DISCUSSION: In 1997 the Government Code outlining the qualifications for Auditor-Controller were amended as follows:

26945.1. (a) Any person serving in the capacity of county auditor shall complete at least 40 hours of qualifying continuing education, pursuant to subdivision (b), for each two-year period, beginning January 1, 1998, and completing at least 10 hours in each year of the two-year period. At least 20 of the 40 hours of continuing education shall be obtained in governmental accounting, auditing, or related subjects.

(b) Qualifying continuing education may be obtained in the areas of accounting, auditing, or related subjects. In addition, qualifying continuing education may be obtained in any other subject, if it can be demonstrated that the specific educational program contributes to professional competence.

(c) With respect to a county auditor who is a licensee of the California Board of Accountancy, or of the accountancy licensing authority of any other state, or who possesses a certificate issued by the Institute of Internal Auditors, continuing education obtained for purposes of renewal of the license or certificate may be applied to satisfy the requirements of this section.

26946. The provisions of this article shall become effective in only those counties in which, prior to the first day of the period for filing declarations of candidacy for the office of county auditor, the board of supervisors by a unanimous vote, at a regular meeting with all members present, enacts an ordinance adopting the provisions of this article. The ordinance so adopted may be repealed by the board of supervisors at any time.

These new qualifications outline a continuing education requirement that was not required before. The County supports continuing education and these amended qualifications will encourage candidates to remain abreast of developments in their field.

As required by Government Code Section 26946, adoption of section 26945.1 requires unanimous Board approval.
