Dear Clerk to the Board:

This letter is to provide notification that the San Joaquin Valley Air Pollution Control District (SJVAPCD) is pleased to announce that an extension has been provided to submit proposals for the Alternative Fuel Infrastructure Request for Proposals (RFP) under the Public Benefit Grants Program. The SJVAPCD will now be accepting proposals for this solicitation until **Monday, April 18, 2015 at 5:00pm PST**.

The purpose of this RFP is to assist local public agencies with funding for clean-air projects specific to alternative fuel infrastructure that can provide broad benefits to Valley residents. There are two eligible focus areas under this solicitation, new infrastructure and expansion to existing infrastructure. Eligible applicants are public agencies such as cities, counties, special districts (i.e. water districts, irrigation districts, etc.) and public educational institutions (i.e. school districts, community colleges, state universities, etc.) located within the geographic boundaries of the SJVAPCD.

To view the entire RFP, please visit the SJVAPCD's website at:
