

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
ACTION AGENDA SUMMARY

DEPT: General Services Agency

BOARD AGENDA # *B-2

Urgent Routine

AGENDA DATE November 5, 2013

CEO Concurs with Recommendation YES NO
(Information Attached)

4/5 Vote Required YES NO

SUBJECT:

Approval to Declare Sixteen Vehicles and Heavy Equipment from the Department of Public Works and Department of Environmental Resources as Surplus and Authorize the Sale

STAFF RECOMMENDATIONS:

1. Declare the attached list of County vehicles and heavy equipment as surplus and authorize the sale.
2. Direct the Auditor/Controller to deposit proceeds from the sale to the Department of Public Works. Account 5121-0042100-46000.

FISCAL IMPACT:

It is unknown, at this time, what the proceeds of the sale of the vehicles and equipment will be. The value of the vehicles and heavy equipment is estimated at \$25,000. Public Works will work with the General Services Agency - Purchasing Division through multiple methods of sale to maximize the funds returned to the County, including County surplus sale, advertising on government web sites and ultimately release to auction. All proceeds from the sale of vehicles and heavy equipment will be deposited to the County Treasury for use by the Department of Public Works and the Department of Environmental Resources.

DISCUSSION:

The vehicles and heavy equipment identified on the attached list (Attachment A) have been retired due to a variety of issues related to condition and California Air Resources Board emission regulations. It is recommended that the Board approve this request to declare as surplus, the attached list of vehicles and heavy equipment and authorize their sale.

County Ordinance 2.24.065 allows for the sale of surplus property with a residual value greater than one thousand dollars upon approval by the Board of Supervisors.

2.24.065 Sale of personal property.

The purchasing agent is authorized to sell, trade, trade in, lease, exchange, or otherwise dispose of any personal property belonging to the county which is deemed to be surplus and not required for public use by the county and which has a value of less than one thousand dollars per individual item without prior approval by the board of supervisors. Notwithstanding any other provision of this code, such disposition of surplus property may be made without securing bids or advertising. For disposition of personal property exceeding one thousand dollars per individual item, prior approval from the board of supervisors must be obtained. All proceeds from such sales shall be paid into the county treasury for the use of the county. (Ord. CS 475 §3, 1992).

All vehicles and heavy equipment have been fully depreciated as of May 2013. The cost to repair or retrofit the vehicles and heavy equipment listed on Attachment A, in order to meet emissions and safety standards, exceeds the value of the asset. All vehicles and heavy equipment listed have out lived their usefulness and are no longer of use to any County department. Therefore, the request is being made to sell all the items on the attached spreadsheet in one of three ways:

- Release to auction company; or
- Sale on government website; or
- County surplus sale.

There is a small fee to the County to sell by auctioneer; however, the County is exempt from fees if sold by government website, as the entire cost is borne by the buyer. The net proceeds from the sale of vehicles and heavy equipment, estimated at \$25,000, will be returned to the Department of Public Works – Morgan Shop Division, account 5121-42100-46000. Public Works will distribute funds received for the 3,000-gallon water truck to the Department of Environmental Resources.

A County surplus sale would require the selling department to encounter a small fee such as, placing an ad in the local paper or other miscellaneous fees if necessary, which will be offset by the revenue from the sale.

POLICY ISSUES:

The sale of retired vehicles and heavy equipment is consistent with the Board of Supervisors' priority of Efficient Delivery of Public Services by disposing of vehicles and heavy equipment no longer in use.

STAFFING IMPACT:

Transfer of equipment to auction, and associated paperwork, will be completed by Public Works and GSA – Purchasing current staff.
