P/C unan. Accepted the technical approach design documents for the Sheriff's Operation Center Project at the Public Safety Center and authorized the CEO to negotiate and execute a sole-source agreement with Thorn Automated Systems to design and construct the security and fire alarm systems for the Sheriff's Operation Center. In addition the Board finds: 1. no advantage to competitive bidding; 2. it is practically impossible to obtain what is required for the integrated-single alarm system; 3. Thorn has particular skills and the ability to provide a single integrated system of alarms and security; 4. public benefits from use of a single system; 5. unique circumstances are present which support bid decision of sole source providing an exception to competitive bidding requirement as the nature of the subject ie. security and alarm system is such that the competitive bidding would not produce an advantage and would be impractical in this situation 94-1096 M-68-5 (1-209)

C/B unan. Approved lifting of the building moratorium in the Riverdale Park Tract after conducting a public hearing - DER 94-1097 DCS-10-16 & S-11-L-5 (1-380)
