Susan Lilly, 558-4813

### **No litterbugs at the Hughson Library**

Children will have the opportunity to learn about garbage and recycling in a fun, informative program at the Hughson Library, Tuesday, May 9, at 3:30 p.m.

Presented by the Stanislaus County Department of Environmental Resources, the program uses stories, songs and discussion to teach pre-school age children about taking care of the environment. They will learn about recycling and responsibility for cleaning up garbage. Each child will receive a “Don’t Be a Litterbug” sticker and bracelet, and they will leave with a litterbag to practice what they’ve learned about cleaning up.

The Hughson Library is located at 2412 Third Street, Suite A. For more information, please contact the Hughson Library at 883-2293.
