\*(1) Fees described above that require a deposit and are charged at "actual cost" have a minimum charge associated with them. The deposit required is this minimum charge and is non-refundable\*. This DOES NOT include any necessary consultant costs for environmental review, specialized studies, financial consulting or any other expert consulting services potentially needed by the County for processing these applications. Monthly draws against the deposit will be made based on staff time and materials needed to process the applications. Staff costs and expenses for Planning, Public Works, and DER will be billed at fully burdened weighted labor rates as provided by the Auditors Office at the time of services rendered.

All additional staff time and expenses needed to complete the application processing that exceed the deposit amount will be charged at actual cost, including labor charged at the weighted labor rate. Invoices will be calculated on a quarterly basis and forwarded to the applicant for payment. If the deposit reaches a balance of 20% of the initial deposit or less, the Applicant will be asked to make a subsequent deposit in an amount dependent upon the amount of work left to complete on processing. Applicants will be expected to pay the subsequent deposit within 30 days of invoice date. In the event that the account is not paid within 30 days of the invoice date, processing will be suspended until such time that payment is made. Any remainder will be used to reconcile your final bill. If there is a balance remaining after reconciling the final bill, a refund check will be mailed to you. Public hearings will not be scheduled until payment in full is received.

\*(2) Applications for two or more actions (for example: Tentative Map and Exception ) will be charged the highest application fee, except applications for a Williamson Act Cancellation. For those applications for two or more actions that include an action that is charged at "actual cost" (for example: General Plan Amendment, Rezone, & Parcel Map) they will be charged the highest deposit amount as a minimum charge and deposit. The deposit is non-refundable\*. All additional staff time and expenses needed to complete the application processing that exceed the deposit amount will be charged at actual cost, including labor charged at the weighted labor rate per note #1 above. If a Lot Line Adjustment is included in a Combination Application, an additional \$695 will be required beyond the set fee or deposit amount in order to obtain a "Certificate of Compliance" from Public Works. Applications for a Williamson Act Cancellation shall pay a separate fee except when combined with an "actual cost" action.

\*(3) Department of Environmental Resources charges for Tentative Map Review reflect a minimum charge of 8 hours at a weighted labor rate of \$103.00 per hour. Additional time required for tentative map review will be charged at the same hourly rate.

\*(4) A General Plan Maintenance Fee will be charged for every Building Permit of \$1.28 per \$1,000 of improvement valuation. This fee will be collected with other Building Permit fees and will be calculated based on the total valuation of the improvement as determined through the normal Building Permit process.

\*(5) If your project falls within an Airport Planning Boundary, a separate application and fee will be required for the Airport Land Use Commission (ALUC). You will be required to contact the ALUC and submit an application for review. For information purposes only: Projects are identified by the ALUC as either "Major" or "Minor" and the ALUC has adopted the following project review fees as of November 2005: Major: \$1,200, Minor: \$225. An amendment to the ALUC Plan will be charged as "Actual Cost" with a deposit and minimum charge the same as a general plan amendment and appeal of a staff determination as reflected on the current Planning fee schedule. Applicants should check with the ALUC to verify application costs.

\*(6) Department of Public Works charges for Condition of Approval or Development Standards Modifications, Parcel Maps, and Use Permits reflect a minimum charge of 5 hours at a weighted labor rate of \$70.00 per hour. Additional time required for these types of request will be charged at the same hourly rate.

\*(7) Fees for the Departments of Public Works and the Department of Environmental Resources shall only apply when processing of the application(s) require referral to and/or action by the respective Departments.

\*(8) A 1% Administrative Cost Recovery Fee will be charged to Public Works, Department of Environmental Resources, and Clerk of the Board for fees collected during the Land Use Application process. An addition 2.5% fee will be charged for fees collected by credit card.

\* Fees may be refunded if the Planning Director, or his appointed designee, determines extraordinary circumstance warranting a refund exist.
