DOCTORS BEHAVIORAL HEALTH CENTER (DBHC) REPORT

Tony Vartan, DBHC Administrator, reported DBHC continues to work collaboratively with BHRS. The new Discharge Team will start March 1, 2013 and will help to bridge the gap for people being discharged. The hope is that the Discharge Team will impact readmits and quicken the turn around time for discharge.

PRESENTATION – MENTAL HEALTH SERVICES OVERSIGHT AND ACCOUNTABILITY COMMISSION

Sherri Gauger, Mental Health Services Oversight and Accountability Commission (MHSOAC), provided information on several areas. The MHSOAC is a 16-member commission created with the passage of Proposition 63, the Mental Health Services Act (MHSA), to provide oversight, accountability and leadership on issues related to mental health in collaboration with clients, family members, unserved and underserved communities, and mental health partners. Commissioners are appointed to a three-year term and receive no compensation with the exception of mileage reimbursement. They represent a wide-range of sectors directly or indirectly involving mental health issues. There are 12 Commissioners appointed by the

Governor, and is required to seek individuals who have had personal or family experience with mental illness. Biographies on the current 12 Commissioners were distributed. The MHSOAC statutory duties/responsibilities set forth in the MHSA (not including the overarching role of oversight of the public mental health system) was distributed and briefly reviewed. Other topics included changes involving AB 1467 and Proposition 63 (MHSA) and MHSOAC's current and forthcoming evaluation projects. Handouts were provided for both. Ms. Gauger distributed and reviewed the process for anyone interested in being a member on the Commission. The Commission meets every other month. Three times a year the meetings are held in Sacramento and the other three throughout the State.

Ms. Gauger stated that the MHSOAC now has oversight over the California Association of Local Mental Health Boards/Commissions and will be working with them on areas that will assist local Mental Health Boards.

Ms. Gauger reported that MHSOAC is involved in several areas of communication including a radio spot on "Free Your Mind" with a MHS action segment, one minute segments on KVIE television to raise awareness of mental illness, a documentary on Prevention Early Intervention on either CBS or NBC, and in schools. There was an insert in the Sacramento News & Review, "*Mental Illness: It Affects Everyone.*" Copies were available for the Board and audience.

BOARD OF SUPERVISOR REPORT/COMMENTS

Supervisor Terry Withrow reported that he continues to be impressed with the AB 109 collaboration. Funds are going to BHRS to try and help get people out of the criminal justice system. The Day Reporting Center (DRC) is moving from Salida to downtown Modesto the first of April and eventually to the Safety Center. It was reported that BHRS has two staff at DRC focusing on alcohol and other drug issues. There is a fear that realignment dollars may end. Some funding has already been reduced when the formula changed for larger counties. There is work being done to fix this problem.

MENTAL HEALTH BOARD RETREAT

Karl von Spreckelsen reported that the Executive Committee is proposing a retreat for Board members to review the Board's mission, evaluate the Board and set goals and priorities. A one or two day meeting was suggested, perhaps on a weekend, with expenses kept to a minimum. This would be an opportunity to refocus the Board. The retreat would be facilitated, and it was suggested that an individual from CIMH could serve as the facilitator.

The motion was made by Dr. Kimberly Kennard to form a MHB Retreat Ad Hoc Committee, seconded by Ritta Sudnikoff and passed unanimously. The Chair appointed Karl von Spreckelsen, Dr. Kimberly Kennard, Cathy Szakmary, and Jack Waldorf as committee members.

DEPARTMENT REPORT

- Dr. Madelyn Schlaepfer reported the Discharge Planning Team will connect with County clients to help shorten their time at DBHC, reduce the costs of hospitalizations, impact the number of readmits, get them connected to services, and help them get to their appointments. This is one part of a three-part strategic plan.
- Dr. Schlaepfer reported that selection for the PHF architect will be the following week. Also, an RFP for the operation of the PHF will go out next week. There is a plan for a 23-hour Crisis Stabilization Unit. The opening of the PHF is planned for 2-14-14.
- Dr. Schlaepfer reported the MHSA Annual Update stakeholders meeting will be held in March to provide an update on the continuum of care and to talk about innovation projects.
- The impact of Health Care Reform is unknown. A meeting is planned at the County level. With Health Care Reform, childless adults may now qualify for benefits. The Federal Government will compensate counties at 100% of cost. This is an additional revenue source, but only lasts three years and then goes down to a 10% match. It's unclear what will happen in the future. Other Federal funding is subject to a 12% cut.

- AB 109 – The County is making plans for Phase 3. Staff are in the process of being hired, but background checks for access to the jail often takes time.
- Realignment is a big issue. The County has more risks.
- The Department has finished the mid-year budget process and is working on the budget for fiscal year 2013-14.
