursuant to Welfare and Institutions Code Section 12301.6. It is governed by the five members of the County Board of Supervisors. The purpose of the Public Authority is to implement the goals and objectives of the In-Home Supportive Services Program. The Public Authority is reported as a special revenue fund.

B. **Basis of Presentation**

Government-Wide Financial Statements

The statement of net assets and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. The government-wide statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

In the government-wide statements, eliminations have been made to minimize the double counting of certain internal activities. In the statement of net assets, all internal balances have been eliminated except those representing the net balance due between governmental and business type activities. This residual balance is reported as "internal balances." In the statement of activities, direct expenses such as services provided and used are not eliminated, but internal service fund activity has been eliminated.

The statement of activities demonstrates the degree to which the program expenses of a given function are offset by program revenues. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated administrative overhead. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net assets are available, unrestricted resources are used only after the restricted resources are depleted.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Non-operating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

- The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as public protection, health and sanitation, public assistance, education and recreation services.
- The *Tobacco Settlement Fund* was established to account for the proceeds from securitizing the County's share of tobacco settlement revenues. Currently the proceeds are restricted to use for capital expenditures. The intent is to preserve the initial amount and to distribute 80% of the annual investment earnings to the General Fund.
- The *Behavioral Health and Recovery Fund* was established to provide mental health services to the residents of the County under the provisions of Welfare and Institutions Codes 5600 and 5000. This includes residential/support treatment services, outpatient treatment services, and an array of education and prevention services. The primary source of revenues is from intergovernmental sources and charges for services.
- The *Community Services Agency Fund* was established for the administration of the three major public social programs including financial assistance, social services, and employment services. Intergovernmental revenue is the primary source of financing for this fund.

Fund Financial Statements (continued)

- *Public Facility Fees Fund* was established by the Board of Supervisors' adoption of Resolution No. 89-1724 for the purpose of reducing the impact of a growing community on existing County resources. The fees are charged to new development based on the need for facilities to maintain the existing level of service. The fee benefits the following departments and programs: roads, detention, criminal justice, library, parks, public and mental health, emergency services, animal services and sheriff.

The County reports the following major enterprise funds:

- The *Fink Road Sanitary Landfill Fund* was established to account for the operation of Fink Road Sanitary Landfill, which provides a dumping site for the disposal of solid waste. Revenues are derived from fees generated for the disposal of waste at the site.
- The *Geer Road Sanitary Landfill Fund* was established to account for the operation of Geer Road Sanitary Landfill, which provided a dumping site for the disposal of solid waste. The landfill was closed in July 1990 and is jointly owned with the City of Modesto.
- The *Health Clinics and Ancillary Services Fund* was established to account for health care operations in outpatient clinics throughout the County. Revenues are derived from fees for patient services, payments from federal and state programs such as Medicare and Medi-Cal, private insurance, and subsidies from the County.

The County reports the following additional fund types:

- *Internal Service Funds* account for the County's fleet maintenance, communication, technology, and other services provided to departments or other governments. They also account for self-insurance programs – worker's compensation, long-term disability, employee benefits, and personal injury and property damage on a cost-reimbursement basis.
- The *Employees' Retirement Trust* accumulates contributions from the County, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability and death benefits (based on a defined benefit formula) and administrative expenses. This fund includes all assets of the Stanislaus County Employees' Retirement Association (StanCERA).

Fund Financial Statements (continued)

- The *Investment Trust Fund* accounts for the assets of legally separate entities that deposit cash with the County Treasurer in an investment portfolio for the benefit of all participants. These entities include school and community college districts and other special districts governed by local boards, regional boards and authorities. The fund represents the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.
- The *Agency Funds* account for assets held by the County as an agent for individuals, private organizations, or other governments.

C. **Basis of Accounting**

The government-wide, proprietary, pension and investment trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available (“susceptible to accrual”). The County considers revenues available if they are collected within 180 days after year-end, except for property taxes. Property taxes are considered available if they are collected within 60 days after year-end. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 1: **Summary of Significant Accounting Policies** (continued)

C. **Basis of Accounting** (continued)

For its business-type activities and enterprise funds, the County has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Proprietary funds distinguish operating revenues and expenses from nonoperating. Operating revenues and expenses generally result from providing services and producing goods in connection with a proprietary fund's principal operations. The operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for those same funds include the cost of sales and services, administrative expenses, depreciation and the estimated cost of closure/postclosure for the landfills. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. **Budgetary Basis of Accounting**

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before August 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Ordinance. This ordinance mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

An operating budget is adopted each fiscal year for the General Fund and all special revenue funds except the Tobacco Settlement Fund. An operating balanced budget is adopted for the capital project funds for the life of the project, except for the Redevelopment Agency, the Courthouse Construction Fund and the Criminal Justice Facilities Fund, which adopt an operating budget each fiscal year. A budget is not adopted for the Public Facility Fees Capital project fund as those dollars are transferred and budgeted in other funds. Expenditures are controlled at the object level within budget units. A budget unit may be (1) a single department, (2) a division of a large department having multiple divisions, or (3) an entire fund. The object level within a budget unit is the level at which expenditures may not legally exceed appropriations. Any transfers of appropriations between object

Note 1: **Summary of Significant Accounting Policies** (continued)

D. Budgetary Basis of Accounting (continued)

levels within the same budget unit may be authorized by the County Executive Office. Budget amendments or supplementary appropriations normally financed by unanticipated revenues during the year or transfers of appropriations between budget units must be approved by the Board of Supervisors. Budgeted amounts in the budgetary comparison schedules are reported as originally adopted and as amended during the fiscal year by resolutions approved by the Board of Supervisors.

The budgets for the governmental funds may include an object level known as “expenditure transfers”. This object level is an accounting mechanism used by the County to show reimbursements between operations within the same fund (an example would be the General Fund).

The amounts reported on the budgetary basis differ from the basis used to present the basic financial statements in accordance with generally accepted accounting principles (GAAP). Annual budgets are prepared on the modified accrual basis of accounting except that current year encumbrances and commitments are budgeted as expenditures.

The following schedule reconciles the amounts on the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual on Budgetary Basis to the amounts on the Statement of Revenues, Expenditures and Changes in Fund Balances:

		Special Revenue Funds	
	General Fund	Behavioral Health and Recovery	Community Services Agency
Total expenditures (budgetary basis)	\$ 191,904,683	\$ 61,432,549	\$ 248,817,194
Basis difference - net addition of			
2007/08 encumbrances and commitments minus			
2008/09 encumbrances and commitments	3,406,446	220,140	164,564
Total Expenditures (GAAP)	\$ 195,311,129	\$ 61,652,689	\$ 248,981,758

E. Cash and Cash Equivalents

Cash and cash equivalents include cash in bank and investments held by the County Treasurer in a cash management pool. The amounts classified as “Investments with Fiscal Agent” represent loan proceeds held by the trustees for various borrowings (See Note 11) and securitized tobacco settlement proceeds invested outside the County Pool.

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Cash and Cash Equivalents** (continued)

or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents.

F. **Investments**

California Government Code Section 53600, et seq., authorizes the County to invest in obligations of the State or any local agency of the State of California, bankers' acceptances, commercial paper, negotiable certificates of deposits, repurchase agreements or reverse repurchase agreements, medium-term notes issued by corporations and the State of California Local Agency Investment Fund. The County may also invest in certain open-ended mutual funds permitted by the Government Code. All investments are carried at fair value until they are within 90 days of maturity at which time they are reported at amortized cost. Interest earned on pooled investments is apportioned quarterly to certain participating funds based upon each fund's average daily deposit balance with all remaining interest deposited in the General Fund.

The tobacco securitization proceeds are invested under a separate policy approved by the County Board of Supervisors on January 29, 2002. The policy authorizes the County to invest in obligations outlined in California Government Code Section 53600, et seq., with no investment having a greater maturity date than the final maturity of any tobacco settlement asset-backed bond. All investments are reported at fair value.

The Employees' Retirement Trust (StanCERA) funds are invested pursuant to policy guidelines established by the Retirement System's Board. The objective of the investment policy is to invest in a manner that provides the safeguards and diversity that a prudent investor would adhere to. The policy of StanCERA is to invest in the following asset classes: Large Cap US Stocks, Small Cap US Stocks, Non US Stocks and Fixed Income. Investments are stated at fair value.

G. **Deferred Revenue**

The County reports deferred revenue on its financial statements. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when the County receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability of deferred revenue is removed from the financial statements and revenue is recognized.

COUNTY OF STANISLAUS

Note 1: **Summary of Significant Accounting Policies** (continued)

H. **Inventory**

In governmental funds, inventories are valued at cost. In proprietary funds, they are valued at lower of cost or market. Cost is determined by using either the weighted average or the first-in, first-out method. The consumption method of accounting for inventory is used for the governmental funds and the proprietary funds. For the governmental funds, the reserve for inventory indicates that a portion of the fund balance is not an available financial resource (See Note 13).

I. **Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

J. **Capital Assets**

Capital assets (including infrastructure) are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain assets (infrastructure) consisting of roads, bridges, lighting systems, drainage systems, and flood control improvements. The County defines capital assets, other than infrastructure, as assets with an initial, individual cost equal to or greater than \$5,000 and an estimated useful life in excess of one year, with the exception of the Health Clinics and Ancillary Services Enterprise Fund. The Health Clinics and Ancillary Services Enterprise Fund defines capital assets as assets with an initial, individual cost equal to or greater than \$1,000 and an estimated useful life in excess of three years. In addition to these individual assets, the library's books are capitalized together as one collection.

Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide and proprietary funds statements, with the exception of patrol cars and landfill cell development. The units of production method is used for depreciation on patrol cars and landfill cells.

The estimated useful lives are as follows:

Infrastructure	20 to 60 years
Structures and improvements	15 to 60 years
Equipment	3 to 20 years
Patrol cars	100,000 miles
Landfill cell	1,960,000 cubic yards

The County has seven networks of infrastructure assets – roads, bridges, lighting system, storm drains, signs, signals and beacons.

K. **Compensated Absences (Accrued Vacation, Sick Leave, and Compensatory Time)**

All regular employees of the County earn vacation and sick leave with pay every year. The amount of vacation and sick hours earned is based on the years of continuous service and the bargaining unit to which the employee belongs. All employee bargaining units have vacation accumulation limits. Regular employees are given credit for eight hours sick leave each month of employment with limited accumulation.

After at least six months of County service, most regular employees, upon separation, are entitled to all unused vacation time accumulation. Most regular employees are entitled to a portion of accumulated sick leave after six years of service, depending on age, years of service, and bargaining unit.

At the close of each fiscal year, the balance of this accumulated time is computed for each employee at the current salary range. In the financial statements, these amounts are referred to as “compensated absences.” A 10-year average of all termination payments is used to compute the amount that is expected to be liquidated in the next year with expendable available financial resources. This current portion and the balance of the long-term liability are reported in the government-wide statements, the enterprise and internal service funds financial statements and are generally liquidated by the General Fund.

L. **Interfund Transactions**

Interfund transactions include loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either “due to/due from” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances”.

Advances to other funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available financial resources.

Services or supplies provided can result, at year-end, in receivables and payables referred to as “due to/from other funds.” These receivables and payables are eliminated in the governmental-wide consolidation with residual balances reported as “internal balances” when they are between funds of the County.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund

transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the government-wide presentation.

M. **Estimates**

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

N. **Implementation of Governmental Accounting Standards Board (GASB) Statements**

For fiscal year-end June 30, 2008, the County has implemented GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension* and GASB Statement No. 50, *Conforming Changes for Pension Disclosures*.

Note 2: **Restatement of Equity**

The beginning fund balance of the Health Services Agency Clinic and Ancillary Services (HSA CI & Anc) enterprise fund has been restated to reflect prior year Graduate Medical Education (GME) Federal funding repayment.

County hospital inpatient facilities in November 1997 and the rising cost of health care. The plan to recover this deficit focuses on transfers from other funds, increased fees for service, and increased reimbursement from the Federal government as a Federally Qualified Health Center Look-Alike.

The Debt Service Fund deficit is due to lowered salary expectations. This deficit will be funded by increased rates.

Note 4: **Excess of Actual Expenditures Over Budget in Individual Budget Units**

For the year ended June 30, 2009, no expenditures exceeded budget at the department and object level.

Note 5: **Cash and Investments**

The County maintains a cash and investment pool - Stanislaus County Treasurer's Pool - for the purpose of increasing interest income through investment activities. This pool, which is available for use by all funds, is displayed on the statement of net assets/balance sheet as "cash and investments." The Stanislaus County Treasurer's Pool generally limits participation in the pool to those agencies and districts required to participate by legal provisions of the California State Government Code for those agencies and districts. Voluntary participation is limited to the Stanislaus County Employees Retirement System (StanCERA) and independent special districts, which represent approximately 3% of the pool. While StanCERA participates in the County Treasurer's Pool, the majority of their cash and investments are managed separately from the County Pool. The County has no legally binding guarantees to support the shares in the County Treasurer's Pool.

The share of each fund in the Stanislaus County Treasurer's Pool is separately accounted for and interest is apportioned quarterly based on the relationship of the fund's average daily cash balance to the total of the pooled cash and investments. In accordance with Government Code Section 53647, interest on all money deposited in the County Treasury belongs to the County unless otherwise directed by law or the County Board of Supervisors. The County has numerous funds in which the interest earned is deposited into the General Fund to comply with the above code section.

The Stanislaus County Treasurer's Pool is not SEC-registered, but is invested in accordance with California State Government Code section 53600 et. seq. California State Government Code requires the formation of an Investment Oversight Committee, which is charged with overseeing activity in the pool for compliance to policy and code requirements. To this end, the Oversight Committee reviews the monthly investment report prior to presentation to the Board of Supervisors and causes an audit of investments to occur annually.

COUNTY OF STANISLAUS

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 5: **Cash and Investments** (continued)

Interest Rate Risk - This is the risk of loss due to the fair value of an investment falling because of rising interest rates. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

- *Stanislaus County Treasurer's Pool.* The County's policy for interest rate risk allows investments to be sold prior to maturity at a loss if such sale will allow investment in a higher yield vehicle and any loss upon sale can be more than compensated by additional interest earning within a six month period. Of the County's \$1.0 billion portfolio, over 69% of the investments have a maturity of one year or less. No investment has maturity greater than four years.
- *Stanislaus County Tobacco Settlement Investment Portfolio.* This portfolio, under a separate investment policy, includes Municipal bonds with maturities of up to 25 years that are sensitive to interest rate changes. These bonds are all insured, which tends to reduce interest rate risk.
- *StanCERA's Investment Portfolio.* StanCERA's average effective duration of all fixed income holdings, reflecting all instruments including Collateralized Mortgage Obligations and Asset-Backed Securities, must be maintained at plus or minus 1.5 years of the Barclay Aggregate bond index duration. At year end the Barclay Aggregate Bond Index was yielding 4.14% with an effective duration of 4.30 years. StanCERA had a yield of 5.23% with an effective duration of 3.51 years.

