DISCUSSION:

The County of Stanislaus and the City of Modesto (collectively the Contracting Communities) share responsibility and contractual obligations pursuant to a Joint Powers Agreement regarding the operation of the Waste-to-Energy Facility (Facility). The Facility is a public-private partnership with Covanta Stanislaus, Inc., who operates the Facility pursuant to a 20-year Service Agreement (Agreement). The Agreement is set to conclude on January 1, 2010.

With the end of the Agreement approaching, there is a need for legal services in order to consider possible transitions to an extended or new agreement. The Contracting Communities may elect to extend the existing Agreement for six years to January 1, 2016, upon written notice to Covanta on or before July 1, 2009. Conversely, the Contracting Communities may choose not to exercise the extension option. In this case, legal services would be needed to evaluate the current terms and options of the Agreement and draft any negotiated terms to replace the existing Agreement. Legal representation is also desired for negotiation assistance and for review of the Facility's current and future Power Purchase Agreements regardless of whether the Agreement is extended or renegotiated entirely.

Eric Tashman, Esq., of Sidley Austin LLP (formerly Brown & Wood), has served as Bond Counsel to the Waste-to-Energy project since its inception in 1989. Mr. Tashman has also served as lead counsel in the financing and refinancing of the Facility, and has provided legal guidance to the Contracting Communities in all matters related to the Agreement and the indenture. Sidley Austin LLP, is currently under a five-year contract with the Stanislaus Waste-to-Energy Financing Agency (Financing Agency) to provide bond counsel services which the Board of Supervisors and the Modesto City Council approved on May 23, 2006. The term of this contract will remain in effect through June 14, 2011. Because the Financing Agency is a public entity separate from the Contracting Communities and was created for the sole purpose of providing financing and refinancing of the Facility, County Counsel recommends a separate contract for the legal services described herein that are associated with considering an extended or new Service Agreement.

The City of Modesto and Stanislaus County staffs associated with the project recommended that Sidley Austin LLP, provide these critical legal services. This recommendation was presented to the Solid Waste-to-Energy Executive Committee (Committee) on December 13, 2007. At that time, the Committee authorized staff to proceed with the contract and submit the recommendation for consideration by the Board of Supervisors and Modesto City Council.

Mr. Tashman's long history and experience with the Facility and his familiarity with the structure and documentation of the Agreement will bring efficiencies to the services provided, minimizing the number of billable hours. Additionally, Sidley Austin LLP, has extensive experience representing projects in the solid waste, waste-to-energy, and

energy industries. Had a new firm been recommended, time and expense would have been incurred to educate the replacement and it's arguable whether the same quality of service would have been received.

City of Modesto staff will submit a similar recommendation for consideration by the Modesto City Council on approximately April 1, 2008. The executed agreement would be between County of Stanislaus, City of Modesto and Sidley Austin LLP.

POLICY ISSUE:

The Board of Supervisors should determine if contracting with Sidley Austin LLP, for professional legal services related to the Stanislaus Waste-to-Energy Facility is consistent with its priorities of effective partnerships and efficient delivery of public services. This contract would assist the Contracting Communities by continuing to work with a partner who has a long history of exceptional expertise in the Waste-to-Energy project.

STAFFING IMPACT:

There is no staffing impact associated with this request.
