

Stanislaus County Sustainable Groundwater Management Act

Delta-Mendota Subbasin Non-District Landowner Workshop

Monday April 22, 2024, 9-10:30 a.m.

Harvest Hall-Stanislaus County Agricultural Center 3800 Cornucopia Way, Modesto

Zoom Access: <u>https://us06web.zoom.us/meeting/register/tZwvc-qspz4vGdFxeZUMJfV_ITJtGA_pKkch</u>

Background: Stanislaus County, as a member of the Northern Delta-Mendota Region Management Committee of the Delta-Mendota Groundwater Subbasin, is hosting a landowner workshop tailored for northern Delta-Mendota Subbasin property owners who depend on groundwater for a majority, if not all, of their water supply needs for agriculture and business. This workshop will focus on the development and implementation of a revised single Groundwater Sustainability Plan for the Subbasin, governance in the nondistrict management areas of the northern region of the Subbasin, current groundwater conditions, projects, management actions and opportunities to promote groundwater sustainability.

Workshop Agenda:

	<u>Item</u>	<u>Speaker(s)</u>
1.	Welcome and Introduction	Christy McKinnon
2.	Governance of Non-District Lands and County Role	Christy McKinnon
	in the Sustainable Groundwater Management Act
