## Proclamation of the Month of May 2014 as Foster Care Awareness Month

### **DISCUSSION:**

Historically, the Governor and the California Legislature have proclaimed May as Foster Care Awareness Month, calling attention to the special role that foster parents and caregivers play in providing nurturing care to children who are separated from their birth families due to abuse, neglect, or exploitation.

In Stanislaus County, there are currently 110 foster homes licensed by the Stanislaus County Community Services Agency who are playing a vital role in serving children in this community. These foster parents and the Stanislaus County Foster Parent Association are committed to providing quality care to 88 children who, for a variety of reasons, cannot be with their parents or relatives. This is a very important and often challenging service.

Several Foster Family Agencies that are licensed by the State provide care for approximately 297 Stanislaus County dependent children.

In addition to the children placed in county and state licensed foster homes, approximately 140 children are placed with relatives/non-related extended family members. These are individuals who have extended their hearts and homes to care for children who, for a variety of reasons, cannot be with their parents or legal caretakers.

The Stanislaus County Community Services Agency is honoring the contribution of foster parents and relative/non-related extended family members care givers with Care Provider recognition event.

### **POLICY ISSUE:**

Proclaiming May as Foster Care Awareness Month honors the Foster Parents', relative and non-related extended family members care providers' contributions to the Board's priorities of A Safe and A Healthy Community.

### **STAFFING ISSUE:**
