\* Price is per dead animal or \$100/ton whichever is greater. Must be pre-approved by landfill staff.

\*\*If both contain any amount of any type of refuse.

Dead animals = goats, feeder pigs, sheep, cattle, breeding sows, boars & smaller. Large dead animals and horses are priced separately.

Dear Valued Customer:

The State of California and the County of Stanislaus, encourage you to recycle everything you can. However, when you need to bring your non-recyclables to the Landfill, per the California Dept. of Resources Recycling and Recovery and Stanislaus County, the following rules must be followed while using the facility:

1. **SAFETY FIRST.** Signs are posted and rules will be strictly enforced.
2. For your safety and ours, keep all children and pets in your vehicle.  
This is considered a construction site. Large trucks and heavy equipment will be moving all over area.
3. Do not travel outside the area in which you have been designated to unload your vehicle. You must remember that is a landfill. Please be aware of your surroundings.
4. While unloading, refrain from throwing objects from your vehicle. It is unsafe for you and for those around you.
5. Do not back up your vehicle and slam on the breaks in order to dislodge the load. Doing so is very **unsafe** to you and those around you. (If special handling is required, please call ahead of time before coming to the site).
6. Unacceptable and/or hazardous wastes cannot be accepted at the landfill. Most of the communities in Stanislaus County have a designated area for these types of waste. We would be pleased to give you information on where to dispose of these items. Feel free to ask the scalehouse attendant or the vehicle spotter at the tipping area.
7. All California State vehicle codes are strictly enforced within the landfill.
8. All loads shall be covered. This is not only the law, but it helps keep our roadsides clear of debris.
9. Salvaging is strictly prohibited.
10. **UNAUTHORIZED AREAS ARE STRICTLY OFF LIMITS.**
