Approval to Consider and Adopt a Resolution of Necessity to Acquire Real Property or Interest in Real Property by Eminent Domain for the State Route 219 Widening Project, Parcel Owner Vance C. Kennedy, Trustee, APN: 004-071-029, 10-Sta-219-KP 6.30, Parcel 15335

DISCUSSION:

The Caltrans widening of State Route 219 (Kiernan Avenue) from State Route 99 on the west to State Route 108 (Mc Henry Avenue) on the east is divided into two phases. The first phase, which is currently under construction, is from State Route 99 to just east of Dale Road. The second phase is from just east of Dale Road on the west to State Route 108. Caltrans completed right-of-way acquisition for Phase I and is now in the process of purchasing right-of-way for Phase II.

The County of Stanislaus, City of Modesto, Stanislaus Council of Governments (StanCOG), and Caltrans have been working together to accelerate this widening project and since the right-of-way acquisition procedures presented the largest delay, the County agreed to conduct the Resolution of Necessity hearings on behalf of the State. Typically, the Resolution of Necessity hearings are conducted at the California Transportation Commission (CTC), however, by conducting the hearings locally a long scheduling delay is avoided. In 2007, with the approval of a Memorandum of Understanding with Caltrans, the Board of Supervisors conducted the Resolution of Necessity hearings for Phase I. On June 3, 2008, the Board of Supervisors approved a similar Memorandum of Understanding with Caltrans, which outlined the various roles and responsibilities necessary to conduct the hearings for the Phase II improvements. These hearings are only for properties needed for the widening project that could not be obtained by negotiation. Conducting these hearings should result in approval or disapproval of a Resolution of Necessity containing the following four findings:

- A. The public interest and necessity require the project.
- B. The project is planned or located in the manner that will be most compatible with the greatest public good with the least private injury.
- C. This property is required for the proposed project.
- D. An offer to purchase the property in compliance with Government Code Section 7267.2 has been made to the owner of record.

This hearing is for a partial acquisition of property described by Caltrans as Parcel 15335, has an Assessor's Parcel Number of 004-071-029 and is located at 5052 Tully Road. This property is not in a Williamson Act contract. The property owner is Vance C. Kennedy, Trustee. The property owner is not contesting the items in the Resolution of Necessity; the only issue with the property owner is related to compensation.

Staff believes that Caltrans has complied with all requirements of the Uniform Relocation Assistance and Real Properties Acquisition Policies Act of 1970 as amended. The Caltrans staff appraisal of the property has been reviewed by the District/Region Appraisal Branch and Caltrans has confirmed that the value conclusions are valid and the appraisal represents current market value. The owner has been offered the full amount of the approved appraisal.

Approval to Consider and Adopt a Resolution of Necessity to Acquire Real Property or Interest in Real Property by Eminent Domain for the State Route 219 Widening Project, Parcel Owner Vance C. Kennedy, Trustee, APN: 004-071-029, 10-Sta-219-KP 6.30, Parcel 15335

The amount of compensation is specifically excluded from consideration in the adoption of a Resolution of Necessity. Once a Resolution is passed, court proceedings can begin to consider the remaining issue of compensation. If the property owner wishes to contest any of the four issues (listed A - D above) considered in a Resolution of Necessity, a request to appear should be sent in advance of the hearing. Caltrans representatives will attend the hearing as needed to provide evidence and testimony sufficient to support adoption of the proposed Resolution of Necessity and the findings contained within.

This parcel is not in a Williamson Act contract and was evaluated in the Environmental Assessment pursuant to the Farmland Protection Policy Act, the California Land Conservation Act of 1965, and local farmland protection policies. Caltrans determined that there would be no substantial impact resulting from the construction of the proposed project.

Caltrans also determined in a formal notification to the Department of Conservation that this project is considered exempt from making the findings as required in Government Codes Section 51292, per Section 51293 (f).

POLICY ISSUES:

The Board should consider if the recommended actions are consistent with its priorities of providing a safe community, a healthy community and a well-planned infrastructure system.

STAFFING IMPACT:

Staff from the Chief Executive Office, County Counsel and Public Works have been involved in preparing notices, agenda items and presentations associated with the Resolution of Necessity hearings.
