DISCUSSION:

Behavioral Health and Recovery Services is experiencing an increased demand to place severely mentally ill adults and seriously emotionally disturbed children in treatment facilities. On May 20, 2014, the Board of Supervisors approved agreements for Fiscal Year 2014-2015 with the organizations listed in the table below to provide care for adults with serious mental illness in need of an institution for mental disease and adolescents with serious emotional disorders in need of a residential treatment center. These organizations have agreed to provide additional services to accommodate the increased need. Behavioral Health and Recovery Services requests approval to amend the current agreements with these provider organizations by increasing the contract maximums in the current fiscal year by a total of \$797,000.