Credit Risk - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

- *Stanislaus County Treasurer's Pool.* The County is permitted to hold investments of issuers with a short-term rating of "A-1" and a minimum long-term rating of "A" by two of the top nationally recognized statistical rating organizations (rating agencies). Additionally, the County is permitted to invest in U.S. Treasuries, Government Sponsored Enterprises (Agencies), the State's Local Agency Investment Fund and collateralized certificates of deposit that are un-rated.
- *Stanislaus County Tobacco Settlement Investment Portfolio.* This portfolio includes insured, triple A rated Municipal bonds that make up 47% of the portfolio. The rest of the portfolio is invested in money market and mutual funds with maturities of less than one year.

StanCERA's Investment Portfolio. Under StanCERA policy, the fixed income portfolio must have an average quality rating of A or better in the aggregate as measured by at least one credit rating service. Investment grade quality is defined as BBB rated or higher at time of purchase. In cases where credit rating agencies assign different quality ratings to a security, the lower rating will be used. Should the rating of a fixed income security fall below investment grade, the manager may continue to hold the security if they believe the security will be upgraded in the future, there is a low risk of default, and buyers will continue to be available throughout the anticipated holding period. The manager has the responsibility of notifying the StanCERA Board whenever an issue falls below investment grade. The notification should include the manager's assessment of the issue's credit rating and its ongoing role in the portfolio.

Custodial Credit Risk-deposits - In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

- *Stanislaus County Treasurer's Pool and other deposits.* At year-end, Stanislaus County had no custodial credit risk exposure to any depository financial institution. As per State of California Government Code (Section 53630 – 53683), our depository banks, i.e., Bank of the West, Union Bank of California, and US Bank collateralize Stanislaus County public funds with eligible securities having a market value of at least 110% of the actual amount on deposit. These securities are maintained with the third party custodians. The collateral is held in a pool based on the bank's total public deposits. The County did not have deposits in any foreign currency.
- *StanCERA's Investment Portfolio.* At year end, StanCERA had no custodial credit risk exposure to any depository financial institution. All deposits are placed with a custodial bank. The custodian is responsible for maintaining an adequate level of collateral in an amount equal to 102% of the market value of loaned securities. Collateral received may include cash, letters of credit, or securities. If securities collateral is received, StanCERA cannot pledge or sell securities collateral unless the borrower defaults.

Custodial Credit Risk-investments - For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

- *Stanislaus County Treasurer's Pool and Stanislaus County Tobacco Settlement Investment Portfolio.* All negotiable instruments are held by the County's custodian or a third party in the County's name. The County did not participate in securities lending. The investment policy prohibits investment in instruments denominated in a foreign currency.
- *StanCERA's Investment Portfolio.* State statutes and Board of Retirement Investment Policy permit StanCERA to participate in a securities lending program. StanCERA's custodial bank administers its securities lending program. At year-end, StanCERA had no custodial credit risk exposure to borrowers because the amounts StanCERA owed to borrowers exceeded the amounts the borrowers owed to StanCERA. StanCERA's contract with the custodian requires it to indemnify StanCERA if the borrower fails to return the securities and the collateral is inadequate to replace the securities lent or fail to pay StanCERA for income distributions by securities issuers while securities are on loan.

As of June 30, 2009, StanCERA had securities on loan with a carrying value of \$192,440,167 and cash collateral of \$190,693,978, with non-cash collateral of \$235,035. The types of securities lent were U.S. Government and Agencies, U.S. Corporate Fixed Income and U.S. Equities. There are no restrictions on the amount of securities that may be lent.

Foreign Currency Risk – This is the risk that changes in exchange rates may adversely affect the fair value of an investment.

- *StanCERA's Investment Portfolio.* StanCERA's external investment managers may invest in international securities and must follow StanCERA's Investment Guidelines pertaining to these types of investments.

The fair value, in US dollars, of StanCERA's foreign currency at June 30, 2009 was \$206,580,513, distributed as follows:

<u>Currency</u>	<u>Fair Vaue (in US \$)</u>	<u>Currency</u>	<u>Fair Vaue (in US \$)</u>
Australian Dollar	\$ 9,937,267	New Taiwan Dollar	\$ 3,910,561

Foreign Currency Risk (continued)

Concentration of Credit Risk - This is the risk of loss due to a large concentration of investments in any one issuer. Investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are not considered at risk.

- *Stanislaus County Treasurer's Pool.* Over 52% of the County's investments, including collateral on repurchase agreements, were in the U.S. Government or Government Sponsored Enterprises (Agencies). The following Agencies each comprised more than 5% of the pool investments:

<i>Federal Home Loan Bank</i>	16.69%
<i>Federal Home Loan Mortgage Corporation</i>	12.80%
<i>Federal National Mortgage Association</i>	12.72%
<i>Federal Farm Credit Bank</i>	10.11%

Of the 48% of the portfolio invested in other types of investments, no investment in a single issuer exceeds 5%.

- *Stanislaus County Tobacco Settlement Investment Portfolio.* This portfolio includes California State Municipals bonds that comprise 83% of the portfolio.
- *StanCERA's Investment Portfolio.* StanCERA's policy requires that not more than 5% of the total StanCERA stock portfolio, valued at market, may be held in the common stock of any one corporation. Not more than 5% of the outstanding shares of any one company may be held. Individual investment managers are to hold no more than 8% of the market value of the manager's entire stock portfolio in any one company's stock. Not more than 25% of the stock valued at market may be held in any one industry category, as defined by the Retirement Association's consultant, without special permission from the StanCERA Board.

With the exception of securities issued by the U.S. Government and its agencies, no single fixed income issue will represent more than 5% of the total portfolio as measured by market value at time of purchase. Holdings of any individual issue must be 5% or less of the value of the total issue.

At June 30, 2009, StanCERA had the following investments:

In accordance with GASB No. 31, investments are reported on the statement of net assets/balance sheet at their fair value and all changes in fair value are reflected in income of the period in which they occur. Fair values were obtained from our custodial statement for all investments having greater than 90 days to maturity in the following categories:

- U.S. Agency and GSE Bonds and Notes
- U.S. Treasury Bonds, Notes and Bills
- Corporate Bonds and Notes

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 5: **Cash and Investments** (continued)

Amortized cost was used for all investments having 90 days or less to maturity, which may include the following categories:

- Commercial Paper
- State of California Local Agency Investment Fund
- U.S. Agency and GSE Bonds and Notes
- U.S. Treasury Bonds, Notes and Bills
- Repurchase Agreements
- Corporate Bonds and Notes
- Money Market Funds

Book cost was used for collateralized Certificates of Deposit purchased from state and nationally chartered banks.

During the fiscal year the County Treasurer's Pool included investments in negotiable Certificates of Deposit as well as those investments owned at June 30, 2009.

The Stanislaus County Treasurer's Pool maintains some investment in the State of California Local Agency Investment Fund (L.A.I.F.). The total amount invested by all public agencies in L.A.I.F. at June 30, 2009 was \$25.2 billion. L.A.I.F. is part of the State of California Pooled Money Investment Account (P.M.I.A.) whose balance at June 30, 2009 was \$50.7 billion. No amount was invested in any derivative financial products. P.M.I.A. is not SEC-registered, but is required to invest according to California State Code. The average maturity of P.M.I.A. investments was 235 days as of June 30, 2009.

The Local Investment Advisory Board (Board) has oversight responsibility for L.A.I.F. The Board consists of five members as designated by state statute. The value of the pool shares in L.A.I.F., which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the pooled treasury's portion in the pool. Withdrawals from L.A.I.F. are done on a dollar to dollar basis.

In accordance with GASB 31, investments are marked to fair values annually and an adjustment is made to each fund accordingly. However, actual daily activity is done on a dollar for dollar basis and only a withdrawal from the pool of a size that jeopardizes pool participants would cause the withdrawal to be done at market value.

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 9: **Property Taxes**

The County's property taxes are levied July 1 (Unsecured Roll) and October 1 (Secured Roll) on assessed values established on the lien date of the previous January 1 for all taxable property located within the County. Local assessed values are determined, subject to appeal before the Assessment Appeals Board, by the County Assessor's Office. Locally assessed real property is appraised at the base year value and is adjusted each year after 1975 by the change in the California Consumer Price Index (CPI) not to exceed an increase of 2%. Property is re-appraised from the 1975/76 base year value to current full value upon either (1) a change in ownership, or (2) new construction, as of the date of such transaction or completion of construction (only the newly constructed portion of the property is re-appraised). Thereafter, it continues to be increased annually by the change in the CPI not to exceed 2%. The total gross assessed value for the 2008/2009 fiscal year is \$40,424,458,781.

The County is permitted by Section 93, of the California Revenue and Taxation Code, to levy taxes up to \$1.00 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on general obligation bonds or other indebtedness approved by a two-thirds vote of its voters after June 4, 1986. Taxes are allotted to local agencies and school districts as outlined in Sections 95 through 100 of the California Revenue and Taxation Code.

Taxes are due in one installment (Unsecured Roll) on billing and are subject to late payment penalties if paid after August 31, or two installments (Secured Roll) due on November 1 and February 1, and again subject to the late payment penalties if paid after December 10 and April 10, respectively.

The County and its political subdivisions operate under the provisions of Sections 4701-4717 of the California Revenue and Taxation Code (otherwise known as the "Teeter Plan"). Under this method, the accounts of all political subdivisions that levy taxes on the County tax roll are credited with 100% of their respective secured ad valorem tax levy, regardless of the actual payments and delinquencies. This method then provides for all the delinquent penalties and redemptions flow to the County's General Fund. In addition, Sections 4703 and 4703.2 of the California Revenue and Taxation Code require that a property tax loss reserve fund be maintained at 1% of the total of all taxes and assessments levied on the secured roll for that year for participating entities in the County, or 25% of the total delinquent secured taxes. For the 2008-2009 tax year, the Revenue and Taxation Code 4703 methodology of 1% was elected by Board resolution.

Taxes receivable in the General Fund includes \$29 million long term property tax receivable resulting from the Teeter method of distribution. This long term receivable as well as another \$11 million expected to be collected next fiscal year have already been credited to other governments. These property tax receivables will be collected from the taxpayers.

Unsecured taxes are accrued in the period when they are levied and are recognized when they become available. "Available" means, due or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. This period was 60 days from the end of the fiscal year. Property taxes receivable that do not meet the "available" criteria are recorded as deferred revenue.

With the exception of the Professional Liability Insurance Fund, which serves the Health Clinics and Ancillary Services Enterprise Fund, internal service funds serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end \$641,099 of internal service funds compensated absences are included in the above amounts. Also, for the governmental activities, risk management liability and compensated absences are generally liquidated by the General Fund.

C. Tobacco Settlement Asset-Backed Bonds

The County has issued two series of capital appreciation bonds. The first series is the Series 2002 Tobacco Settlement Asset-Backed Bonds and the second is the Series 2006 Tobacco Settlement Asset-Backed Bonds. Capital appreciation bonds are debt securities on which the investment return on an initial principal amount is reinvested at a stated compounded rate until maturity, at which time the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return.

The California County Tobacco Securitization Agency (the Agency) issued bonds and loaned the proceeds to a nonprofit corporation formed by the County called the Stanislaus County Tobacco Funding Corporation (the Corporation) which, in turn paid the proceeds to the County. The bonds are limited obligations of the Agency payable solely from payments made by the Corporation from tobacco settlement revenues purchased from the County.

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 11: **Long-Term Debt** (continued)

C. **Tobacco Settlement Asset-Backed Bonds** (continued)

In April 2002, the Agency issued the Tobacco Settlement Asset-Backed Bonds on behalf of the Corporation, which is reported as a blended component unit of the County. The original issue amount of the bonds was \$67,305,000 and the expected maturity dates were from June 1, 2019 - 2043. The bonds' interest rates range from 5.5% to 7.5%.

In April 2006 the Agency issued the Tobacco Settlement Asset-Backed Bonds, Subordinate Series 2006 in the amount of \$42,153,611 and the expected maturity dates were from June 1, 2046 - 2055. The bonds' interest rates range from 5.75% to 7.25%.

D. **Arbitrage**

Arbitrage regulations pertain to the investment of tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable arbitrage rebates are not reported and paid to the Internal Revenue Service at least every five years. During the current year no calculations were performed. At June 30, 2009, the County has no outstanding liability for arbitrage.

Note 12: **Solid Waste Landfill Closure and Postclosure Care Costs**

There are two solid waste landfill sites in the County. The Fink Road Sanitary Landfill is owned by the County and is currently operating. The Geer Road Sanitary Landfill is on land jointly owned by the City of Modesto and the County of Stanislaus. This landfill has reached capacity and was closed in June 1990. The County of Stanislaus, by and through its Board of Supervisors, administered the closure operations of the Geer Road Landfill. Both landfills are reported in their entirety as enterprise funds.

State and federal laws require the County to close a landfill once its capacity has been reached and to monitor and maintain the site for thirty subsequent years. The County recognizes a portion of the closure and postclosure care costs in each operating period even though actual payouts will not occur until a landfill is closed. The amount recognized each year to date is based on the landfill capacity used as of the financial statement date.

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements
For the Year Ended June 30, 2009

Note 12: **Solid Waste Landfill Closure and Postclosure Care Costs** (continued)

	Fink Road	Geer Road	Total
Estimated total liability for closure/ postclosure at June 30, 2009	\$20,624,220	\$ 7,124,604	\$27,748,824
Liability recognized as of June 30, 2009	\$ 6,142,493	\$ 7,124,604	\$13,267,096
Landfill capacity used to date	29.78%	100%	
Estimated remaining useful life	24 years		

The estimated costs of closure and postclosure care are subject to changes such as the effects of inflation, technology, revision of laws and other variables. State and federal laws require the County to establish a closure fund to accumulate assets needed for the actual payout of closure and postclosure care costs. Of the restricted cash and investments in the proprietary funds, the following amounts are held for this purpose:

Fink Road Landfill	\$ 17,609,510
Geer Road Landfill	\$ 3,221,754

Note 13: **Net Assets/Fund Balances**

Net Assets

The government-wide and business-type activities financial statements utilize a net assets presentation. Net assets are as follows:

- *Invested in Capital Assets, Net of Related Debt* – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted Net Assets* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted Net Assets* – This category represents net assets of the County, not restricted for any project or other purpose.

