Approval to Adopt Plans and Specifications for the ARRA Hughson SOI Cape Seal Project, Federal Project No. ESPL-5938(170), and Set the Bid Opening Date

DISCUSSION:

The ARRA Hughson Sphere of Influence (SOI) Cape Seal will consist of a Type II Slurry Seal over a 3/8 inch Polymer Modified Chip Seal. The Cape Seal will be placed over 5.4 miles of road surfaces creating a smooth, durable, water resistant pavement surface. In addition to the 5.4 miles of base roads, there is an alternate road that is an additional 1 mile. If the winning bid for the base roads is below the anticipated cost, then the road from the alternate road list can be added to the contract to utilize any excess funding. New striping will be applied on the centerline and edge lines as well as various pavement markings.

The funding for the Hughson ARRA Cape Seal was provided to the County by Stanislaus Council of Governments (StanCOG) and the City of Hughson to perform projects in and near the city of Hughson's sphere of influence. Due to staffing and time constraints at the city, these roads were chosen in conjunction with their Public Works Director as these roads are important to the citizens of Hughson. The County was chosen to receive these funds as the County was able to design and process the projects through Caltrans under tight deadlines in order for these funds to remain in the region.

All preliminary engineering was done in-house by County staff.

The following roads are included in the program:

Base Roads

1. Geer Road (Hatch Road to Santa Fe Ave)
2. Whitmore Ave (Faith Home Road to Mountain View Road)
3. Santa Fe Ave (Hatch Road to Tuolumne River Bridge)

Alternate Roads

1. Geer Road (Tuolumne River Bridge to 1150 ft south of Yosemite Blvd)

This project is exempt from the California Environmental Quality Act, Class 1, California Code of Regulations, Title 14, #15301 (Existing Facilities).

The project is anticipated to begin construction on May 17, 2010 and end July 23, 2010.

The following tentative schedule is provided:
