## THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS STATE OF CALIFORNIA

Regular Session All Supervisors Present Pledge of Allegiance to the Flag Tuesday

February 4, 2003

A moment of silence was observed in memory of the seven astronauts of the space shuttle Columbia.

John Hertle, Director of the East Stanislaus Resource Conservation District, presented a donation of \$32,500 to Stanislaus County for the reconstruction of the Riverdale Fishing Access.

Jorge Rivera, Manager and Director of United Domestic Workers, introduced himself to the Board and spoke regarding AB 1682 and employees who work for IHSS. He requested that the County remain neutral regarding union organization. The CEO responded that it is not County policy to discourage collective bargaining rights of employees.

Warren Brumley spoke regarding the need for police presence in the community of Empire.

- **\*D1** Rescinded a portion of Williamson Act Contract # 77-2451 (August Rd., District 2); approved new contract pursuant to Minor Lot Line Adjustment Application 2002-42, and authorized the Planning Director to execute new contracts; finds the new contract or contracts would enforceably restrict the adjusted boundaries of the parcel for an initial term for at least as long as the unexpired term of the rescinded contract or contracts, but for not less than 10 years; finds there is no net decrease in the amount of the acreage restricted; in cases where two parcels involved in a lot line adjustment are both subject to contracts rescinded pursuant to this section, this finding will be satisfied if the aggregate acreage of the land restricted by the new contracts is at least as great as the aggregate acreage restricted by the rescinded contracts; finds at least 90 percent of the land under the former contract or contracts remains under the new contract or contracts; finds after the lot line adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use, as defined in §51222; finds the lot line adjustment would not compromise the long-term agricultural productivity of the parcel or other agricultural lands subject to a contract or contracts; finds the lot line adjustment is not likely to result in the removal of adjacent land from agricultural use; and, finds the lot line adjustment does not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the General Plan - Planning & Community Development 2003-123
