

**INFORMATION SHEET
 WILLIAMSON ACT NOTICE OF NON-RENEWAL**

California Land Conservation Act of 1965, commonly referred to as the Williamson Act, is a tax relief measure for owners of farmland. When a contract is signed, it is good for a period of ten years. After the first year of that ten year period, one more year is automatically added to the term of the contract so that it is always valid for ten years. If you do nothing to stop this automatic addition of a year, the contract will go on indefinitely.

The only guaranteed way of stopping the automatic renewal provision is for either the property owner or the County to file a "Notice of Non-Renewal". The following is how to determine the contract expiration date upon filing of a "Notice of Non-Renewal":

Filing Date (all information based on the filing of a complete "Notice of Non-Renewal form)	Contract Expiration Year (all contracts expire on December 31 st of the contract year)
January 1 st - October 2 nd	add (9) nine years to the current year
October 3 rd - December 31 st	add (10) ten years to the current year

Once a notice is recorded, taxes will start to increase so that at the end of ten years, the taxes will be the same as if the property were never under contract. This increase is generally based on a formula that is part of State Law. Please contact the Assessor's Office at (209) 525-6461 for specific information of property taxes.
