**4. CONFLICT OF INTEREST DECLARATION**

NONE

**5. AGENDA ITEMS**

- a. Approval and Authorization of a Contract with Jacobs Engineering, Inc. for Professional Services for Preparation of the Project Approval and Environmental Document (PA&ED) Phase for the North County Corridor Transportation Expressway Project

- Authority Manager Matt Machado advised that this item was from the July 16, 2008 Special Meeting to allow the Directors more time to review the contract. He confirmed that no additional edits had been made to the contract.

- Director, Farrell Jackson asked for clarification on the funding for the project. Authority Manager, Matt Machado advised that the funding was from two sources: 4.9 million was from the PFF fund and available in the bank account and the 6.2 million would be from STIP money. However, was not in hand and would not be until the CTC takes action in August. Matt further advised that the contract is a Phased contract with a termination clause for termination in the event that funding did not go through.
- Director Farrell Jackson noted that he really liked the various termination clauses in the contract which protected all parties involved.
- Director Farrell Jackson then noted that the wording on the 1<sup>st</sup> page of the contract in section 1.1 “within city limits” were incorrect and should be removed. Authority Manager, Matt Machado agreed and confirmed the revision would be made. The contract was approved with the above-referenced edit and it was authorized that a contract with Jacobs Engineering, Inc. be executed for Professional Services for Preparation of the Project Approval and Environmental Document (PA&ED) Phase for the North County Corridor Transportation Expressway Project . **On motion of Farrell Jackson/Seconded by Chris Crifasi All in Favor – Jim Ridenour, Jeff Grover, William O’Brien.**
