Approval to Award the Construction Contract for the Stanislaus County 2012 Chip Seal Program (Polymer Asphalt Rejuvenation Emulsion) to Telfer Oil Company of Martinez, California

**STAFF RECOMMENDATIONS (continued):**

4. Upon project completion, authorize the Director of Public Works to accept the completed improvements and perform all necessary closeout activities.

**DISCUSSION:**

The Stanislaus County 2012 Chip Seal Program (Polymer Asphalt Rejuvenation Emulsion) consists of sealing approximately 46.4 miles of existing County roadways with polymer asphalt rejuvenation emulsion and placement of rock chips on the emulsion. The emulsion will seal cracks in the road and prevent moisture from seeping under the pavement. The rock chips will improve the skid resistance and driving surface of the road. Department of Public Works staff will provide the labor to complete this project.

This project is a preventative maintenance step. These roads are low to medium volume roads that chip seal can protect. Chip seal treatment is anticipated to add up to 10 years to the life of the road. The following roads are included in the program:

- Keyes Road (Carpenter Road to Crowslanding Road)
- Rogers Road (Hwy 33 to Patterson City Limits)
- Mountain View Road (Taylor Road to Service Road)
- Walnut Road (Taylor Road to Service Road)
- Griffen Road (Taylor Road to Service Road)

- Pioneer Road (Keyes Road to Service Road)
- Grayson Road (Pioneer Road to Geer Road)
- Hammett Court (Hammett Road NE to End of the Road)
- Hammett Court (Hammett Road NW to End of the Road)

On June 6, 2012, two sealed bids were received, publicly read, and opened. A summary of the bids are as follows:

<b>CONTRACTOR</b>	<b>BID</b>
Telfer Oil Company	\$633,391.00
Valley Slurry Seal	\$639,639.00

This project is exempt from California Environmental Quality Act (CEQA) under Title 14, Section 15301 (Existing Facilities) of the California Code of Regulations. On March 27, 2012, Stanislaus County filed CEQA Categorical Exemption determination for the project.

The engineer's estimate for the polymer asphalt rejuvenation emulsion portion of the project was \$749,848. At the time of the estimate, oil prices were higher, thus the bids were lower than the engineer's estimate. The Department of Public Works requests that the Board of Supervisors award the contract to the lowest bidder, Telfer Oil Company of Martinez, California, in the amount of \$633,391.

**POLICY ISSUES:**

The recommended actions are consistent with the Board's priorities of providing A Safe Community, A Healthy Community, and A Well Planned Infrastructure System by sealing the cracks and prolonging the life of the road. Furthermore, the Board should decide if it should authorize the Director of Public Works to issue change orders in accordance with Public Contract Code, Section 20142.

**STAFFING IMPACT:**

Department of Public Works staff will provide the labor to complete this project.

**AGREEMENT**

2012 JUL 20 P 2:16

THIS AGREEMENT, dated this 10th day of July, 2012, by and between TELFER OIL COMPANY, whose place of business is located at 211 Foster Street, Martinez, California (“Contractor”), and the COUNTY OF STANISLAUS (“County”), acting under and by virtue of the authority vested in the County by the laws of the State of California.

WHEREAS, County, by its Resolution No. 2012 - 356 adopted on the 10th day of July, 2012, awarded to Contractor the following Contract:

**CONTRACT NUMBER 8051**

NOW, THEREFORE, in consideration of the mutual covenants hereinafter set forth, Contractor and County agree as follows:

**Article 1. Work**

- 1.1 Contractor shall complete all Work specified in the Contract Documents, in accordance with the Specifications, Drawings, and all other terms and conditions of the Contract Documents.

**Article 2. Architect/Engineer and Project Manager**

- 2.1 Public Works Engineering Services designed the Project and furnished the Plans and Specifications. Engineering Services shall have the rights assigned to Architect/Engineer in the Contract Documents.
- 2.2 County has designated the Public Works Construction Manager as its Project Manager to act as County’s Representative in all matters relating to the Contract Documents.

Time commences to run as provided in the Agreement.

### 3.2 Liquidated Damages

Contractor and County agree that because of the nature of the Project, it would be impractical or extremely difficult to fix the amount of actual damages incurred by County because of a delay in completion of all or any part of the Work. Accordingly, County and Contractor agree that as liquidated damages for delay Contractor shall pay County:

Two Thousand Five Hundred dollars (\$2,500.00) for each Calendar Day that expires after the time specified herein for Contractor to achieve Final Completion of the entire Work, until achieved.

Liquidated damages shall apply cumulatively and except as provided below, shall be presumed to be the damages suffered by County resulting from delay in completion of the Work.

- 3.3 Liquidated damages for delay shall only cover administrative, overhead, interest on bonds, and general loss of public use damages suffered by County as a result of delay. Liquidated damages shall not cover the cost of completion of the Work, damages resulting from Defective Work, lost revenues or costs of substitute facilities, or damages suffered by others who then seek to recover their damages from County (for example, delay claims of other contractors, subcontractors, tenants, or other third-parties), and defense costs thereof.
