SUBJECT:

Approval to Set a Public Hearing on March 5, 2013 at 9:05 a.m. pursuant to Section 1442.5 of the Health and Safety Code, to Consider Adjustments to the Methodology Used to Establish the Medically Indigent Adult Program Income Limits for the Hardship Eligibility Category

STAFF RECOMMENDATIONS:

Set a Public Hearing pursuant to the Health and Safety Code § 1442.5 on March 5, 2013 at 9:05 a.m. to consider approval to adjust the methodology used to establish the Medically Indigent Adult program's Income Limit for the Hardship Eligibility category from an aggregate limit to limits by age bands as set forth in Table 1, effective April 1, 2013.

FISCAL IMPACT:

The Medically Indigent Adult (MIA) program represents the majority of the Health Services Agency's Indigent Health Care Program budget. The approved budget for Fiscal Year 2012-2013 for the Indigent Health Care Program is \$12,710,288. The MIA program is funded by State Realignment from a portion of vehicle license fees and sales tax, and by a required County match. The approved budget for this fiscal year does not include any funding for the recommended program changes nor does it fully fund the

FISCAL IMPACT (Continued):

enrollment and utilization growth experienced to date and anticipated during this Fiscal Year, projected at an additional \$4.5 million. If additional budget adjustments are needed, contingency funds for match programs will be needed.

The MIA program is a County obligation under State law and is one of the programs counties are to provide with 1991 Realignment funds. Health realignment funding from the State consists of sales tax and vehicle license fees and requires a County General Fund match which for the MIA program in Stanislaus County is approximately \$2.25 million annually. As a direct result of the unprecedented economic crisis, these State tax revenues have decreased resulting in a corresponding decline in Realignment funding. No offsetting relief on the program mandate has been provided by the State as such relief would require legislation.

While actual costs would be based on the actual number of applicants, the number of those accepted as MIA enrollees and utilization of covered services under the MIA program, by analyzing past experience data, it is estimated that the proposed adjustments would result in minimal financial impact considering the potential of additional cost and offsetting savings.

DISCUSSION:

Under Welfare and Institutions Code Section 17000, the County is required to provide or arrange for the provision of medical care services for the indigent residents of the County. Under the law, the scope of benefits and eligibility guidelines are established at the discretion of each county's Board of Supervisors, although case law has provided more detailed guidance.

On September 1, 2009 the Board of Supervisors conducted a public hearing and approved staff recommendations for policy changes designed to reduce program expenditures and avoid deficit spending as a result of decreased MIA program funding coupled with increased enrollment. Those changes were put into effect for new applicants on October 1, 2009 and for existing "enrollees" upon their renewal dates. These changes were more closely aligned with the State's Medi-Cal eligibility guidelines and with many other counties' indigent coverage programs.

On February 1, 2010, the Health Services Agency implemented an administrative policy change regarding collection of copayments and share of cost at the time of service. Although staff continues to request collection, if the patient is not able or refuses to pay at the time of service, care is still provided.

Approval to Set a Public Hearing on March 5, 2013 at 9:05 a.m. Pursuant to Section 1442.5 of the Health and Safety Code, to Consider Adjustments to the Methodology Used to Establish the Medically Indigent Adult Program Income Limits for the Hardship Eligibility Category

Page 3

On March 30, 2010, the Stanislaus County Board of Supervisors approved a staff recommendation to reinstate the income standards and cost sharing policies which had been in effect prior to the September 1, 2009 approved change and directed staff to further review the eligibility standards.

In the fall of 2010, a Cost of Living Study was undertaken by Health Services Agency staff. Based on the outcome of that work, staff developed income limit changes for consideration, consistent with case law. After review of the results of the Cost of Living Study compared with two self-sufficiency studies, staff determined that a review of the validity of the internally prepared Cost of Living Study by an independent third party was merited before making a recommendation to the Board of Supervisors. The County engaged HFS Consultants, who commenced the validation in December of 2010.

