PRESS RELEASE

November 12, 2009

FOR IMMEDIATE RELEASE:

For more information, contact:
Susan Lilly, 558-4813

Name the squirrel contest

Children are invited to submit names for the squirrel mascot that has taken up residence in Ryan's Reading Tree, located in the children's room of the Modesto Library. The squirrel moves about the tree and makes special appearances at StoryTime and other children's programs. Children ages three to 14 are encouraged to submit their naming suggestions of either gender now through the end of November.

Ryan's Reading Tree, a beautiful, life-like oak tree, was a generous gift to the community from the Dickerson family and hundreds of friends. The squirrel mascot, now residing in the tree, will add to the magical quality that inspires children to learn, imagine and explore at the library.

Name suggestions may be submitted to the children's desk of the Modesto Library. Suggestions may also be submitted online at www.stanislauslibrary.org/tk_kids.shtml. The child with the winning submission will receive a prize provided by the Friends of the Modesto Library.

For more information, please call 558-7810.
