

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
ACTION AGENDA SUMMARY

DEPT: Health Services Agency max

BOARD AGENDA # 9:10 a.m.

Urgent Routine Dist

AGENDA DATE April 8, 2014

CEO Concurs with Recommendation YES NO
(Information Attached)

4/5 Vote Required YES NO

SUBJECT:

Conduct a Public Hearing Pursuant to Section 1442.5 of the Health and Safety Code to Consider Adjustment of the Medically Indigent Adult Program Income Limits for the Hardship Eligibility Category

STAFF RECOMMENDATIONS:

1. Conduct a Public Hearing pursuant to the Health and Safety Code § 1442.5 to consider approval to adjust the Income Limit for the Medically Indigent Adult program's Hardship Eligibility category.
2. Approve the adjustment to the Age-Banded Income Limits for the Hardship Eligibility category as set forth in Table 2, effective May 1, 2014.

FISCAL IMPACT:

The Medically Indigent Adult (MIA) program represents the majority of the Health Services Agency's Indigent Health Care Program budget. The approved budget for Fiscal Year 2013-2014 for the Indigent Health Care Program is \$10.3 million. The MIA program is funded by State Realignment from a portion of vehicle license fees and sales tax, and by a required County match. The actual financial impact of the changes to be considered following the recommended public hearing will be based on the actual

(Continued on Page 2)

BOARD ACTION AS FOLLOWS:

No. 2014-166

On motion of Supervisor O'Brien, Seconded by Supervisor Withrow
and approved by the following vote,

Ayes: Supervisors: O'Brien, Chiesa, Withrow, Monteith, and Chairman De Martini

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

1) X Approved as recommended

2) _____ Denied

3) _____ Approved as amended

4) _____ Other:

MOTION:

ATTEST: CHRISTINE FERRARO TALLMAN, Clerk

File No.

FISCAL IMPACT (Continued):

applicants, enrollment and utilization of covered services under the Medically Indigent Adult (MIA) program during the fiscal year.

The MIA program is a County obligation under State law and is one of the programs counties are to provide with 1991 Realignment funds. Health realignment funding from the State consists of sales tax and vehicle license fees and requires a County General Fund match which, for the MIA program in Stanislaus County, is approximately \$2.45 million annually. As explained in Assembly Bill 85 of 2013, the State is reducing the amount of Realignment funding to the counties as a result of the reduced MIA Program enrollment as of January 1, 2014 due to the expansion of Medi-Cal eligibility, which now includes income-eligible childless adults. The Board of Supervisors acknowledged this \$3.1 million funding reduction in the Final Budget for Fiscal Year 2013-2014 adopted on September 10, 2013.

Assuming declining funding, the Health Services Agency seeks to manage the program within available resources through various administrative and care management initiatives, combined with the proposed change contained herein. By analyzing recent actual utilization and cost information of services prior to and since January 1, 2014, provided to MIA program enrollees, it is estimated that annualized cost savings may be achieved in the range of \$0 - \$250,000 if the proposed changes are approved.

DISCUSSION:

Under the federal Patient Protection and Affordable Care Act (ACA), two initiatives which provide for additional State and Federally funded and/or subsidized health coverage are being implemented. These are the Medi-Cal Expansion and the Covered California Insurance Exchange products, and both were effective on January 1, 2014. Individuals are expected to arrange for health insurance with Minimum Essential Coverage. That requirement can be fulfilled through an employer-sponsored plan, an individual policy through Covered CA or other product, or through a government plan such as Medicare or Medi-Cal.

