DISCUSSION:

In January 2004, the Board of Supervisors approved the Public Works Department Traffic Congestion Relief Program. The Traffic Congestion Relief Program provides for the installation of traffic signals, left turn lanes and related improvements on selected roadways throughout the County, including the improvements to the Geer Road at Whitmore Avenue intersection.

In June 2004, the Board of Supervisors awarded a contract to RBF Consulting for environmental and engineering services for the Traffic Congestion Relief Project "D". This project consists of intersection improvements at two intersections on Geer Road. The two intersections are Geer Road at Hatch Road and Geer Road at Whitmore Avenue. RBF Consulting completed the environmental documents and design for the Geer Road at Hatch Road intersection and construction of this intersection improvement was completed on June 18, 2007.

On June 5, 2007, the Board of Supervisors approved the Mitigated Negative Declaration for intersection improvements at Geer Road and Whitmore Avenue.

The Geer Road at Whitmore Avenue project consists of a new traffic signal and additional through lanes and turn lanes that will improve traffic safety and enhance the flow of traffic through this intersection. Installation of safety lighting and shoulder widening will also be completed.

To accomplish this project, the County will need to acquire additional right-of-way from the parcel on the northwest corner of Geer Road and Whitmore Avenue. The property owners have agreed to accept the following:

Property Owners	Amount of Compensation	Assessors Parcel Number	Right-of-Way Area
Kory Christopher & Jennifer O. Trimble	\$10,000	018-010-021	4,085 s.f.

The amount of compensation has been determined to be within the range of just compensation by an independent appraiser hired by the County.

POLICY ISSUES:

The Board should consider if the recommended actions are consistent with its priorities of providing a safe community, a healthy community and a well-planned infrastructure system.

STAFFING IMPACT:

There is no staffing impact associated with this item.
