BOARD OF SUPERVISORS
2008 AUG 18 P 2:37

August 14, 2008

Honorable Thomas W. Mayfield
County of Stanislaus
1010 10th Street, Suite 6500
Modesto, CA 95354

Dear Supervisor Mayfield:

For 100 years, credit unions have provided quality financial services to communities throughout the United States. As our country faces hard economic times, credit unions are proud to continue responsible lending and provide reliable financial opportunities to our communities. To celebrate their services, credit unions and their millions of members have designated the third Thursday in October as International Credit Union Day. This year, on October 16, we will remember our proud history of delivering the credit union difference to our nation's communities and communities throughout the world.

Today, more than 157 million people belong to more than 42,000 credit unions around the world. Quality service to our members is the foundation of the credit union movement. Whether a credit union is providing financial access in remote rural communities in foreign countries, providing financial literacy education to member-owners in Stanislaus, or simply offering a better deal on a home or auto loan, credit unions are active participants making a difference for their members and their community.

In addition to the recognition of International Credit Union Day, this year we celebrate the 100th anniversary of credit unions in the United States.

We ask the County of Stanislaus to join us in celebrating the 100th anniversary of credit unions in the United States and International Credit Union Day by offering a resolution, congratulatory letter or proclamation to recognize the credit union branches that serve the residents of Stanislaus.

There are more than nine million credit union members in the State of California with 95,575 members in the county of Stanislaus. Credit unions are proud businesses with strong roots in our communities. We ask that you honor these businesses with recognition from the county.

For your convenience, we have included a sample resolution honoring International Credit Union Day and the 100th anniversary of credit unions in the United States. **Credit union leaders in your area would be honored to accept recognition from your board during a meeting in October.**

We would be honored for you to join us in this celebration of credit unions as we enter our second century of providing member-owned financial services in the United States. If you have any questions, please feel free to contact Patty Salazar at (323) 466-3445. Thank you for your consideration and we look forward to hearing from you.

Sincerely,

Bill Cheney
President and CEO
California Credit Union League
