“Solving the Mystery of Credit Reports” presentation at the Library

Experts recommend periodically checking one’s own credit report to monitor for accuracy. Understanding how credit reporting works can help citizens monitor their own credit and protect themselves against theft and fraud. Carin Miller, of Valley First Credit Union, will present “Solving the Mystery of Credit Reports” Saturday, January 12, at 11 a.m. at the Modesto Library.

The free presentation will include an overview of credit bureaus, credit scoring and the Fair Credit Reporting Act. Miller will also provide guidance on disputing inaccuracies, improving one’s credit score, and dealing with identity theft and fraud.

The presentation will be held in the downstairs auditorium of the Modesto Library, located at 1500 I Street. To reserve a seat, please call 558-7814.