On April 5, 2011, a public hearing was conducted to consider changes to the Medically Indigent Adult Program Income Limits for Eligibility based on the results of the cost of living study. At the April 5, 2011 Board of Supervisors meeting, the Health Services Agency recommended and the Board approved the following changes: (1) establishment of the income limit for standard eligibility with zero patient cost sharing at 116% of the Federal Poverty Level, effective May 1, 2011; and (2) establishment of a Hardship Eligibility category which provides for patient share of cost requirements for applicants with income between 117% to 223% of the Federal Poverty Level, effective May 1, 2011. The upper limit of the Hardship Eligibility category was based on research performed by staff to determine the cost for individuals to purchase a commercial policy for health insurance as well as the cost of health coverage offered to the uninsured by the State of California. Based on that research, \$811 per month was determined to be the available purchase price of health insurance coverage under the coverage offered by the State of California at that time under the Major Risk Medical Insurance Program (MRMIP). At the hearing staff also advised the Board of Supervisors that the State-administered Pre-existing Condition Insurance Program ("PCIP") would have provided health care insurance at a price lower than MRMIP.

Historically and particularly in the current environment of federal and State changes impacting healthcare and health insurance, the Agency has continued to analyze the MIA program's standards. With regard to the ability to pay for health insurance, staff has determined that the purchase of health insurance for persons between the ages of 50 to 64 may not be available from the State of California for \$811 per month from MRMIP, while it is available for less than the \$811 per month allowance for those in some younger age bands. PCIP health insurance coverage can be purchased by eligible persons in all age bands for less than \$811, but staff continue to recommend that the conservative approach of using the higher MRMIP rates be employed in determining the County's Hardship Eligibility Income Limit. Hence, the Health Services Agency is recommending adjusting the County's Hardship Eligibility Income Limit to an

Approval to Set a Public Hearing on March 5, 2013 at 9:05 a.m. Pursuant to Section 1442.5 of the Health and Safety Code, to Consider Adjustments to the Methodology Used to Establish the Medically Indigent Adult Program Income Limits for the Hardship Eligibility Category

While actual costs would be based on the actual number of applicants, the number of those accepted as MIA enrollees and utilization of covered services under the MIA program, by analyzing past experience data, it is estimated that the proposed adjustments would result in minimal financial impact considering the potential of additional cost and offsetting savings.

Staff will continue to monitor the program and recommend policy changes as appropriate, and as State and federal healthcare programs continue to evolve.

Public Hearing

Under the Health and Safety Code Section 1442.5, a public hearing is required in the event the Board of Supervisors considers a reduction or elimination of a healthcare service. While no changes would be made to healthcare services as a result of the policy recommendation, access to services through MIA eligibility could be reduced for some (while increased for others). Consistent with the advance notice requirement as prescribed under the referenced code, notices would be posted which include the estimated number of individuals who could be adversely impacted as 82, and the corresponding estimated annual savings (without considering offsetting expense increases for those who would benefit) of approximately \$135,000. Should this recommendation to set a public hearing date and time be approved, staff would proceed with the tasks to meet the advance notice requirements.

POLICY ISSUE:

Approval of this item supports the Board of Supervisors' priorities of A Healthy Community and Efficient Delivery of Public Services by considering changes which meet the County's mandate under State law while providing for medical needs of the County's medically indigent population.

STAFFING IMPACT:

There is no staffing impact associated with this proposal.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that, pursuant to Section 1442.5 of the California Health and Safety Code and other applicable laws, the Board of Supervisors of the County of Stanislaus, State of California, will hold a public hearing regarding a change in eligibility standards that may result in the reduction or elimination of certain health and medical services provided by the County to certain individuals. The public hearing will commence on Tuesday, March 5, 2013, at 9:05 a.m., or as soon thereafter as the matter may be heard, in the Board Chambers, 1010 10th Street, Modesto, California, at which time and place all interested persons may appear and be heard.

ADDITIONAL NOTICE IS GIVEN that the annual impact of the changes in eligibility standards could be a range of savings up to approximately \$135,000 per year to an additional cost of \$194,000 per year. Those changes which may result in less services or access to such services that are proposed for reduction or elimination are as follows:

| Description of Reduction or Elimination | Number of Persons estimated to be impacted if the recommendation is approved. | |
|---|---|------------------|
| The proposed recommendations would change the Medically Indigent Adult (MIA) Program Hardship Eligibility Income Limit from 223% of the Federal Poverty Guidelines (FPG) to an age-banded methodology as indicated below: | Up to 82 | |
| Ages Categories | | FPG Limit |
| Age 21 - 29 | | 171% |
