Love Modesto Seeks Educator Volunteers for Online Tutoring Site

“Every child should have someone help them unlock their full potential,” that is the mission of the new Love Our Schools virtual tutoring portal activated this week by the nonprofit leaders who brought Love Modesto to our community.

Organizers are currently seeking credentialed teachers to help tutor students and provide advice to parents while they oversee distance learning. Any educators who are interested in volunteer opportunities are encouraged to participate. The call for current, retired or those currently working on a credential are eligible to participate.

To find out more about how to fill the volunteer needs related tutoring students or empowering parents, please visit Loveourschools.com. Support is needed for families in the community ranging from early elementary through high school ages. Volunteer educators select the age and subject that best suits their expertise.

Parents and students can sign up and learn more at the same website pending sufficient volunteer support.

Note: All volunteering will be done over the phone or through the use of technology, social distancing guidelines will be strictly enforced.
