WILLIAMSON ACT CONTRACT:

YES NO Is the property currently under a Williamson Act contract?
 Contract Number: _____
 If yes, has a Notice of Non-Renewal been filed?
 Date Filed: _____

If Yes, Please note the following:

In October 2003, Governor Davis signed into Law AB1492 (Laird) which, effective January 1, 2004, amends the Government Code as it relates to Williamson Act contracts. AB1492 considers that a landowner has "materially breached" the contract if both of the following conditions are met:

Government Code Section 51250

(1) A commercial, industrial, or residential building is constructed that is not allowed by this chapter or the contract, local uniform rules or ordinances consistent with the provisions of this chapter, and that is not related to an agricultural use or compatible use.

(2) The total area of all of the building or buildings likely causing the breach exceeds 2,500 square feet.

So what does all of this mean to you? What it means to you - the Williamson Act contract holder - is that you may not be able to place a temporary mobile home on your property if it is not specifically related to the agricultural use of that property. Approval of agriculturally related buildings will be dependent on its compatibility with the on-site agricultural use of the property and may be delayed until any questions of compatibility are resolved.

AB1492 includes very specific, and costly penalties to the landowners and the threat of financial penalty to the County should any breach of the contract be discovered and not eliminated. The monetary penalty to the landowner would be 25 percent of the unrestricted fair market value of the land rendered incompatible by the breach, plus 25 percent of the value of the incompatible building and any related improvements on the contracted land.

The Department of Planning and Community Development is actively working to assess the impacts of AB 1492 and, if needed, will be making recommendations regarding changes to the County Code and County's Uniform Rules for the Williamson Act. Staff is available to discuss AB 1492 in person or via phone at (209) 525-6330.

PHYSICIANS VERIFICATION FORM

TO: Patient's Physician
FROM: Stanislaus County Planning and Community Development
SUBJECT: Temporary Mobile Home Permit No. _____

Applicant's Name: _____

Patient's Name: _____

The above referenced patient has applied for a temporary mobile home permit pursuant to County Code Section 21.72.020(B). Temporary mobile home permits are allowed when necessary to provide supplemental housing for care of ill, infirm or aged members of the family who must have assistance with normal daily activities. Temporary mobile home permits are issued on a year-to-year basis. As such, it will be necessary for a physician to reaffirm the need for assistance each year in order for a renewal to be granted.

Examples of normal daily activities include, but are not limited to: bathing, cooking, dressing, and walking. Normal daily activities do not generally include activities such as yard work, shopping, assistance to doctor's visits, or emotional support. Age alone is not a factor in granting a permit. If the patient's need is temporary, the permit will be void at such time assistance is no longer needed.

The patient named above is under my care, and I have read the above information. In my professional opinion, the patient has a physical condition requiring assistance with normal daily activities. I declare under penalty of perjury under the laws of the State of California that, to the best of my knowledge, the foregoing statement is true and correct.