Fund Balances

In the fund financial statements, reserves and designations segregate portions of fund balance that are either not available or have been earmarked for specific purposes. The various reserves and designations are established by actions of the Board and can be increased, reduced or eliminated by similar actions.

The term “reserved” is used to indicate that a portion of reported fund balance is (1) legally restricted to a specific use or (2) not available for appropriation or expenditure. The Board will sometimes designate portions of unreserved (available) fund balance based on tentative future spending plans. Designated portions of fund balance represent financial resources legally available for uses other than those tentatively planned.

Fund Balances (continued)

As of June 30, 2009, the County has reserved or designated fund balances as follows:

Reserved for Encumbrances: This represents that portion of fund balance reserved for encumbrances existing at year end which will result in subsequent year expenditures.

Reserved-Advances to Other Funds: This represents the portion of fund balance reserved for loans to other funds that are not expected to be repaid in the short-term.

Reserved-Long Term Receivables: This represents the portion of fund balance related to delinquent property taxes due from the taxpayers not expected to be collected in the short term.

Reserved-Loans to Other Governments: This represents the portion of fund balance reserved for loans to other governments that are not expected to be repaid in the short-term.

Reserved-Other: This represents that portion of fund balance unavailable for appropriation for the following reasons:

	General Fund	Behavioral Health & Recovery	Community Services Agency	Nonmajor Governmental Funds
Deposits with others	\$ 10,000	\$	\$	\$

Reserved for Capital projects: This represents the portion of fund balance held by trustees for major capital projects.

Reserved for Debt Service: This represents that portion of borrowings which are held in reserve accounts by trustees and that portion of borrowings held in interest reserve accounts for interest payments.

Designated for Debt Service: This represents that portion of available fund balance segregated to meet future principal and interest payments on debt.

Designated for Contingencies: This represents that portion of available fund balances set aside for emergency and unforeseen expenditures.

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 14: **Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The County has a risk management program with respect to workers' compensation, general and professional liability, unemployment, vision, dental care and purchased insurance. Under its existing workers' compensation insurance plan, the County is responsible for \$500,000 per occurrence, with a commercial insurance company providing certain liability coverage for up to \$5,000,000. The general liability insurance covers property damage, personal injury, auto, and public officials' errors and omissions. General liability, auto, and public officials' errors and omissions (\$25,000 deductible) are the County's responsibility for up to \$250,000 per occurrence, with the excess insured by the CSAC Excess Insurance Authority for up to \$9,750,000. Property damage is insured by a commercial carrier for \$549,708 with a \$10,000 deductible. Unemployment, vision care, and dental insurance are the responsibility of the County. Limited exposure precludes the need for outside coverage.

The Health Services Agency Clinics and Ancillary Services, and the Behavioral Health and Recovery Department participate in the medical malpractice program administered by the CEO Risk Management Division. Under this program, the County has a self-insured retention of \$500,000 per occurrence and pays all defense costs. The County also carries excess insurance coverage up to \$10,000,000 per claim.

There was no reduction in insurance coverage from the prior year. There were no settlements in excess of insurance coverage for each of the past three fiscal years.

The estimation of claims liability depends on many factors such as inflation, changes in legal doctrine, and damage awards. Accordingly, an actuarial study is done each year to update the estimated claims liabilities. These liabilities include incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims.

Changes in the balances of claims liabilities during the past fiscal year are as follows:

	<u>2007/2008</u>	<u>2008/2009</u>
Unpaid claims as of July 1	\$ 23,216,297	\$ 23,687,422
Incurred claims (including IBNRs)	10,289,340	9,428,642
Claim payments	<u>(9,818,215)</u>	<u>(10,485,406)</u>
Unpaid claims as of June 30	<u>\$ 23,687,422</u>	<u>\$ 22,630,658</u>

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 14: **Risk Management** (continued)

The County is a defendant in several legal actions. In the opinion of County Counsel, it is probable the potential liability for these matters could exceed the County's general liability self-insurance retention of \$250,000. Any excess over \$250,000 would be covered by excess insurance coverage explained above.

In addition, the County is a defendant in a number of other lawsuits or proceedings arising in the normal course of its activities where the ultimate outcome cannot be predicted with certainty. Management does not expect that these matters will have a material adverse effect on the financial position or changes in the financial position of the County.

Note 15: **Contingent Liabilities**

The County participates in a number of federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. Some audits of these programs prior to and for the year ended June 30, 2009, have not been conducted or concluded. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Note 16: **Joint Ventures**

Stanislaus Waste-to-Energy Financing Agency

Stanislaus Waste-to-Energy Financing Agency (Agency) was created May 1, 1989, pursuant to a joint exercise of powers agreement between the City of Modesto and the County of Stanislaus. The Agency is administered by a commission consisting of two members of the City council and two members of the County's Board of Supervisors. The agreement provides that the City and the County shall pay for costs associated with the operation of the Agency and are entitled to all rights and property of the Agency equally.

On May 1, 1990, the Agency issued Certificates of Participation to refinance a bond issued through California Pollution Control Financing Authority. And on February 1, 2000 Refunding Revenue Certificates were issued to refinance the 1990 COPs. The outstanding debt balance is zero as of June 30, 2009. Financial statements for the Agency are produced biannually and are available from the County of Stanislaus.

Tuolumne River Regional Park

The County participates with the City of Modesto and the City of Ceres in the operation and development of the Tuolumne River Regional Park (TRRP). The governing body consists of two members from each city council and the County Board of Supervisors.

Tuolumne River Regional Park (continued)

The TRRP Board prepares the annual budget, which must be approved by both cities' councils and the Board of Supervisors. Each participant has an equity interest in the assets of the Park based on the percentage of cumulative contributions paid. As of June 30, 2009, the County's equity interest was \$2,624,645. For the fiscal year ending June 30, 2009, the County contributed \$224,832 to TRRP. Financial statements for TRRP are prepared by the City of Modesto Finance Department and are available from them.

Stanislaus Drug Enforcement Agency

Stanislaus County and the cities of Modesto, Oakdale, Ceres, Patterson, Turlock, Riverbank and Newman are the participants in the Stanislaus Drug Enforcement Agency (SDEA). The purpose of the SDEA is to maintain a specially trained police unit to assist each of the participating agencies in the enforcement of drug control laws, and to study, plan and set priorities for effective enforcement of such laws throughout Stanislaus County.

The governing body consists of the Sheriff for Stanislaus County and the chief of police for each participating city. All participants contributed to the funding of the SDEA budgeted expenditures, based on population and assessed property value. The County's contribution to the SDEA for fiscal year 2009 was \$103,698. Upon termination of the agreement, assets will be distributed based on total contributions from each participant. Financial statements of the SDEA are available from the City of Modesto.

The City-County Capital Improvements and Financing Agency

The City-County Capital Improvements and Financing Agency (Agency) was created December 17, 1996, pursuant to a joint exercise of powers agreement between the City of Modesto and the County of Stanislaus. The Agency is administered by a six-member commission consisting of two members of the City Council, two members of the County's Board of Supervisors, the County Chief Executive Officer and the City Manager. The Agency prepares the annual and project budgets, which must be approved by both the City Council and the Board of Supervisors. Each participant has an equity interest in the assets of the Agency in accordance with any project agreements or in the percentages as agreed upon by the Agency which percentages shall be reviewed and approved in connection with the project and annual budgets of the Agency. As of June 30, 2009, the County's equity interest in the Agency was \$13,464,433 and is reported as Investments-joint ventures in the government-wide statement of net assets.

The County was the Agency's fiscal administrator during the construction phase of the City-County Administration Center, finalized at the end of June 2003. Since then, the City has been the fiscal administrator. Financial statements of the Agency will be available from the City after the initial audit of the Agency's books has been completed.

The California County Tobacco Securitization Agency

In November 1998, the Attorneys General of 46 states (including California) and various other public entities (collectively, the “Settling States”) and the four largest United States tobacco manufacturers entered into a master settlement agreement (MSA) in resolution of cigarette smoking-related litigation. The MSA effectively releases the manufacturers from past, present and future smoking related claims in exchange for, among other things, certain payments to be made to the Settling States.

On August 5, 1998 the counsel for the State of California and various jurisdictions therein (“participating jurisdictions”) entered into a memorandum of understanding (MOU), made to the State of California in accordance to the MSA. However, the payments under the MSA are subject to numerous adjustments and potential delays.

The California County Tobacco Securitization Agency (Agency) is a Joint Powers Agency created in accordance with Chapter 5 of Division 7 of Title I of the Government Code of the State of California, dated as on November 15, 2000 by and among the County of Stanislaus, the County of Merced, the County of Sonoma, the County of Kern, and as of May 31, 2002, to include the County of Marin, the County of Placer, and the County of Fresno. The County of Alameda was added on August 15, 2002, and the County of Los Angeles was added on January 24, 2006. It is governed by a Board of Commissioners who are designees of the Board of Supervisors of each member County.

The purpose of the Agreement is to provide for the exercise of powers common to each member, including, but not limited to, the power to insure, hedge or otherwise manage the risks associated with the receipt of the MSA payments. In furtherance of its purpose, the Agency has been empowered to issue Bonds secured by the MSA payments of one or more members, the proceeds of which will be used directly or indirectly to purchase all or a portion of the rights to the MSA payments from a member or members.

On March 1, 2002, the Stanislaus County Tobacco Funding Corporation, a component unit of the County, entered into an agreement with the Agency for the purpose of issuing bonds in the principal amount of \$67,305,000 to acquire the County’s rights to receive the MSA payments when and as such funds are available. The County agreed to sell its rights, title and interest of the money due under the MSA and the MOU for \$52,403,206.

On March 1, 2006 the Stanislaus County Tobacco Funding Corporation entered into a subordinate secured loan agreement with the Agency to borrow the proceeds of the \$42,153,611 agency 2006 bond issue. The proceeds were used to pay the issuance costs of the bond and the remainder placed in the residual trust established for the benefit of the County in connection with the sale of County tobacco assets mentioned above. The County received \$40,971,290.

The financial statements of the Agency are produced annually and are available from the County of Merced, Lydia Beiswanger, Chief Clerk-Board of Supervisors, 2222 M Street, Merced, CA 95340.

Consolidated Emergency Dispatch Agency

The Modesto/Stanislaus Consolidated Emergency Dispatch Agency (the “Agency”) was created on September 1, 1999, pursuant to a joint exercise of powers agreement between the City of Modesto (the “City”) and the County of Stanislaus (the “County”). The Agency is administered by a seven-member commission consisting of one member of the Modesto City Council, one member of the County’s Board of Supervisors, the County Chief Executive Officer, the Modesto City Manager, two members from the Dispatch Advisory Board, and one member from the City of Ceres’ City Council. The purpose of the Agency is to consolidate the public safety communications system. The responsibilities of the County and the City include approval of the annual budget, claims, liabilities, and the use of Agency property as collateral. Each participant will contribute sufficient funds to pay for all costs and expenses associated with providing Emergency Dispatch Services. Upon termination of the agreement, assets will be distributed equally to the City and County, unless otherwise approved. The financial statements may be obtained by writing to the Modesto/Stanislaus Consolidated Emergency Dispatch, Office Manager, 3705 Oakdale Road, Modesto, California, 95357.

Regional Fire Training Center

On July 1, 1992 the County, Yosemite Community College District (YCCD), and the City of Modesto (City) entered into a 20 year agreement for the joint use and management of the regional fire training center (Center) at Modesto Junior College (MJC). The Center’s executive board is made up of the Chancellor of YCCD, the President of MJC, the City Manager and the Chief Executive Officer of the County. The Center was initially constructed using funds borrowed by YCCD with the City and County reimbursing a portion of these costs over 20 years. The buildings, grounds and equipment belong to YCCD. All three entities share in the Center’s operating costs with YCCD responsible for the accounting and monitoring of the Center’s budget. For fiscal year ending June 30, 2009, the County paid \$51,317 to YCCD under this agreement.

California Statewide Automated Welfare System Consortium IV

The California Statewide Automated Welfare System Consortium IV (Authority) was formed in December of 1998, pursuant to a joint exercise of powers agreement between the Counties of San Bernardino, Riverside, Merced and Stanislaus. The Authority was created for the purpose of the design, development, implementation, and on-going operation and maintenance of a system that automates the eligibility and case management functions of various welfare programs.

On January 9, 2007, the Board of Supervisors approved the Amendment 1 of the Joint Powers Agreement to add 35 counties to the current C-IV Joint Powers Authority (JPA). The benefits of adding these counties creates opportunities to expand and improve the current C-IV system along with lowering each counties share of costs.

The Authority was originally governed and administered by a Board of Directors consisting of four Directors. The Directors are the Merced County Director of the Human Services Agency, the Riverside County Director of the Department of Public Social Services, the San Bernardino County Assistant County Administrator for Social Services, and the Stanislaus County Director of the Community Services Agency. With the addition of 35 counties three new directors will be added.

Stanislaus County's C-IV costs for Fiscal Year 2008-2009 were \$317,902. Financial Statements may be obtained by writing to the County of San Bernardino, County Administrative Officer, 385 North Arrowhead Avenue 5th Floor, San Bernardino, CA 92415.

North County Corridor Transportation Expressway Authority

On April 1, 2008, the Board of Supervisors approved the establishment of a Joint Powers Authority (Authority) between the County and the cities of Modesto, Oakdale and Riverbank to create the North County Corridor Transportation Expressway. The purpose of the Authority is to prepare, identify, and adopt a precise alignment, and prepare and certify environmental documents for a route to improve east/west traffic circulation in the County. The intent of the North County Corridor is to provide a high capacity high speed east-west roadway to accommodate anticipated traffic growth, alleviate traffic on parallel roads, and to accommodate multi-modal travel. Under the terms of the agreement, the County will incur 40% of the costs of the project while each of the participating cities will be contributing 20%. The majority of project costs will be funded by State Transportation Program and Public Facility Fees. The exact cost of the project will not be known until after the completion of the Project Study Report. The Authority Board of Directors will be comprised of two directors appointed by the County, and one director from each participating city. The board acts autonomously from the respective member agencies. The County of Stanislaus Public Works Director is designated as the Authority's manager. Upon completion of the agreement, all assets will be distributed to the respective parties of the agreement as determined by the Board of the Authority. Financial statements, when available, may be obtained from the Stanislaus County Public Works Department 1010 10th Street, Suite 3500, Modesto, CA 95354.

