Ten Steps to Financial Success

Financial success is not always dependent on income. In fact, many people earning impressive salaries struggle to make ends meet. Carin Cozzi, of Valley First Credit Union, will present “Ten Steps to Financial Success” on Saturday, Feb. 21 at 2 p.m. at the Modesto Library.

In this free seminar, Cozzi will discuss the core concepts to develop and maintain personal and financial control. Topics will include developing a spending plan that works, setting goals, weighing insurance needs and more. Related books will be on display and available for checkout.

This free program will be presented in the downstairs auditorium of the Modesto Library, located at 1500 I Street. Free parking is available. To reserve a seat, please call 558-7814 or visit the Modesto Library Reference Desk.
