Interviewing Techniques & Job Search Strategies workshop offered at Salida and Oakdale Libraries

Local job-seekers are invited to learn about effective tips for landing a great job! A free workshop on interviewing and job searching will be offered Tuesday, March 13, at 6 p.m. at the Nick W. Blom Salida Regional Library and Tuesday, April 17, 6 p.m. at the Oakdale Library. This free workshop is offered through a partnership of the Alliance Worknet and the Stanislaus County Library.

“Successful job-seekers need to continually improve and update their skills,” said Paul Rodgers, Alliance Worknet program manager. “These community workshops offer a great opportunity for job-seekers to gain knowledge and tips for more effective job searches.”

In this free workshop, participants will get great ideas about how to plan and organize an effective, results-oriented job search. They can learn how to answer some of the most critical interview questions. Career-seekers will also learn how to address wage negotiations more effectively and gain knowledge about some do’s and don’ts of successful interviewing.

Space is limited, so interested parties are encouraged to reserve a seat right away, by calling the Salida Library at 543-7315 or Oakdale Library at 847-4204.
