Interviewing Techniques and Job Search Strategies workshop offered at Patterson Library

A free workshop on interviewing and job searching will be offered Wednesday, Feb. 21, at 6 p.m. at the Patterson Library. Offered through a partnership of the Alliance Worknet and the Stanislaus County Library, it will also be presented Tuesday, March 13, 6 p.m. at the Nick W. Blom Salida Regional Library and Tuesday, April 17, 6 p.m. at the Oakdale Library.

“Successful job-seekers need to continually improve and update their skills,” said Paul Rodgers, Alliance Worknet program manager. “These community workshops offer a great opportunity for job-seekers to gain knowledge and tips for more effective job searches.”

In this free workshop, participants will get great ideas about how to plan and organize an effective, results-oriented job search. They can learn how to answer some of the most critical interview questions. Career-seekers will also learn how to address wage negotiations more effectively and gain knowledge about some do's and don'ts of successful interviewing.

Space is limited, so interested parties are encouraged to reserve a seat right away, by calling the Patterson Library at 892-6473 or visit the library at 46 North Salado, Patterson. Reservations for workshops in Salida and Oakdale may be made by calling 543-7315 (Salida) or 847-4204 (Oakdale).
