BOARD OF SUPERVISORS

Dear Mr. Monteith:

The above referenced real property has been determined to be available for disposal.

Included in the attached notice is a description of the property and procedural instructions to be followed if a public agency desires to submit an application for the property. Please notice particularly the name and address given for filing written notice if any public agency desires to submit such an application, the time limitation within which the written notice must be filed, and the required content of such notice. Additional instructions are provided for the submission of comments regarding any incompatibility between the disposal of the property and any public agency's development plans and programs.

In order to ensure that all interested parties are informed of the availability of this property, please disseminate copies of the attached notice.

A similar letter is being sent to the Governor of California; the Office of the Mayor; and the California State Clearinghouse.

Sincerely,

CLARK VAN EPPS
Director
Office of Real Property Disposal & Utilization, 9PZ

NOTICE OF AVAILABLE GOVERNMENT PROPERTY

**FORMER SSA BUILDING
1230 12TH Street
Modesto, California**

GSA CONTROL NO. 9-G-CA-1610

May 26, 2010

Notice is hereby given that the above-mentioned real property has been determined to be available for disposal pursuant to certain provisions contained in 40 U.S.C 101 et seq., the Property Act. The former SSA Building is located in Stanislaus County, California, approximately 90 miles east of San Francisco in the Northern San Joaquin Valley.

The 11,957 square foot office building is situated on a 0.62-acre corner lot in downtown Modesto. It is surrounded by medical and professional buildings and a church campus. The zoning designation is C-2 (general commercial). The building was constructed in 1972. An extension of 5,000 square feet was added in 1979. There are 24 outdoor parking spaces available on site. The condition of the building is fair to poor as it needs some repairs and seismic retrofit work performed prior to occupancy. It has been vacant since 2003.

This property is offered "AS IS" and "WHERE IS" without representation, warranty, or guaranty as to quantity, quality, title, character, condition, size, or kind, or that the same is in condition or fit to be used for the purpose for which intended.

The U.S. Department of Housing and Urban Development (HUD) has determined that the property is suitable for possible use for facilities to assist the homeless under the Stewart B. McKinney Homeless Assistance Act (42 USC 11411), as amended. Proposals to assist the homeless will be granted a priority of consideration. Other public benefit uses of the property will be subject to a determination from the Department of Health and Human Services (HHS) that (1) there are no expressions of interest for the property to assist the homeless or (2) there are no applications or no application has been approved for homeless assistance. GSA will not act on other requests for the property until a final determination from HHS has been received.

This property is available for disposal pursuant to certain provisions of the Property Act and applicable regulations. The applicable regulations provide that non-Federal public agencies shall be allowed a reasonable period of time to submit a formal application for real property in which they may be interested. Disposal of this property, or portions thereof, may be made to public agencies under statutes and public uses listed on pages 5 thru 7 not later than **thirty (30)**

calendar days from the date of this Notice. In addition to filing notices with the proper agency, copies of all such notices are to be sent to the following GSA office within the same 30-day period:

**General Services Administration
Attn.: Clark Van Epps
Director, Office of Real Property Disposal and Utilization, 9PZ,
450 Golden Gate Avenue, 4th Floor East
San Francisco, CA 94102-3434
(415) 522-3420**

Such written notice from applicant shall:

1. Disclose the contemplated use of the property.
2. Contain a citation of the applicable statute under which the public agency desires to procure the property.
3. Disclose the nature of the interest, if an interest less than fee title to the property is contemplated.
4. State the length of time required to develop and submit a formal application for the property (where a payment to the Government is required under the statute, include a statement as to whether funds are available and, if not, the period required to obtain funds).
5. Give the reason for the time required to develop and submit a formal application.

Upon receipt of such written notice, the public agency shall be promptly informed concerning the period of time that will be allowed for submission of a formal application. In the absence of such written notice, or in the event a public use proposal is not approved, the regulations issued pursuant to authority contained in the Property Act provide for offering the property for public sale.

Sponsoring agencies may reject an application for a variety of reasons including any requirements imposed by the Government. Any planning for the stated public uses of the property sought to be acquired subject to a public benefit allowance or negotiated sale must be coordinated with the Federal Agency Contact listed on Pages 5 thru 7. An application form to acquire property for the stated use, and instructions for the preparation and submission of an application, may also be obtained from that same agency.

If any public agency considers that the proposed disposal of this property is incompatible with its developmental plans and programs, written notice of such incompatibility must be forwarded to the aforementioned GSA address within the same 30-day timeframe prescribed above.
