DISCUSSION:

The Child Abuse Interview, Referral and Evaluation (CAIRE) Center is a project of the District Attorney, the Community Services Agency (CSA)-Child & Family Services and all of the law enforcement agencies of Stanislaus County, as well as various other community partners located at the Stanislaus Family Justice Center. The CAIRE Center provides forensic interviewing services on child abuse cases; the services are available to any child in the County who is a victim of or a witness to a crime. The goal of the CAIRE Center is to prevent retraumatization of children by minimizing the number of investigative interviews to which they must be subjected, and to provide a professional video and audio taped interview for the investigators. Children are interviewed by a forensic interviewer while other members of the investigating team observe out of sight in an observation room. After the interview, the child and family are provided behavioral health treatment and referral services.

Since 2005 the CAIRE Center has been accredited through the National Children's Alliance (NCA) in Washington DC. NCA is a nationwide not-for-profit membership organization whose mission is to promote and support communities in providing a coordinated investigation and comprehensive response to victims of severe child abuse. NCA requires best practice standards be provided in order to receive accreditation.

One of the many benefits of being accredited through NCA is the ability to apply for a \$10,000 noncompetitive grant each calendar year to support child advocacy center services. This grant is offered through the California Network of Child Advocacy Centers a regional chapter of NCA, and is a collaboration between the Office of Juvenile Justice and Delinquency Prevention and National Children's Alliance. In June 2011 CSA applied on behalf of the CAIRE Center for the grant and was awarded \$10,000 for Calendar Year 2011.

The grant money will be used for staff training and equipment. Training will be provided to all partners in Stanislaus County on identifying burns during a child abuse investigation; advanced forensic interviewer training for the County's child abuse forensic interviewers; and to send a team of CAIRE Center partner staff, including a representative from the District Attorney's Office, law enforcement, child welfare, mental health, a forensic interviewer, and advocate to The University of California Davis National Child Abuse and Neglect Conference training in October 2011. Training funds have traditionally been limited for many CAIRE Center partners. Training is vital to the continued growth and success of the CAIRE Center and is essential to practicing culturally competent best practices. The grant will also be used to purchase assisted listening devices for the forensic interviewers. This allows the child abuse investigating agencies to communicate with the forensic interviewers while they interview child victims of abuse and/or neglect.
