4/5 Vote Required YES NO

SUBJECT:

Approval to Accept Funding in the Amount of \$66,824 for Fiscal Year 2010-2011 from the California State Parks Off-Highway Vehicle (OHV) Grants and Cooperative Agreements Program to Enhance Emergency Response and Safety for the County's Off-Highway Vehicle Parks

STAFF RECOMMENDATIONS:

1. Authorize the Sheriff to accept funding in the amount of \$66,824 from the California State Parks Off-Highway Motor Vehicle Recreation Division Grants and Cooperative Agreements Program to enhance emergency response and safety at Frank Raines Regional Park and La Grange Park in Stanislaus County.
2. Authorize the Sheriff to sign and administer the California State Parks Off-Highway Motor Vehicle Recreation Division Grants and Cooperative Agreements Program for the Project Performance Period from July 7, 2010 through July 7, 2011.
3. Direct the Auditor-Controller to increase appropriations and revenue in the amount of \$66,824 for Fiscal Year 2010-2011 according to the attached budget journal.

FISCAL IMPACT:

On April 20, 2010, the Stanislaus County Board of Supervisors authorized the Sheriff to apply for a grant through the California State Parks Off-Highway Vehicle 2010-2011 Grants and Cooperative Agreements Program. On May 3, 2010, the Stanislaus County Sheriff's Department submitted a law enforcement application in the amount of \$121,522 for equipment purchases.

Approval to Accept Funding in the Amount of \$66,824 for Fiscal Year 2010-2011 from the California State Parks Off-Highway Vehicle (OHV) Grants and Cooperative Agreements Program to Enhance Emergency Response and Safety for the County's Off-Highway Vehicle Parks

FISCAL IMPACT (continued):

The Stanislaus County Sheriff's Department has been notified of an award in the amount of \$66,824 through the 2010-2011 Grants and Cooperative Agreements Program. The amount awarded was calculated by the California State Parks Off-Highway Vehicle (OHV) Program as follows: a \$10,000 base award was given for a correctly submitted grant application and a formula was established to proportionally distribute the remaining available funds to all eligible applicants. The proportionate share awarded to Stanislaus County, added to the \$10,000 base amount, resulted in an award of approximately 50% of the \$121,522 application requested. A budget journal increasing appropriations and revenue for the purchase of equipment, training, and overtime is attached. The 25% (\$16,706) match is met by salaries and vehicle expenses already included in the Operations budget. Currently, the County provides \$454,960 in funding which is budgeted in the Stanislaus County Park's Department budget. This amount is listed as revenue in the Sheriff's Department budget. The Parks Department pays for law enforcement services outlined in a Service Level Agreement between the Sheriff's and Parks Departments. This existing appropriation can serve as the County match requirement. A budget journal increasing appropriations and estimated revenue in the amount of \$66,824 in the Sheriff Operations General Fund budget for the purchase of equipment and to fund overtime is attached.

DISCUSSION:

The State of California Resources Agency, Department of Parks and Recreation, administers the Off-Highway Vehicle (OHV) Grant Program that provides funding to cities, counties and appropriate districts and non-profit organizations that deliver OHV recreation and OHV-related activities. An OHV is defined in the California Vehicle Code (CVC) as a motorcycle, snowmobile, all-terrain vehicle (ATV), jeep, sand buggy or dune buggy, and any street licensed motor vehicles being used off-highway. The Off-Highway Motor Vehicle Recreation Act of 2003 authorizes the allocation of grant funds for the purpose of establishing, maintaining, managing and rehabilitating OHV areas, trails and facilities in California.

Stanislaus County is set aside from most other Counties within the State of California due to the fact that the County owns and operates not one, but two Off-Highway Vehicle Parks totaling 2,000 acres of available and dedicated land for all types of Off-Road Adventures for County residents and visitors alike. Our OHV visitors come from Stanislaus County and we routinely have visitors from the Bay Area, Sacramento, Fresno, and the Sierra Foothills. Both parks are open to all registered and CVC compliant vehicles such as 4-wheel drives, ATV's, Sand-Rails, motorcycles and buggies to name a few.

Frank Raines Regional Park is located approximately 17 miles west of Patterson, California in Del Puerto Canyon's rugged slopes of the Coastal Range. The park is divided functionally into two units separated by several miles of road. The north section encompasses over 1,600 acres of developed and undeveloped areas with off-road vehicle trails, overnight camping and a day use area. The trails are rated for beginners with stock OHV's to advanced riders for well-equipped OHV's in very steep terrain, as well as rock crawling and a mud-bog. The OHV area includes an entrance station, campground with 34 hook-up campsites, recreation hall, restrooms/showers, and a group picnic shelter. The types of vehicles used in this park are trucks, motorcycles, 4-wheel drive vehicles and dune buggies. Visitors who use the park will meet challenges like hill climbing, water hazards, and challenging trails.