Note 17: **Employees' Retirement Plan**

The County is a major participant in the Stanislaus County Employees' Retirement Association (StanCERA), a retirement system organized under the 1937 Retirement Act. StanCERA is a cost-sharing multiple-employer Public Employee Retirement System (PERS). StanCERA provides retirement and disability benefits, annual cost-of-living adjustments, death benefits and health and welfare insurance for certain retirees and

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 17: **Employees' Retirement Plan** (continued)

their dependents. The plan is administered by the Stanislaus County Employees' Retirement Association. One actuarial valuation is performed for the system as a whole and the contribution rate is determined for each participating entity. The participating entities are the County, City of Ceres, and six special districts located in the County that are not governed by the County's Board of Supervisors. StanCERA issues a Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information for StanCERA. The CAFR may be obtained by writing to Stanislaus County Employees' Retirement Association, P. O. Box 3150, Modesto, CA 95353-3150 or by calling (209) 525-6393.

The StanCERA CAFR is prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. All other securities are valued at the last reported sales price at current exchange rates. No investment in any single asset represents more than 5% of the net assets available for pension benefits.

StanCERA has five tiers of retirement benefits, all or some of which are offered to General and Safety members, respectively. The benefits known as Tier 1, Tier 2, Tier 4, and Tier 5 vest after five years of credited service, while the benefit known as Tier 3 vests after 10 years of credited service. Vested General members with Tier 1, Tier 2, Tier 4 or Tier 5 benefits may retire at age 50 or older with 10 or more years of membership with StanCERA or at any age with 30 or more years of credited service. Vested Safety members with Tier 1, Tier 2, Tier 4 or Tier 5 benefits may retire at age 50 or older with 10 years of membership with StanCERA or at any age with 20 or more years of credited service. All Tier 3 members may retire at age 55 with 10 or more years of credited service.

For members with Tier 1, Tier 4 or Tier 5 benefits, final average salary is the average monthly salary based on the highest twelve consecutive months of earnings. For members with Tier 2 or Tier 3 benefits, final average salary is the average monthly salary based on the highest thirty-six consecutive months of earnings.

The retirement benefit for Tier 1, Tier 2, Tier 4 and Tier 5 members includes a post-retirement cost-of-living (COL) adjustment based upon the Consumer Price Index. COL increases/decreases are limited to a maximum of 3% annually. Total COL decrease(s) cannot exceed the cumulative amount of previous COL increase(s). Tier 1, Tier 2, Tier 4 and Tier 5 provide death and disability benefits.

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements For the Year Ended June 30, 2009

Note 17: **Employees' Retirement Plan** (continued)

Those members participating in Tier 1, Tier 2, Tier 4 and Tier 5 are required by statute to contribute to the pension plan. Members' contribution rates are formulated on the basis of the age at date of entry and the actuarially calculated future benefits. The County is required by statute to contribute the remaining amounts necessary to finance the estimated benefits accrued to its members. Contribution rates vary from 4.88% to 14.14% of covered payroll for the County and from 5.03% to 12.76% of covered payroll for employees.

Benefits and contribution provisions are established by state law subject to amendment only by a legislative act of the State of California. Alternative benefit and contribution schedules are permissive with approval of the Board of Supervisors.

In addition to providing pension benefits, StanCERA provides a subsidy allowance for retirees. Substantially all of the active members may become eligible for this benefit if they reach normal retirement age. For the year ending June 30, 2009, 2,527 retirees received this subsidy allowance, for a total of \$6,747,246. StanCERA sponsored retiree subsidy allowance is not vested and may be discontinued with 90 days notice. Retiree subsidy allowance benefits are funded from excess earnings of the retirement association. As of June 30, 2009, the excess earnings set aside in the net assets held in trust for pension benefits of the Employees' Retirement Trust for funding retiree subsidy allowance amounted to \$100,934,481.

StanCERA also provides a death benefit of \$5,000 paid to the beneficiary or estate if a member dies after retirement, provided that Stanislaus County was the members' last public employer.

The County's contribution to StanCERA for the years ending June 30, 2007, 2008 and 2009 were \$27,504,938, \$19,485,137 and \$20,160,386 respectively, equal to the required contributions for each year. The 2007 County contribution includes a one-time payment for the post *Ventura-Francis* class action lawsuit settlement. The County does not contribute towards post-employment benefits other than retirement.

Schedule of Funding Progress (continued)

Expressing StanCERA's benefits pension plan (the Plan) net assets as a percentage of the actuarial accrued liability (AAL) provides one indication of StanCERA's funding status on a going-concern basis. Analysis of this percentage over time will indicate whether the Plan is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the Plan. As of the most current actuarial valuation completed for year ending June 30, 2008 this percentage was 85.00%. Trends in the unfunded actuarial accrued liability (UAAL) and annual covered payroll are both affected by inflation. Expressing the UAAL, as a percentage of annual covered payroll approximately adjusted for the effects of inflation, will also aid analysis of the Plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the Plan. As of June 30, 2008 this percentage was 95.70%.

Note 18: **Other Post Employment Benefits (OPEB)**

Plan Description

Stanislaus County is a participant in the Stanislaus County Employees' Retirement Association (StanCERA), a cost-sharing multiple-employer defined benefit public employee retirement system. StanCERA provides retirement benefits only. However, County retirees and active County employees are rated in the same pool to determine health insurance premiums. This ability for retirees to obtain coverage at active employee rates results in an economic benefit or implicit subsidy even though the retirees pay their entire premiums (substantive plan).

Funding Policy

The County makes no direct contributions to the StanCERA to fund the OPEB plan. The implicit subsidy is financed on a pay-as-you-go basis. The County does not intend to adopt a policy to pre-fund the implicit subsidy to retirees.

For fiscal year ended June 30, 2009 the County's annual OPEB cost (expense) of \$4,386,041 was equal to the annual required contribution (ARC). The net OPEB obligation for 2009 is as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2009	\$ 4,386,041	67.9%	\$ 1,408,811

COUNTY OF STANISLAUS

Note 18: **Other Post Employment Benefits (OPEB)** (continued)

Funding Policy (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The funded status of the plan as of June 30, 2009 was as follows:

Stanislaus County Employees Other Post Employment Benefit (OPEB) Plan
Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets	Accrued Liability (AAL) Projected Unit Credit	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
7/1/2008	\$0	\$ 39,835,525	\$39,835,525	0%	\$ 222,013,314	17.9%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The plan's first actuarial valuation was performed as of July 1, 2006. In that valuation, the Projected Unit Credit Cost Method was used. The actuarial assumptions included a six percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of five percent after five years. Both rates reflect an implicit three percent general inflation assumption. The County's unfunded actuarial accrued liability is being amortized as a level dollar amount on a rolling basis. The remaining amortization period as of June 30, 2007 was 30 years.

Note 19: **Subsequent Events**

On October 27, 2009, the Board of Supervisors approved the establishment of a Joint Powers Agency (JPA) Agreement between the County and the Cities of Modesto, Ceres, Hughson, Patterson and Waterford. The purpose of the JPA is to be responsible for the ongoing operation, debt and facility costs for Animal Services provided in the unincorporated areas and partner cities. The financing plan will be funded from the County's 2006 Tobacco endowment fund over a 25-year period to be repaid by the County and the five partner cities: Modesto, Ceres, Hughson, Waterford and Patterson.

