SUBJECT:

Approval of the Requests from the Hughson Unified School District, Newman-Crows Landing School District, Salida School District, Stanislaus Union School District and Waterford Unified School District to Consolidate and Change Future Elections from Odd-Numbered Years to Even-Numbered Years

STAFF RECOMMENDATIONS:

Approve the requests from the governing boards to move future elections from odd-numbered years to even-numbered years for the Hughson Unified School District, Newman-Crows Landing School District, Salida School District, Stanislaus Union School District and Waterford Unified School District

FISCAL IMPACT:

The Registrar of Voters anticipates an increase in election related expenses for the even-numbered election years. The Hughson Unified School District, Newman-Crows Landing School District, Salida School District, Stanislaus Union School District and Waterford Unified School District will reimburse Stanislaus County for election specific costs of providing services to conduct their district election in even-numbered years. The blending of local elections with statewide elections is anticipated to increase the overall level of services required of the Elections Division.

FISCAL IMPACT (Continued):

For example, local elections require a higher level of candidate support when it comes to nomination papers, candidate statements, etc.. This will most likely result in a need for additional staff support and it is anticipated that the County General Fund will be impacted as the County will be responsible to pay the increased division costs attributed to the Elections Division.

DISCUSSION:

The following five school districts are requesting Board of Supervisors' approval to change the date of their board's election from November of odd-numbered years to coincide with the statewide elections conducted by the Registrar of Voters in November of even-numbered years.

School District	Resolution Number	Date of Resolution
Hughson Unified School District	12/13:08	March 7, 2013
Newman-Crows Landing School District	12-13/06	March 5, 2013
Salida School District	1213-19	March 5, 2013
Stanislaus Union School District	12-13/11	March 7, 2013
Waterford Unified School District	130306-01	March 6, 2013

DISTRICT IMPACT

The projected cost to the districts moving from odd-numbered years to even-numbered years will increase per district as follows:

School District	Number of Registered Voters as of March 2013	Projected Cost for November 2013	Price per voter for Nov. 2013	Projected Cost for November 2014	Price per voter for Nov. 2014
Hughson Unified	6,183	\$4,575.42 to \$7,728.75	\$0.74 to \$1.25	\$6,183.00 to \$9,274.50	\$1.00 to \$1.50
Newman-Crows Landing	4,827	\$3,571.98 to \$6,033.75	\$0.74 to \$1.25	\$4,827.00 to \$7,240.50	\$1.00 to \$1.50
Salida	8,758	\$6,480.92 to \$10,947.50	\$0.74 to \$1.25	\$8,758.00 to \$13,137.00	\$1.00 to \$1.50
Stanislaus Union	11,705	\$8,661.70 to \$14,631.25	\$0.74 to \$1.25	\$11,705.00 to \$17,557.50	\$1.00 to \$1.50

Approval of the Requests from the Hughson Unified School District, Newman-Crows Landing School District, Salida School District, Stanislaus Union School District and Waterford Unified School District to Consolidate and Change Future Elections from Odd-Numbered Years to Even-Numbered Years
Page 3

Waterford Unified	4,119	\$3,048.06 to \$5,148.75	\$0.74 to \$1.25	\$4,119.00 to \$6,178.50	\$1.00 to \$1.50
-------------------	-------	--------------------------------	------------------------	--------------------------------	------------------------

The projected increase in election cost is due to a larger sample ballot pamphlet, a longer official ballot and the probability of multiple official ballot cards, creating an increase cost in logic and accuracy testing, ballot layout and an increase in complication of programming and report processing. The division will also see an increase in postage due to additional pages in each of the sample ballot pamphlets and multiple ballot cards mailed to each vote by mail voter. Additional staff hours will be required to process the official ballot if it contains two ballot cards and the entire canvass and certification process will lengthen.

Individual requests were received from each of the five school districts. Four of the five school districts are seeking this request for the same reasons. Hughson Unified School District, Newman-Crows Landing School District, Salida School District and Waterford Unified School District seek to consolidate the school district election with the even-year statewide general election for greater voter turn-out; potential cost savings for the district; to convert from at-large election method to a by-trustee area election method to avoid liability under the California Voting Rights Act utilizing data from the 2010 census.

