Re: Infrastructure Funds Available!

Dear Government Official:

The California Infrastructure and Economic Development Bank's Infrastructure State Revolving Fund Program is open for business and has funds available to finance your important public works projects through the Infrastructure State Revolving Fund (ISRF) Program!

The ISRF Program offers low-cost loan financing to cities, counties, redevelopment agencies and special districts for up to sixteen different categories of public infrastructure which include, but are not limited to, roads, water treatment and distribution, water supply, flood control, public transit, sewage collection and treatment and public safety facilities.

We have financed a variety of projects throughout the State, including:

- \$7,200,000 to County of Kern for the Kern County Supervisorial District 5 Curb, Gutter, and Drainage Improvements Project.
- \$2,000,000 to the Eureka Redevelopment Agency for the C Street and Market Square Improvements Project.
- \$5,356,000 to the City of Porterville for the Wastewater Treatment Facility Upgrade and Sludge Disposal Project.
- \$4,000,000 City of Sacramento for the Basin 31 Detention Basin at 65th Street and Broadway Project.

Staff is available to answer questions about the program and assist with the application process. Find out more about the ISRF Program at www.ibank.ca.gov. We look forward to hearing from you.

Sincerely,

Handwritten signature of Stanton C. Hazelroth.

Stan Hazelroth
Executive Director