With the implementation of the Medi-Cal Expansion and Covered CA, the Health Services Agency has required that all individuals previously eligible under the MIA program apply for benefits through the Medi-Cal Expansion and/or Covered CA prior to seeking assistance from the County's Medically Indigent Adult program. The Medi-Cal Expansion income limit is 138% of the Federal Poverty Limit (FPL). Individuals whose income is 139% of the FPL and above are eligible to apply for coverage through Exchanges. The "Covered CA" Health Exchange offers several health plans to choose from and a variety of coverage options. Individuals have been able to enroll in Exchange health plans through Covered CA as of October 1, 2013 in order to have benefits effective January 1, 2014. Likewise, the application process for the Medi-Cal Expansion began on October 1, 2013 for eligibility effective January 1, 2014.

Under Welfare and Institutions Code, Section 17000, each county is required to provide or arrange for the provision of medical care services for the indigent residents of the County. The implementation of the Medi-Cal Expansion and Covered CA does not negate the obligation of each county under Welfare and Institutions Code, Section 17000. However, under the law, the scope of benefits and eligibility guidelines are established at the discretion of each county's Board of Supervisors, although case law has provided more detailed guidance.

In Stanislaus County, MIA eligibility is determined on several factors such as income, assets, county residency and no linkage to other programs or payors. Prior to March 2013, the MIA income limits were based on a set percentage of the Federal Poverty Level (FPL). On March 5, 2013, the Board of Supervisors conducted a public hearing and approved staff recommendations to adjust the methodology used to establish the income limits for the MIA program. As a result, the current income limits for the MIA program are age-banded, as is common in the health coverage marketplace. The basis for the current MIA income limits are the premiums and deductibles for the State of California's Major Risk Medical Insurance Program (MRMIP). Essentially, if a MIA applicant has an income level which is greater than the subsistence cost level plus the premium and deductible cost, then that applicant is not eligible for the MIA program.

With the recent significant changes in the healthcare coverage environment, namely the implementation of the Medi-Cal Expansion and Covered CA, the Agency has continued to monitor premiums charged for MRMIP, as well as individual insurance plans, particularly those available through Covered CA as the Health Care Exchange products, and have noted a decrease in premium costs. Of the plans that offer benefits that are comparable or better than those offered under the MIA program, MRMIP's premiums are higher (but decreased from the MRMIP 2013 premium rates). As a result of this ongoing research, staff recommends that the MIA program continue to look to the MRMIP premiums primarily because application to MRMIP is available year-round, while the lower premium Exchange products impose a limited open enrollment period each year and are new to the market effective January 1, 2014. This is consistent with the Board of Supervisors' November 5, 2013 eligibility policy decision to consider 2014 as a transition year. Additionally, staff reviewed the cost of individual dental plans and incorporated those costs into the analysis of healthcare premium costs.

Recommended Adjusted Age-Banded Formula for Hardship Eligibility

Table 1 is the Cost of Living Study Worksheet that was utilized in March 2013 to update the methodology used to establish the MIA Program Income Limits. At that time, the Board of Supervisors adopted these age-banded limits, which range from 171 - 279% of the Federal Poverty Level. Table 2 is similar, but with amounts that reflect the lowered MRMIP premiums and the dental premiums. In both tables, figures shown for the Subsistence Level of Eligibility (shaded area) up to 116% of the Federal Poverty Level, are included only for reference, as this is the existing policy, and no changes are recommended. The lower section of Table 2 labeled "Income Value for Hardship Eligibility/Share of Cost" reflects the recommended policy changes with respect to

Conduct a Public Hearing Pursuant to Section 1442.5 of the Health and Safety Code to Consider Adjustment of the Medically Indigent Adult Program Income Limits for the Hardship Eligibility Category
Page 4

varying the Hardship exception based on the current MRMIP premiums. The proposed limits would range from 160 - 237% of the Federal Poverty Level, effective May 1, 2014.

Table 1

Subsistence Level Costs and Credits	Income Level	Income Level	Income Level	Income Level	Income Level	Income Level	Income Level	Income Level
Age Categories	21 – 29	30 – 34	35 – 39	40 – 44	45 – 49	50 – 54	55 – 59	60 – 64

Staff will continue to monitor the program and recommend policy changes as appropriate, and as State and Federal healthcare programs continue to evolve.

