LEGO Day at the Turlock Library

Children will have the opportunity to make their own unique creations during LEGO Day at the Turlock Library on Monday, Sept. 23 at 4 p.m. During this program, children can use the library's LEGOs to create their own designs that will be displayed in the library. This program is for ages 4 through 12 and provides an excellent opportunity for children to learn how to solve problems and develop fine motor skills. Children under 4 are welcome to participate, but must have direct adult supervision.

For more information, please call the Turlock Library at 664-8100.
