PLEASE SEE AMENDED LETTER

Stanislaus County Board of Supervisors,

We are appealing the decision of the Stanislaus County Planning Commission to allow a golf driving range on Taylor Road in Turlock. This project is not compatible with agriculture. We own and farm land near this proposed project. The planning department recommended to deny this project. As stated in the planning staff report this is prime farmland surrounded by agricultural properties.

Allowing this project will transform our farming as we know it today. We will have complaints with our normal farming operations throughout the year. This rezoning will open the door for more problems in the future. We would like to see this area stay as it is; a farming community acting as the buffer between Turlock and Keyes.

Thank you and we look forward to a future discussion concerning this rezoning project.
