SUBJECT:

Approval of a Three-Year Agricultural Lease with JKB Development, Inc., for County Owned Property Adjacent to the Fink Road Landfill

STAFF RECOMMENDATIONS:

1. Authorize the Director of Environmental Resources, or designee, to sign and execute the three-year Agricultural Lease Agreement with JKB Development, Inc.
2. Authorize the Director of Environmental Resources, or designee, to sign future amendments and extensions to the Agricultural Lease Agreement.

FISCAL IMPACT:

Under the proposed three-year farming lease, the County would receive a guaranteed annual base rent of \$106,000 from JKB Development for the first three years of the contract beginning on February 1, 2014 (for the 2013 calendar year), plus the revenue from any dry land farm leases. The rent would escalate by 2% each year thereafter if the County extends the lease for a fourth and possibly a fifth year, with the revenue from any dry land farm leases also continuing. In addition, JKB Development agrees to annually pay the County 20% of any almond harvest revenue over the agreed upon base amount of \$1,055,700.

Approval of a Three-Year Agricultural Lease with JKB Development, Inc., for County Owned Property Adjacent to the Fink Road Landfill

FISCAL IMPACT (Continued):

The County's 20% share of almond harvest revenue would increase to 22%, if the lease is extended to a fourth year, and to 24% if the lease is extended to a fifth year. The County will assume liability for up to \$40,000 in agricultural pump repairs per year, should they become necessary, and if deemed appropriate by the Director of Environmental Resources. The County will advance the payment for electricity and water costs associated with the farming operation, the costs of which will be the first call on the reimbursement from the almond harvest annually during the contract term.

As of September 30, 2012, utility (electric and water) costs associated with the farming operation were at approximately \$180,000 for the current calendar year. Such costs will be reimbursed to the County per the agricultural lease in addition to the guaranteed base rent. The Department has incurred approximately \$4,200 in costs to date in 2012 for irrigation repairs covered using existing budgeted appropriations. Payment from JKB Development from the previous year's rent is not due until January 31, 2013.

DISCUSSION:

On September 29, 2009, the Board of Supervisors authorized staff to issue a Request for Qualifications (RFQ) to select the most qualified candidate interested in entering into a long-term ground lease for 1,678 acres of County owned property adjacent to the Fink Road Landfill. On December 8, 2009, the County entered into a 12-month Exclusive Right to Negotiate Agreement with JKB Development, Inc. (JKB Development), formally JKB Energy, for a long-term farming and potential solar farm lease for this location. At that time, the Board also authorized the Director of Environmental Resources to negotiate and enter into a contract with M.A. Garcia Agrilabor, Inc., for farm management services for the almond orchard during the negotiation period. On December 21, 2010, the Board of Supervisors approved a one-year extension to the Twelve Month Exclusive Right to Negotiate Agreement with JKB Development. At that time, JKB Development also took over the Agricultural Lease Agreement. On December 20, 2011, the Board approved a second one-year extension to both the Exclusive Right to Negotiate Agreement and the Agricultural Lease Agreement.

The Exclusive Right to Negotiate Agreement and the Agriculture Lease Agreement with JKB Development are both set to expire on December 28, 2012. At this time, staff is recommending separating the Exclusive Right to Negotiate Agreement from the Agricultural Lease Agreement (Agreement) in order to provide more continuity for the farming operation. The Agreement would be effective December 29, 2012, through December 28, 2015, with two possible one-year extensions. Correspondingly, if the County separately enters into a longer term Exclusive Right to Negotiate Agreement, JKB Development would likely be in a more favorable position to secure a Power Purchase Agreement for a long-term solar project. Staff is currently working with JKB to finalize the Exclusive Right to Negotiate Agreement as well as a Land Option and Lease Agreement.

Approval of a Three-Year Agricultural Lease with JKB Development, Inc., for County Owned Property Adjacent to the Fink Road Landfill

As proposed, the Agreement requires at the end of year two, that JKB Development confirm in writing their continued interest in the Agreement in order to exercise two possible additional one-year extensions to the Agreement. If such interest is not confirmed in writing, the County would then have sufficient time to put the agricultural lease back out to a competitive Request for Proposals process before the lease expires at the end of year three. The farm consists of approximately 1,678 acres including roughly 333 acres of almond orchard, 979 acres of dry land farm area, 354 acres of grazing land, and 12 acres formerly planted in almond trees. The proposed farming lease was originally negotiated using appraisal research provided by an independent professional real estate appraiser, Cogdill and Giomi, to ensure the County receives the appropriate property rental rate. The proposed Agreement is included as Attachment A.

POLICY ISSUES:

Approval of this agenda item to enter into a three-year Agricultural Lease Agreement with JKB Development, Inc., is consistent with the Board's priorities of A Well Planned Infrastructure System, A Strong Agricultural Economy/Heritage, and the Efficient Delivery of Public Services. Continuing the farming activities is the best use of this County property in the near term.

STAFFING IMPACTS:

Staff from the Department of Environmental Resources will continue to oversee the Agricultural Lease Agreement.

**AMENDMENT NO. 1
TO
FARM LEASE AGREEMENT**

(Fink Road)

This Amendment No. 1 to Farm Lease Agreement ("Amendment No. 1") by and between the County of Stanislaus ("Landlord") and JKB Development, Inc., a California corporation ("Tenant") is made and entered into on May 19, 2015.

Whereas, Section 1.03 of the Lease provides that the Lease may be renewed for two one-year periods after the expiration of the original term for a total of five years; and
