**Re: Extension of WARN Notice Related to Permanent Facility Closure and Layoffs to  
February 29, 2015**

This notice is to notify you of an extension of the WARN Notices that you previously received, which were issued in October 2014, February 2015, and June 2015, regarding American Medical Response's ("AMR") intent to significantly reduce staffing at the AMR Modesto office, located at 4701 Stoddard Road, Modesto, CA 95356. In those Notices, it was explained that permanent layoffs would be conducted and a listing of the affected employees was provided.

In the October 2014, February 2015, and June 2015 notices, it was noted that, although certain aspects of AMR's business would be moved to Centrex Revenue Solutions ("Centrex"), that would not change the planned, permanent closure of the Modesto office.

The Centrex Modesto office will close as planned on December 31, 2015. However, due to changing business needs and operational concerns, Centrex will need to retain the services of certain employees, who will work remotely from home. These employees are expected to be permanently laid off on February 29, 2016, or on a date within the fourteen-day period immediately after February 29, 2016.

The layoffs will be permanent and no bumping or transfer rights exist, and none of the Modesto employees are represented by a labor organization.

An updated list of the job titles and number of Modesto employees that will be affected is enclosed, excluding those who voluntarily have separated since the October 2014, February 2015, and June 2015 notices were issued.
