Approval for the Sheriff to Enter into an Agreement with the State of California, Commission on Peace Officer Standards and Training to Provide Emergency Vehicle Course Training

FISCAL IMPACT (continued from page 1):

the Sheriff may opt to fill vacancies with other students, charging tuition to those students based on the authorized rate of \$92 per student. The cost for the instructors is already included in the Emergency Vehicle Operations Course (EVOC) Adopted Proposed Budget for Fiscal Year 2013-2014; there is no impact to the General Fund. The rate of reimbursement from POST has remained \$92 per student from last fiscal year's contract.

DISCUSSION:

The Stanislaus County Sheriff's Regional Training Division operates a regional Emergency Vehicle Operations Course (EVOC). Law enforcement personnel in the State of California are legislatively mandated to receive certified driver's training every two years. The California Commission on Peace Officer Standards and Training (POST) certifies the Sheriff's EVOC program. This includes a four-hour instructional course provided on law enforcement driving simulators.

The Sheriff's Department received four Law Enforcement Driving Simulators (LEDS) in Fiscal Year 2010-2011 for the purpose of law enforcement training. A Driving Simulator Use and Operations Agreement was approved by the Board on June 22, 2010, and executed by the Sheriff upon receipt of the simulators. The agreement outlines the specific storage, safekeeping and structural guidelines of the driving simulator program and stipulates procedural requirements including maintaining POST certification for the instructional program, identifying priority students for training and describing the State's rights to remove/suspend the simulator program for cause. The purpose of the LEDS program is as follows:

- a) Improve officers' judgment and decision-making skills in emergency response scenarios.
- b) Practice appropriate safe driving tactics while engaged in emergency driving.
- c) Experience the consequences of driving behavior.
- d) Maintain appropriate coordination and communication with other officers involved in multiple-unit pursuits or emergency driving situations.
- e) Improve judgment and decision making skills of officers and supervisors during pursuit situations.

The POST Standard Agreement outlines the scope of work in relation to training provided by the Sheriff's Department. The Sheriff's Department would be authorized to train no more than 250 students during Fiscal Year 2013-2014. The student tuition rate would be capped at \$92 per student. Specific ratios of outside agency students versus contractor agency students are
