(1) Fees described above that require a deposit and are charged at "actual cost" have a minimum charge associated with them. The deposit required is the minimum charge and is non-refundable. This DOES NOT include any necessary consultant costs for environmental review, specialized studies, financial consulting or any other expert consulting services potentially needed by the County for processing these applications. Monthly draws against the deposit will be made based on staff time and materials needed to process the applications. Staff costs and expenses will be billed at fully burdened weighted labor rates at the time of services rendered

All additional staff time and expenses needed to complete the application processing that exceed the deposit amount will be charged at actual cost, including labor charged at the weighted labor rate. Invoices will be calculated on a quarterly basis and forwarded to the applicant for balance of payment. If the deposit reaches 20% of the initial deposit or less, the Applicant will be asked to make a subsequent deposit in an amount dependent upon the amount of work left to complete on processing. Applicants will be expected to pay the subsequent deposit within 30 days of invoice date. In the event that the account is not paid within 30 days of the invoice date, processing will be suspended until such time that payment is made. Any remainder will be used to reconcile the final bill. If there is a balance remaining after reconciling the final bill, a refund check will be mailed to applicant. Public hearings will not be scheduled until payment in full is received.

*(2) Department of Public Works charges for Condition of Approval or Development Standards Modifications, Parcel Maps, and Use Permits reflect a minimum charge of 5 hours at a weighted labor rate of \$90 per hour. Additional time required for these requests will be charged at \$95 per hour for construction engineering services, or \$105 per hour for plan checking/engineering services.

*(3) Fees described above that require a deposit and are charged at "actual cost". Staff costs and expenses will be billed at fully burdened weighted labor rates at the time of services rendered. Any deposit balance remaining at the completion of the project will be reimbursed to the applicant.

* Fees may be refunded if the Planning Director, or his appointed designee, determines extraordinary circumstance warranting a refund exists.