Conduct a Public Hearing Pursuant to Section 1442.5 of the Health and Safety Code to Consider Adjustment of the Medically Indigent Adult Program Income Limits for the Hardship Eligibility Category
Page 5

Public Hearing

Under the Health and Safety Code Section 1442.5, a public hearing is required in the event the Board of Supervisors considers a reduction or elimination of a healthcare service. While no changes would be made to healthcare services as a result of the policy recommendation, access to services through MIA eligibility could be reduced for some. Consistent with the advance notice requirement as prescribed under the referenced code, notices were posted which included the estimated number of individuals who could be adversely impacted as 0 – 190, and the corresponding estimated annual savings of approximately \$0 – \$250,000.

The Health Executive Committee of the Board of Supervisors supported this recommendation at its meeting of March 4, 2014.

POLICY ISSUE:

Approval of this item supports the Board of Supervisors' priorities of A Healthy Community and Efficient Delivery of Public Services by considering changes which meet the County's mandate under State law while providing for medical needs of the County's medically indigent population.

STAFFING IMPACT:

There is no staffing impact associated with this proposal.

Health Services Agency

Medically Indigent Adult Program Policy Recommendation April 8, 2014

Medically Indigent Adult Program (MIA)

- County Obligation under Section 17000 of the Welfare and Institutions Code
- County Board of Supervisors has discretion to establish the Eligibility Standards and Scope of Benefits, although case law provides guidance.

Two Income Eligibility Categories

*No Proposed
Changes today*

Subsistence/Basic Needs Level =
Zero Patient Cost Sharing

*Recommendations
apply to this category*

Income above Subsistence Level =
Hardship Eligibility
with Patient Cost Sharing

Hardship Eligibility: Why Propose Adjustments?

Three Key Reasons:

1. To respond to changing market conditions. Healthcare premiums have decreased so the income required to purchase insurance is less.
2. To be consistent with existing Board of Supervisors policy on the methodology to determine Hardship qualification, by applying current lower available premiums costs.
3. To be fiscally prudent. The State of California significantly reduced the funding to counties for indigent health care in anticipation of a significant decline in individuals not able to enroll in other newly available coverage.

Hardship Eligibility: Proposed Adjustments to Limits

1. Update Healthcare Insurance Premium using 2014 MRMIP rates and add allowance for dental premium cost

2. Adjust the Other Income Allowance to reflect prorated deductible and expected tax liability
Converted to monthly amount

Example for Age Band 40 - 44	Current	Proposed
Premium Allowance	\$ 670	\$ 484
Other Income	169	130
Hardship Income	\$ 839	\$ 614
Add Basic Needs	1,111	1,111
Total Income Limit	\$1,950	\$1,724
Converted to FPL	204%	180%

Current v. Proposed Hardship Eligibility Income Limits

	Federal Poverty Level (FPL) Income Limit							
Age	21-29	30-34	35-39	40-44	45-49	50-54	55-59	60-64
Current	171%	194%	205%	204%	200%	224%	245%	279%
Proposed	160%	173%	174%	180%	191%	207%	221%	237%

Note: No change proposed to the Standard Eligibility Income Limit of 116% of the FPL

Estimated Annual Impact to Individuals and County

- Estimated # of individuals who would need to purchase insurance rather than rely on County funded MIA program = 0 - 190
- Estimated Savings to County \$0 – 250,000

Note: The range beginning at zero is due to minimal current MIA enrollment resulting from the State's January 1, 2014 launch of Medi-Cal Expansion and the subsidized Covered CA Exchange products.

Staff Recommendations as supported by Health Executive Committee

1. Conduct Public Hearing pursuant to Health and Safety Code 1442.5.
2. Approve the Adjustment to the Medically Indigent Program's Age-Banded Income Limits for the Hardship Eligibility category, effective May 1, 2014.