Stanislaus Union School District seeks to consolidate its election with the even-year statewide general election for the following reasons: achieve a savings in the cost of its elections if they are consolidated with the statewide general elections and the elections are held in either two or three trustee areas at each general election; voter turnout is greater for statewide general elections than for local elections; including school board elections held in November of odd-numbered years; change election method to district-based method and desires to utilize data from the 2010 census to create trustee areas; insufficient time to implement a district-based method of election in time for a November 2013 election; save public funds; provide greater voter input and participation into school board elections; avoid potential liability under the California Voting Rights Act (Election Code Section 14025).

If approved by the Board, the terms of each current governing board member would be increased by one year.

COUNTY IMPACT

An analysis conducted by the Registrar of Voters office indicates that the Elections System & Software voting system currently used in Stanislaus County can accommodate these district changes. With the addition of districts to the

Page 4

General Election Ballot, the physical length of each ballot card increases from 14 inches to a maximum of 19 inches in length; the number of ballot cards can increase from one ballot card per voter per election to two ballot cards per voter per election; additional ballot types, additional sample ballot pamphlets, voting units, printers, precinct ballot tabulators and vote by mail ballot tabulators will be required to process votes and to provide timely results.

The original purpose of the Unified District Election Law (UDEL) odd-year election is to provide a local election platform for districts and candidates to appeal to voters, avoiding conflict with the extensive state and federal general election cycle. Local candidates in an odd-year election are prominent and can better educate voters on their election race. These same candidates and races in an even-year election are considered “down ballot” contests and receive fewer votes, and often are the recipients of “pattern” votes where a voter votes the first, second or last candidate on each race depending on the ballot position their selected presidential or gubernatorial candidate is positioned on the ballot.

The unique preparation and election requirements for a UDEL election require the Elections Office to prepare candidate nomination documents, FPPC monetary requirements and election law filing requirements which are different from those in the current General Election even-year cycle. Once these two very different election types are consolidated into a single even-year election, the Elections Office preparation and cost to the County will necessitate an increase in both budget and staffing to enable two separate mandated elections to coincide on the same ballot within the same election cycle.

POLICY ISSUES:

As required by Elections Code section 10404.5 (a), the Hughson Unified School District, Newman-Crows Landing School District, Salida School District, Stanislaus Union School District and Waterford Unified School District have notified the Stanislaus County Board of Supervisors that each has passed a resolution requesting the consolidation of board member elections with future statewide general elections, which will move the current election dates of the seated board members of the respective governing boards from odd-numbered to even-numbered years.

Elections Code Section 10404.5 (d) (1) requires that the Board approve the resolutions unless it finds that Stanislaus County’s ballot style, voting equipment or computer capacity is such that additional elections or materials cannot be handled. No evidence exists to support such a finding.

Approval of the Requests from the Hughson Unified School District, Newman-Crows Landing School District, Salida School District, Stanislaus Union School District and Waterford Unified School District to Consolidate and Change Future Elections from Odd-Numbered Years to Even-Numbered Years
Page 5

Approval of the five consolidations requests by the Board would move the current election dates of the members of the respective governing boards from odd-numbered years to even-numbered years and would support the Board of Supervisors' priority of Efficient Delivery of Public Services.

STAFFING IMPACT:

Starting in Budget Year 2014-2015, consolidation of local school district elections with federal, state and county even-year contests is anticipated to increase the level of staffing services in the Clerk Recorder Elections Division, to conduct two different types of mandated elections on the same established election date.

Re: Hughson Unified School District Request To Reschedule Governing Board Member Elections From Odd-Numbered Years To Even-Numbered Years; Elections Code Section 10404.5

Dear Supervisors:

Please be advised that the Hughson Unified School District ("District") at a special meeting held Thursday, March 7, 2013, voted to change its governing board member election schedule from odd-numbered years to even-numbered years.

Pursuant to Elections Code section 10404.5, the District hereby submits a copy of the District's resolution along with this formal request to the County Board of Supervisors to approve the change sought by the District.

Under Elections Code section 10404.5(d)(1), the County Board of Supervisors shall approve the resolution within sixty (60) days of receiving the request unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled.

