Re: Dry Period Funding FY 2007-2008

Dear Supervisors:

At a special meeting of the Board of Directors of the Stanislaus Consolidated Fire Protection District held on April 19, 2007, the District Board authorized a request to be forwarded to Stanislaus County requesting dry period funding for FY 2007-08. The following is an estimate of revenue:

Property Taxes	\$2,325,244.62
Assessments	\$4,806,662.64
Total	\$7,131,907.26
85%	\$6,062,121.17

Our agency has flourished over the last year and has worked hard in accomplishing the following goals:

- ▶ Maintain a balanced budget.
- ▶ Established and contributed to a Contingency Fund for two years.
- ▶ Continued to evaluate and update internal controls regarding District expenditures.
- ▶ Continued to research and implement options to become financially self reliant.
- ▶ Established and implemented a long-term plan to fund Unfunded Liabilities. (California Public Employees Retirement System and Legal Judgments).
- ▶ Currently updating the District's Strategic Plan
- ▶ Became partners with the City of Riverbank and Riverbank School District to establish a Community Facilities District which will provide additional revenue to support future equipment and staffing needs.
- ▶ Secured an auditor on three year contract to administer the District's Annual Financial Audit.

We respectfully request under the provisions of Government Code Sections 23010 and 23010.1 that dry period funding be approved for FY 2007-08 in the amount of \$6,062,121.17.

Thank you for your time and consideration.

Sincerely,

Dwight Trammell  
Chairman of the Board of Directors  
Stanislaus Consolidated Fire Protection District
