Dear Ladies and Gentlemen:

San Joaquin River, Hidden Valley Ranch
Stanislaus County
Project ID: 2013096

The California Department of Fish and Wildlife (CDFW), through the Wildlife Conservation Board (WCB), is involved in a land acquisition program that is focused on the long-range protection and enhancement of habitat for fish and wildlife. Possible sites for acquisition are identified by the CDFW in response to public interest, legislative mandate and departmental goals.

This letter is to advise you that the WCB will consider the allocation of a grant for a cooperative project with the River Partners, Reclamation District No. 2092 and the Department of Water Resources to assist in the fee acquisition of 466± acres of land for the preservation and enhancement of wildlife habitat, located in Stanislaus County and identified as Assessor's Parcel No. 017-066-003. This proposal is scheduled for the September 4, 2013, Board meeting. A copy of the preliminary agenda is enclosed for your review. A full agenda will follow within two weeks. You may view all agendas and minutes, and/or subscribe to receive them via email, on our website at www.wcb.ca.gov.

We would also like to inform you that the property involved in this project is encumbered by a Land Conservation Contract under the Williamson Act. The WCB's proposed grant is to assist in the acquisition of the property for the purposes of providing ecosystem and habitat protection and allows for continuation of agricultural practices. At this time it is the intent of the partners to continue growing crops on the property; therefore, the agricultural intent of the Land Conservation Contract will still apply.

If you have any questions about this proposal or need additional information, please feel free to contact me at (916) 445-0137.

Sincerely,

John P. Donnelly