The District seeks to consolidate its election with the statewide general election for several reasons. First, voter turnout is generally greater for statewide general elections than for special local elections including school board member elections. Second, there is a potential cost savings to the District for consolidating. Finally, the District is requesting this change in order to provide sufficient time for the District to convert from an at-large election method to a by-trustee

area election method to avoid liability under the California Voting Rights Act, utilizing data from the 2010 Census.

Currently, there is insufficient time to change District's election method in advance of the November 2013 election.

The District is prepared to bear the cost of the notice to the voters pursuant to Elections Code section 10404.5(e).

Please feel free to contact the undersigned should you have any questions or concerns. The District appreciates your attention to this matter.

Re: Waterford Unified School District Request To Reschedule Governing Board Member Elections From Odd-Numbered Years To Even-Numbered Years; Elections Code Section 10404.5

Dear Supervisors:

Please be advised that the Waterford Unified School District ("District") at a special meeting held Wednesday, March 6, 2013, voted to change its governing board member election schedule from odd-numbered years to even-numbered years.

Pursuant to Elections Code section 10404.5, the District hereby submits a copy of the District's resolution along with this formal request to the County Board of Supervisors to approve the change sought by the District.

Under Elections Code section 10404.5(d)(1), the County Board of Supervisors shall approve the resolution within sixty (60) days of receiving the request unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled.

The District seeks to consolidate its election with the statewide general election for several reasons. First, voter turnout is generally greater for statewide general elections than for special local elections including school board member elections. Second, there is a potential cost savings to the District for consolidating. Finally, the District is requesting this change in order to provide sufficient time for the District to convert from an at-large election method to a by-trustee

area election method to avoid liability under the California Voting Rights Act, utilizing data from the 2010 Census.

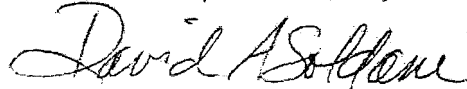

Currently, there is insufficient time to change District's election method in advance of the November 2013 election.

The District is prepared to bear the cost of the notice to the voters pursuant to Elections Code section 10404.5(e).

Please feel free to contact the undersigned should you have any questions or concerns. The District appreciates your attention to this matter.

Very truly yours,

**Re: Request for Rescheduling Election of Governing Board
Members -Resolution # 12-13/11**

Dear Ms. Tallman:

Please find attached our Resolution # 12-13/11 - Rescheduling Election of Governing Board Members for the Stanislaus Union School District. On March 7, 2013, our Governing Board adopted the above-mentioned resolution to request a change from odd-year elections to even-year elections.

The District Board adopted this resolution in order to save public funds, provide greater voter input and participation into school board elections, and avoid any potential liability under the California Voting Rights Act (Election Code section 14025 et seq.). The District may achieve a savings in the cost of its elections if the District's elections are consolidated with the statewide general elections and the elections are held in either two or three trustee areas at each general election. Additionally, voter turnout is greater for statewide general elections than for local elections, including school board member elections held in November of odd-numbered years. The District is also considering changing its election method to a district-based method and desires to utilize data from the 2010 Census to create trustee areas. The District may not have sufficient time to implement a district-based method of election in time for a November 2013 election, and still allow for adequate public participation in the process of establishing trustee areas. Therefore, the District Board seeks to change the election year cycle in order to save public funds, increase voter turnout and participation, and avoid any potential liability under the California Voting Rights Act.

Under California Elections Code section 10404.5, Stanislaus Union School District adopted a resolution to change their election dates from November of odd-numbered years to the statewide direct primary of even-numbered years. The resolution requests the Board of Supervisors to approve the District's request for consolidation of its elections with the

statewide primary elections beginning in 2014. California Elections Code section 10404.5(d)(1) provides that the Board of Supervisors shall approve such a school district consolidation resolution unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled.

If the change in election date is approved, the new election date will be moved from the first Tuesday after the first Monday in November 2013 to the first Tuesday after the first Monday in November 2014 with board members whose terms would have expired in 2013 being extended to 2014 and board members whose terms would have expired in 2015 being extended to 2016.

If you should have any questions, please feel free to contact me at (209) 529-9546.

Sincerely,
