**Re: Petition for Temporary Transfer of River Garden Farms Co. (License 1718;  
Application 575) to 2009 Drought Water Bank**

Honorable Supervisors:

Pursuant to Water Code section 1726(c), which requires a water transfer petitioner to provide a copy of the petition to the board of supervisors of the county or counties to which the water is proposed to be transferred, I have enclosed the following documents related to River Garden Farms' ("RGF") above-referenced petition to the State Water Resources Control Board ("Water Board"):

- Copy of Petition for Temporary Transfer of Water/Water Rights. (I also enclosed copies of two emails to Patricia Fernandez of the Water Board revising the petition.)
- Copy of Environmental Information for Petitions..
- Copy of a 2008 letter to Greg Wilson of the Water Board analyzing the consistency of RGF's proposed transfer in 2008 with Reclamation District No. 787's groundwater management plan. I also enclosed the groundwater management plan. These documents are enclosed because I submitted them to the Water Board along with RGF's 2009 petition.

If you need additional information, please do not hesitate to have your staff contact me.

Very truly yours,
