**Re: Extension of WARN Notice of Permanent Facility Closure and Layoffs to
December 31, 2015**

Dear Mr. Monteith,

This notice is to notify you of an extension of the WARN Notices that you previously received, which were issued in October 2014 and February 2015, regarding American Medical Response's ("AMR") intent to significantly reduce staffing at the AMR Modesto office, located at 4701 Stoddard Road, Modesto, CA 95356. In those Notices, it was explained that permanent layoffs would be conducted and a listing of the affected employees was provided.

In both the October 2014 and February 2015 notices, it was noted that, although certain aspects of AMR's business would be moved to Centrex, that would not change the planned, permanent closure of the Modesto office.

Due to changing business needs and operational concerns, Centrex has decided that the Modesto office will need to remain open until December 31, 2015, and that the Company will need to retain the services of certain employees at the facility until that date. However, the entire Modesto office will close permanently on December 31, 2015, or on a date within the fourteen-day period immediately after December 31, 2015, and that date also will be the date of separation of employment for the affected employees.

The layoffs will be permanent and no bumping or transfer rights exist, and none of the Modesto employees are represented by a labor organization.

An updated list of the job titles and number of Modesto employees that will be affected is enclosed, excluding those who voluntarily have separated since the October 2014 and February 2015 notices were issued.

Sincerely,

Amy McPartland,
Director of Human Resources
