

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS  
ACTION AGENDA SUMMARY

DEPT: Chief Executive Office

BOARD AGENDA # \*B-3

Urgent  Routine   
CEO Concurs with Recommendation YES  NO

AGENDA DATE November 24, 2009

4/5 Vote Required YES  NO

(Information Attached)

SUBJECT:

Approval to Accept Update on Emergency Contract to Repair the 12th Street Office Building in Accordance with Public Contract Code Section 22050

STAFF RECOMMENDATIONS:

Accept the update on the status on the emergency repair to the 12th Street Office Building in Accordance with Public Contract Code Section 2250.

FISCAL IMPACT:

On November 3, 2009, the 12th Street Office Building suffered damage to the interior and exterior sections as a result of a vehicle driving into the building. On November 10, 2009, the Board authorized emergency repairs to be completed at the 12th Street Office Building.

Currently the cost to repair the damage is being estimated, however staff does not believe it will exceed \$100,000.

(Continued on Page 2)

Ayes: Supervisors: O'Brien, Chiesa, Grover, Monteith, and Chairman DeMartini

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

1) X Approved as recommended

2) \_\_\_\_\_ Denied

3) \_\_\_\_\_ Approved as amended

4) \_\_\_\_\_ Other:

MOTION:

ATTEST: CHRISTINE FERRARO TALLMAN, Clerk

File No.

**FISCAL IMPACT (Continued):**

There is insurance coverage for the building, with a \$10,000 deductible for which all members of the 12<sup>th</sup> Street Condominium Association are responsible to pay their fair share. The responsible party who drove into the building is insured, but has a limit of \$10,000. The County's insurance carrier has agreed to pay the cost of the repairs less the deductible and will work with the Chief Executive Office - Risk Management Division to pursue the claim with the responsible party.

Public Contract Code Section 20134 provides that a contractor who provides equipment and materials on an emergency basis shall be paid the actual cost of the use of machinery and tools and of material, and labor and of workers' compensation insurance expended by him or her in doing the work, plus not more than 15 percent to cover all profits and administration.

Staff will return to the Board and report on the status of the emergency project within 14 days, as required by the Public Contract Code.

**DISCUSSION:**

The 12<sup>th</sup> Street Office Building is owned jointly by Stanislaus County, Stanislaus County Employees Retirement Association (StanCERA), and a private developer, Westland Development Corporation. The facility was completed and opened in 2006.

On November 3, 2009, the building suffered damage to the structure of the building, as well as to the interior tenant improvements in leased space as a result of a vehicle driving into the building. The leased space that suffered damage to interior tenant improvements is occupied by Oak Valley Bank.

A structural engineer conducted an assessment of the damage to the building. The initial findings of the engineer indicated there was no structural damage, but the engineer's report documented concern related to the damage incurred to the brick façade.

While the building is structurally sound, the brick façade posed a public safety risk and was removed. In addition, the roof drain has been temporarily repaired before the next rain storm to prevent water damage in the space.

Portions of the exterior façade of the building along 12<sup>th</sup> Street near I Street including the brick veneer wall, store front window system and the granite bay were destroyed and must be replaced. The light gage steel stud wall framing for the exterior column façade and the interior column furring located in the conference has been dislodged at the base and the overflow drain drop is no longer connected to the piping which drains

to the sidewalk. Some utilities were also damaged, such as roof drains and possibility some electrical circuits.

On November 10, 2009, the Board authorized the Chief Executive Office to contract with ACME Construction, Inc. of Modesto, California. Acme Construction of Modesto, California constructed the 12<sup>th</sup> Street Office building as well the bank inside the first floor of the building.

Since that time, the building has been made secure by putting up temporary barriers to ensure the public's safety and to permit the continued conduct of essential county operations and services. The roof drains have been reconnected and routed outside of the building so that in the event of rain, drainage flows outside of the building.

It is anticipated that work will begin soon upon receipt of required insurance certificates and the ordering of materials. The duration of the work is anticipated to be approximately 60 days due to delivery of materials timeframes.

A regular update will be provided to the Board of Supervisors.

**POLICY ISSUES:**

Approval of this action will address this unexpected situation and promote efficiency in the administration of the County's operations. Additionally, this action supports the Board's priorities of *A safe community, A healthy community, Effective partnerships, and Efficient delivery of public services.*

**STAFFING IMPACT:**

Existing Chief Executive Office - Capital Projects staff will manage this effort and coordinate with the Tenants of the 12<sup>th</sup> Street Office Building in the procurement of services and to permit the conduct of essential County operations and services.