Funds

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Capital Projects Fund

Redevelopment Agency

The Redevelopment Agency Fund was established so the County can use redevelopment tax increment financing as a tool to initiate capital public project, property rehabilitation and private development.

Capital Projects

The Capital Projects funds were established to account for financial resources for the acquisition or construction of major capital facilities. Among the major projects is a downtown project that includes the construction of a parking garage and office structure and the construction of the Center for the Arts.

Debt Service Funds

Debt service funds account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Debt service funds include:

Capital Improvement Financing Authority

The Capital Improvement Financing Authority is used to accumulate resources for payment of principal and interest incurred by the sale of Certificates of Participation issued to finance various capital projects.

Pension Obligation Bonds

This fund is used to accumulate resources for the payment of principal and interest of taxable bonds issued to pay the Employees Retirement Association the County's unfunded actuarial accrued liability.

Stanislaus County Tobacco Funding Corporation

This fund is used to account for the receipt and disbursement of tobacco securitization revenues from the State.

Funds

NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Special revenue funds include:

Environmental Resources

This fund was established as a Comprehensive Environmental Department whose mandated goal was to control those factors in our physical environment, which exercise or may exercise a deleterious effect on our health and environment. Its revenues come from charges for services and federal and state sources.

Children and Families First Commission

This fund was established to create and implement a comprehensive system of services to support childhood development from the prenatal stage to five (5) years of age. Its revenues come from an increase in the tobacco tax. The tax is divided among counties based on the number of live births, annually, in each county.

Public Works – Engineering

This fund was established to provide engineering services to other divisions in the Public Works Department and other County departments. Revenue consists primarily of charges for services.

Road and Bridge

This fund was established to provide maintenance and construction of roadways and bridges. Revenue consists primarily of the County's share of state highway users taxes and is supplemented by federal funds, vehicle code fines, and reimbursements for services provided.

Employment and Training

This fund was established to account for the Workforce Incentive Act. The County serves as the grant recipient and administrator. The federal government funds the program for the purposes of providing employment and training services to youth and adults, who are unskilled, economically disadvantaged, unemployed, or underemployed.

Child Support Services

This fund was established to account for the Department of Child Support Services, which is responsible for locating absent parents, establishing paternity, establishing child and medical support orders, collecting and distributing child support from absent parents and initiating remedial actions to collect on delinquencies. Federal and state funding are the primary source of revenues.

NONMAJOR SPECIAL REVENUE FUNDS

(Continued)

Public Authority

This fund was established to operate as the Employer of Record for In-Home Supportive Service Providers (Providers). The Public Authority negotiates with the union for wages and benefits for Providers, operates a registry and conducts background checks on Providers.

Health Services Agency

This fund was established to oversee the delivery of health care to Stanislaus County residents. It includes the Public Health and Managed Care divisions and oversees the Health Clinics and Ancillary Services (enterprise fund). The revenues for this fund are primarily intergovernmental sources and charges for services, supplemented by transfers from the General Fund.

Indigent Health Care

This fund was established to administer state and county funds for the delivery for quality medical care for indigent and medically indigent county residents. The primary funding source is the State.

Library

This fund was established to account for library services in thirteen branches throughout the county. Support is derived principally from general fund discretionary revenues and 1/8% sales tax increment beginning in July 1995.

Lighting Districts

This fund was established for lighting districts that are controlled by the Board of Supervisors. The revenue sources are property taxes and direct assessments.

All Other Special Revenue Funds

Accounts for the activities of several special revenue funds, including:

- Area Agency on Aging
- Property Tax Administration Program
- Federal & State Grants
- County Service Areas
- Storm Drain Districts
- Landscape and Lighting Districts
- County Fire Service

Internal Service Funds

INTERNAL SERVICE FUNDS

Internal service funds were established to finance and account for the services and commodities furnished by a designated agency of a governmental unit to other departments of the same governmental unit. Since the services and commodities are supplied exclusively to other departments of a governmental jurisdiction, they are distinguishable from the public services which are rendered to the public in general and which are accounted for in general, special revenue, or enterprise funds.

General Liability Insurance

This fund is a risk management fund which was established to account for administrative cost, insurance premiums and the cost of claims for the County's property damage, general liability, auto liability, fiduciary, bonds, dishonesty, and legal defense. Revenues are generated by premiums paid by other funds and interest on investments.

Unemployment Insurance

This fund is a risk management fund which accounts for administrative cost and cost for the County's unemployment claims. Revenues are generated by premiums paid by other funds and interest on investments.

Workers' Compensation Insurance

This fund is a risk management fund which accounts for administrative cost, loss control and cost of Workers' Compensation claims and benefits. Revenues are generated by premiums paid by other funds and interest on investments.

Purchased Insurance

This fund accounts for insurance purchased from outside vendors for health and life insurance. Revenues are generated by premiums paid by other funds.

Dental Insurance

This fund is a risk management fund to account for administrative cost and the cost for the County's employee dental claims. Revenues are generated by premiums paid by other funds and interest on investments.

Vision Care Insurance

This fund is a risk management fund to account for administrative cost and the cost for the County's employee vision care claims. Revenues are generated by premiums paid by other funds and interest on investments.

Professional Liability Insurance

This fund is a risk management fund to account for the purchase of insurance and the cost of claims for medical malpractice cases, administrative costs and legal defense. Revenues are generated by premiums paid predominantly by the Health Services Agency Clinics and Ancillary Services Enterprise Fund, and interest on investments.

INTERNAL SERVICE FUNDS

(Continued)

Central Services

This fund was established to account for the cost of issuing supplies and food items, printing, duplication, postage, mail room service, and messenger service. Revenues are generated based on billings for services provided.

Fleet Services

This fund was established to account for the cost of maintaining all County-owned automobiles, trucks, and heavy equipment for County departments. Revenues are based on fee charges for services provided.

Technology and Communications

This fund was established to account for the costs of providing information services, computer processing and communication services. Revenues are based on billings to customers for services provided.

Morgan Shop Garage

This fund was established to account for the cost of maintaining Public Works light and heavy equipment. Revenues are based on fee charges for services provided.

Note: Values are net values of all exemptions except the Homeowners Property Tax Releuf Exemption which is State subvented. However, adjustments and cancellations after publication of the roll are not included. Values do include the assessed value of non-commercial aircraft.

- (1) Due to the passage of the property tax initiative Proposition 13 (Prop 13) in 1978, the County does not track the estimated actual value of all County properties. Under Prop 13, property is assessed at the 1975 market value with an annual increase limited to the lesser of 2% or the CCPI on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. Resultantly, similar properties can have substantially different assessed values based on the date of purchase.

Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments. A small area of the County is taxed at a rate less than 1% due to a decrease of service in that area.

The County is divided into approximately 1,538 tax code areas, which are unique combinations of various jurisdictions serving a specific geographical area. The above tax rates, which include levies for general obligation bonds and special assessments, represent the low and high tax rates levied within each tax rate area.

The above allocation percentages are for general levies only and exclude general obligation bond rates and special assessments.

The passage of Proposition 13 on June 6, 1978 enacted Article XIII(A) of the State Constitution. This prohibits the levying of any tax rate, except for existing voter-approved bonded debt, in excess of the general tax rate of 1% of assessed value (4% prior to year ended June 30, 1982). The proceeds of this tax are shared by all overlapping local government entities.

(1) Includes Superintendent of Schools

(2) Includes independent special districts, dependent special districts, redevelopment agencies and County Fire Service.
