DISCUSSION:

The Family Services Specialists play a critical role in administering programs and services in Stanislaus County by providing a safety net for needy individuals and families who lack basic necessities in life, such as food, shelter, clothing and health care.

The CSA Family Services Specialist (FSS) has many roles. The position's main responsibilities are to serve the public by determining their eligibility for public assistance in the Medi-Cal, CalFresh, CalWORKs, Welfare-to-Work, Refugee Assistance, Child Care, Cal-Learn and General Assistance programs and to coordinate resources for providing for the needs of children in placement in the Foster Care, Extended Foster Care, Adoption Assistance and Kin-GAP programs. They do this by interviewing customers, collecting relevant information, interpreting complex rules and regulations, ensuring accurate and timely benefit issuance, and providing customers with resources to help with immediate need situations. For many of the customers they see on a daily basis, the customers are at the most stressful and challenging time in their lives. The Family Services Specialist must help the customer navigate a very complex process to receive benefits. They must do this under demanding circumstances while providing excellent customer service to the public.

Family Services Specialists provide employment services to families receiving CalWORKs through the Welfare-to-Work Program. Employment services are designed to assist families and individuals reduce barriers to and enhance opportunities for long-term employment.

Family Services Specialists assigned to the Foster Care Unit partner with Social Workers, Probation Officers, Foster Care Providers and Adoptive Parents to ensure that the children who are at-risk in our County are protected, safe and their needs are provided for while they are in foster care placements. The FSS ensure continued financial assistance to support these youth. The Foster Care FSS also make sure that the County's emancipated foster youth are connected to services they need to sustain self-sufficiency after they leave foster care by bridging the Foster Care program with CalFresh and Medi-Cal for seamless transition.

Approval to Proclaim the Week of June 6 – 10, 2016 as Family Services Specialist Recognition Week

General Assistance is supported through the County General Fund. Family Services Specialists provide guidance and professional advocacy services to assist customers with the Social Security application process.

Family Services Specialists in the Agency's Probation Integrity Section are recognized for their commitment to a high level of program integrity. The Special Investigations Unit (SIU) is responsible for the prevention, detection and investigation of welfare fraud.

Program integrity and accuracy are also reflected in audit results. The programs administered by Family Services Specialists meet the performance standards set forth by the Department of Health Services, the Department of Social Services, and the Department of Education. The role of the Family Services Specialists in the Agency's Appeal Unit is to resolve applicant disputes on actions taken by the County. If the dispute is not resolved the FSS defends the County action before an Administrative Law Judge in a state hearing. Family Services Specialists in the Quality Control (QC) Unit receive a random sampling of cases to review and verify conformity with State and Federal tolerance levels for accuracy.

Family Services Specialists continue to serve Stanislaus County residents by providing access to healthcare, employment and social service programs, adoptions and foster care programs.