Frank Raines Regional Park resources are in fair condition after the fire that occurred on July 22, 2003. The campgrounds, buildings and maintenance facilities were not damaged. The trails in the lower and upper 800 acres of the OHV Park suffered significant fire damage. The entire park was closed down

Approval to Accept Funding in the Amount of \$66,824 for Fiscal Year 2010-2011 from the California State Parks Off-Highway Vehicle (OHV) Grants and Cooperative Agreements Program to Enhance Emergency Response and Safety for the County's Off-Highway Vehicle Parks

DISCUSSION (continued):

temporarily to assess the damage. On October 17, 2003, approximately 200 acres of the OHV Park were re-opened to the public. Since October 2006, the park's lower 800 acres have been open for OHV use to the public.

La Grange Regional Park is located at 2315 South Old LaGrange Road, LaGrange, California. This OHV Park offers undeveloped camping and approximately 150 acres of land open to recreational riding. The trails are rated for beginners with stock OHV's to intermediate riders. There is a motocross style course and a track dedicated for our younger beginners with an OHV under 90cc.

Visitors who go to the La Grange OHV area will meet challenges like soft sandy soil, water hazards, and hill climbs. There was a recent addition of an intermediate track for users between the ages of ten and fifteen years old. The user of the park can expect to enjoy groomed trails, groomed competitive tracks, camping, restrooms, benches, shade trees, and barbeques.

The groups who enjoy the parks are the Over the Hill Gang, Modesto 4-Wheel Drive, California Motor Cross Association, East Bay High Tailers, American Motocross Promotions, Mutant Motor Sports, A.M.P. Racing, Merced Dirt Riders, and CORVA. The types of vehicles used here are dune buggies, motorcycles and ATVs and miscellaneous 4-wheel drives.

This Law Enforcement Grant (Project Agreement is attached) allows the Sheriff's Department to purchase much needed patrol, safety and rescue equipment and having these additional resources will enhance off-road patrols, allow immediate first aid to injured persons and provide deputies with safety equipment for searches and rescues within our parks.

POLICY ISSUES:

Approval of this item supports the Board's priorities of Effective Partnerships and A Safe Community.

STAFFING IMPACTS:

There is no staffing impact associated with this item. The financial aid will fund purchases of much needed equipment for patrol enforcement and rescues at the County's off-road vehicle parks.

Project Agreement General Provisions (Local Agencies Only)

A. Definitions

1. The term "State" as used herein means the California State Department of Parks and Recreation.
2. The term "Act" as used herein means the Off-Highway Motor Vehicle Recreation Act of 2003 as amended.
3. The term "Project" as used herein means the Project which is described on Attachment 1 of this agreement and in the Project Application, which is hereby incorporated into this agreement by reference.
4. The term "Application" as used herein means the individual Project Application and its required attachments pursuant to the enabling legislation, regulations, and/or Grant program, which is incorporated into this agreement by reference.
5. The term "Project Agreement" as used herein means the Application and the Project Agreement General Provisions.
6. The term "Grantee" as used herein means the party described as the Grantee on page 1 of the Project Agreement.

B. Project Execution

1. Subject to the appropriation and availability of Grant funds in the state budget, the State hereby awards to the Grantee the sum of money (Grant money) stated on page 1 of the Project Agreement in consideration of and on condition that the sum be expended in carrying out the purposes as set forth in the Project Description on Attachment 1 of the Project agreement and the terms and conditions set forth in this agreement.

The Grantee assumes the obligation to furnish any additional funds that may be necessary to complete or carry out the Project as described. Any modification or alteration in the Project as set forth in the Application on file with the State must be submitted to the State for approval. State's obligation to make Grant payments is limited to the Project as provided for herein, or as modified with the approval of the State.
2. The Grantee agrees to complete the Project in accordance with the Project performance period set forth on page 1 of the Project Agreement, and under the terms and conditions of this agreement.
3. If the Project includes development, the development plans, specifications and estimates or Force Account Schedule shall be reviewed and approved by the State prior to Grantee proceeding with the Project. Unless the development plans, specifications and estimates are approved by the State, the State shall have no obligation to make Grant payments for the work.

The Grantee, shall comply with all applicable current laws and regulations affecting Development Projects, including, but not limited to, legal requirements for construction contracts, building codes, health and safety codes, and laws and codes pertaining to individuals with disabilities. In addition, the Grantee shall complete the development work in accordance with the State approved development plans, specifications and estimates or Force Account Schedule. The Grantee shall make property or facilities acquired and/or developed pursuant to this agreement available for inspection upon request by the State to determine if development work is in accordance with the approved plans, specifications and estimates or Force Account Schedule, including a final inspection upon Project completion.

4. If the Project includes acquisition of real property, and the cost of which is to be reimbursed with Grant moneys under this agreement, shall as required thereby, comply with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code and any other applicable federal, state, or local laws or ordinances. Documentation of such compliance will be made available for review by the State upon request. Eminent domain may not be used to acquire property using the Grant funds provided by this agreement.
5. If the Project includes acquisition of real property, the purchase price shall be the fair market value of such property as established by an appraisal completed according to established current appraisal practices and methods as approved by both the Grantee and the State. Grantee agrees to furnish the State additional supportive appraisal material or justification as may be requested by the State to complete its review and approval of the fair market value.

Grantee agrees to furnish the State with preliminary title reports respecting such real property or such other evidence of title which is determined to be sufficient by the State. Grantee agrees to correct prior to or at the close of escrow any defects of title which in the opinion of State might interfere with the operation of the Project.

C. Project Costs

The Grant moneys to be provided to the Grantee under this agreement shall be disbursed as follows, but not to exceed in any event one-hundred (100) percent of the allowable Project costs or the State Grant amount as set forth on page 1 of this agreement whichever is less:

1. If the Project includes acquisition of real property, the State shall disburse to Grantee the Grant moneys as follows, but not to exceed in any event the State Grant amount set forth on page 1 of this agreement.

State will disburse the amount of the State approved purchase price together with State approved costs of acquisition. The State may elect to make disbursement for deposit into escrow.

2. If the Project includes development, after approval by State of Grantee's plans, specifications and estimates or Force Account Schedule and after completion of the Project or any phase or unit thereof, State shall disburse to Grantee upon receipt and approval by State of a statement of incurred costs from Grantee, the amount of such approved incurred costs shown on such statement, not to exceed the State Grant amount set forth on page 1 of this agreement, or any remaining portion of such Grant amount to the extent of such statement. Grantee, upon a showing that the Project may not proceed without advance funding, may request advance payment of those funds needed up to a maximum of ninety (90) percent of the State Grant amount allocated for development upon receipt and approval by State of Grantee plans, specifications and estimates or Force Account Schedule.

The statements to be submitted by Grantee shall set forth in detail the incurred or estimated cost of work performed or to be performed on development of the Project and whether performance will be by construction contract or by Force Account. Statements shall not be submitted, nor shall State make payments, more frequently than for work performed during ninety (90) day periods unless otherwise requested by State.

D. Project Administration

1. The Grantee shall promptly submit such progress, performance or other reports concerning the status of work performed on the Project as the State may request. In any event, the Grantee shall provide the State a report showing total final Project expenditures including State and all other moneys expended within one hundred twenty (120) days after completion of Project.
2. The Grantee shall make property and facilities maintained, operated, acquired or developed pursuant to this agreement available for inspection by the State upon request.

3. The Grantee shall use any moneys advanced by the State under the terms of this agreement solely for the Project herein described.
4. The Grantee may be provided advanced payments for Grants but only for those that are for Planning, Acquisition, and Facility Operation and Maintenance. The Grantee shall place such moneys in a separate interest bearing account, setting up and identifying such account prior to the advance, interest earned on Grant moneys shall be used on the Project or paid to the State. If Grant moneys are advanced and not expended, the unused portion of the Grant (plus interest) shall be returned to the State within one hundred twenty (120) days of completion of the Project or end of the Project performance period, whichever is earlier.

Income, after deduction for reasonable expenses associated with that income, that is earned by the Grantee from a State approved non-recreational use on an acquisition Project, subsequent to taking title by the Grantee, but before use for OHV Recreation, must be used by the Grantee for recreational purposes at the Project.

5. Equipment must be used solely for OHV related purposes unless the Applicant is funding the portion of the purchase price not dedicated to OHV purposes

E. Project Termination

1. The Grantee may unilaterally rescind this agreement at any time prior to the commencement of the Project. After Project commencement this agreement may be rescinded, modified or amended by mutual agreement in writing.
2. Failure by the Grantee to comply with the terms of this agreement or any other agreement under the Act may be cause for suspension of all obligations of the State hereunder.
3. Failure of the Grantee to comply with the terms of this agreement or contract under the enabling legislation may be cause for suspension of all obligations of the State hereunder. However, such failure shall not be cause for the suspension of all obligations of the State hereunder if in the judgment of the State such failure was due to no fault and beyond the control of the Grantee to prevent, mitigate, or remedy.
4. Because the benefit to be derived by the State, from the full compliance by the Grantee with the terms of agreement, is the, operation, development, preservation, protection and net increase in the quantity and quality of public outdoor recreation facilities available to the people of the State of California and because such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the State by way of Grant moneys under the terms of this agreement, the Grantee agrees that payment by the Grantee to the State of an amount equal to the amount of the Grant moneys disbursed under this agreement by the State would be inadequate compensation to the State for any breach by the Grantee of this agreement. The Grantee further agrees therefore, that the appropriate remedy in the event of a breach by the Grantee of this agreement shall be the specific performance of this agreement, unless otherwise agreed to by the State. Notwithstanding the foregoing, in the event of a breach of this agreement, or any portion thereof, which is due to no fault and beyond the control of the Grantee to prevent, mitigate, or remedy, the State's sole remedy shall be the reimbursement of any funds advanced or paid that pertain to the breached term or terms of this agreement.

F. Hold Harmless

1. Grantee hereby waives all claims and recourse against the State including the right to contribution of loss of damage to persons or property arising from, growing out of or in any way connected with or incident to this agreement except claims arising from the concurrent or sole negligence of State, its officers, agents and employees.
2. The Grantee shall protect indemnify, hold harmless and defend State, its officers, agents and employees against any and all claims, demands, damages, costs, expenses or liability costs arising out of the acquisition, development, construction, operation or maintenance of the property described as the Project which claims, demands or causes of action arise

under Government code Section 895.2 or otherwise except for liability arising out of, and attributable to, the concurrent or sole negligence of State, its officers, or employees.

3. In the event State is named as codefendant under the provisions of Government Code Section 895 et seq., the Grantee shall notify the State of such fact and shall represent State in the legal action unless State undertakes to represent itself as codefendant in such legal action in which event the State shall bear its own litigation costs, expenses, and attorney's fees.
4. In the event of judgment against the State and the Grantee because of the concurrent negligence of the State and the Grantee, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction. Neither party shall request, and each party hereby waives its right to, a jury apportionment.

G. Financial Records

1. The Grantee shall retain all financial accounts, documents, and records for three (3) years from the expiration date of the Project agreement, or three (3) years from the start of an audit engagement, whichever comes first, and until an audit started during the three (3) years has been completed and a report published.
2. During regular office hours each of the parties hereto and their duly authorized representatives shall have the right to inspect and make copies of any books, records or reports of the other party pertaining to this agreement or matters related thereto.

H. Use of Facilities

1. The property acquired or developed with Grant moneys under this agreement shall be used by the Grantee only for the purpose for which the State Grant moneys were requested and no other use of the area shall be permitted except by specific act of the Legislature.
2. The Grantee shall without cost to State, except as may be otherwise provided in this or any other Grant agreement, operate and maintain the property acquired or developed pursuant to this agreement in the manner of and according to the provisions of this agreement, the Off-Highway Motor Vehicle Recreation Act and any related regulations, or any other provision of law which may be applicable to such operation and maintenance.
3. Use of the facilities shall comply with all applicable laws, including, but not limited to, the requirements for registration of all day use-vehicles with the Department of Motor Vehicles or identified under the Chappie-Z'berg Off-Highway Motor Vehicle Law of 1993.

I. Nondiscrimination

1. The Grantee shall not discriminate against any person on the basis of sex, race, color, national origin, religion, ancestry, or physical handicap in the use of any property or facility acquired or developed pursuant to this agreement.
2. The Grantee shall not discriminate against any person on the basis of residence except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence and pursuant to law.
3. All facilities shall be open to members of the public generally, except as noted under the special provisions of this Project agreement.

J. Application Incorporation

1. The Application and any subsequent change or addition approved by the State is hereby incorporated in this agreement as though set forth in full in this agreement.

K. Severability

1. If a provision of this agreement or the Application thereof is held invalid, that invalidity shall not affect other provisions or applications of the agreement which can be given effect without the invalid provision or Application, and to this end the provisions of this agreement are severable.

L. Governing Law

1. This agreement shall be construed in accordance with and be governed by the laws of the State of California. Any legal action arising out of the terms of this agreement shall take place in the county wherein the Project funded by this agreement is located. If the Project is located in or among two or more counties, any legal action shall be taken in the county wherein the largest land area of the Project is located.

Other-Security Shutters Notes : Security is very important at Frank Raines because it is located at such a remote site. With our new reservation computers being placed in the entrance station, the need for security is even higher. Having to haul the fragile and heavy pieces between the entrance station and the office everyday could potentially damage the computer equipment with excessive handling or potential dropping. Standard grade roll down security shutters runs between \$1,000 to \$1,200 each installed.
