SUBJECT: APPROVAL OF PUBLIC FACILITY FEE (PFF) INTER-CITY ROAD PROJECT
SUBSTITUTION

PAGE: 2

DISCUSSION: Subsequent to the development of the list of inter-city road projects in the County Public Facility Fee program that included the West Main Avenue Bridge at the San Joaquin River, the state has instructed a state-wide seismic retro-fit program for bridges throughout the state. It is a sound business decision to use seismic retro-fit funding for the bridge project and redirect the PFF funding to a project on Sperry Road to address the increasing volume of traffic exiting and entering I-5. This request addresses this growing traffic impact.

POLICY

ISSUE: This action is consistent with the Board's policy of providing a safe, healthy community.

STAFFING

IMPACT: There are no staffing impacts associated with this agreement.
